It has come to Commission Staff's attention that several stakeholders are in the process of finalizing market design recommendations to the Commission.

To allow adequate time for review and consideration prior to the next work session, Commission Staff requests that any such proposals be filed in Project No. 52373 by 3 pm on September 30, 2021. **A bulleted, clearly-marked executive summary of the proposal should be submitted as a separate attachment** (i.e., the last page of the filing).

Interested parties should consider this memo to constitute Commissioner Guidance 3, and note that the **previously-contemplated deadline of October 7 has been changed to September 30**.
