Re: APPLICATION OF CRYSTAL SPRINGS WATER COMPANY, INC. TO AMEND ITS
CERTIFICATES OF CONVENIENCE AND NECESSITY IN MONTGOMERY COUNTY
DOCKET NO. 52440

Dear Public Utility Commission of Texas:

Per our recent conversations regarding severance of this Docket between water and the sewer CCNs, please find attached the TCEQ approval of the distribution system for the second phase of the development.

Please feel free to contact me if you require any additional information or if you have any questions regarding this submittal.

Sincerely,
WATERENGINEERS, INC.

Shelley Young

Dear Mr. Toland:

On May 9, 2022, the Texas Commission on Environmental Quality (TCEQ) received planning material with your letter dated May 6, 2022 for the proposed distribution system -Pine Rock Estates Section.1. Based on our review of the information submitted, the project generally meets the minimum requirements of Title 30 Texas Administrative Code (TAC) Chapter 290 - Rules and Regulations for Public Water Systems and is **approved for construction**.

The submittal consisted of 8 sheets of engineering drawings and technical specifications. The approved project consists of:

- 2,350 linear feet (lf) of 6-inch, American Water Works Association (AWWA) Standard C-900, dimension ratio (DR) 18 polyvinyl chloride (PVC) pipe;
- 400 lf of 3-inch, ASTM D2241, DR 26, PVC IPS pipe; and
- Associated valves, fittings, and appurtenances.

This approval is for the construction of the above listed items only. Any wastewater components contained in this design were not considered. The authorization provided in this letter does not relieve a Public Water System from the need to comply with other applicable state and federal regulations.

The White Rock Water Plant 1 public water supply system provides water treatment.

The project is located 4 miles northeast from the intersection of Farm to Market Road 2090 and Farm to Market Road 3083 in Montgomery County, Texas.

An appointed engineer must notify the TCEQ's Region 12 Office in Houston at (713) 767-3500 when construction will start. Please keep in mind that upon completion of the water works project, the engineer or owner will notify the commission's Water Supply Division, in writing, as to its completion and attest to the fact that the completed work is substantially in accordance with the plans and change orders on file with the commission as required in 30 TAC §290.39(h)(3).

Mr. Stephen Toland, P.E

Please refer to the Plan Review Team's Log No. **P-05092022-079** in all correspondence for this project.

Please complete a copy of the most current Public Water System Plan Review Submittal form for any future submittals to TCEQ. Every blank on the form must be completed to minimize any delays in the review of your project. The document is available on TCEQ's website at the address shown below. You can also download the most current plan submittal checklists and forms from the same address.

<https://www.tceq.texas.gov/drinkingwater/udpubs.html>

For future reference, you can review part of the Plan Review Team's database to see if we have received your project. This is available on TCEQ's website at the following address:

<https://www.tceq.texas.gov/drinkingwater/planrev.html/#status>

You can download the latest revision of 30 TAC Chapter 290 - Rules and Regulations for Public Water Systems from this site.

If you have any questions concerning this letter or need further assistance, please contact Ms. Nancy Benavides at (512)239-6251 or by email at Nancy.Benavides@tceq.texas.gov or by correspondence at the following address:
