COMMISSION STAFF’S PROPOSED PROCEDURAL SCHEDULE

On August 20, 2021, Skyline Drive Landowners Association (SDLA) filed an application to amend its water Certificate of Convenience and Necessity (CCN) No. 12479 by decertifying a portion of the service area in Johnson County. SDLA filed supplemental information on September 15, 2021 and September 21, 2021. In the latter filing, SDLA clarified its intent that it is only requesting to decertify a portion of its water CCN. The requested service area for decertification consists of approximately 22 acres and zero existing customer connections. On January 13, 2022, the administrative law judge (ALJ) filed Order No. 8, abating the proceeding until SDLA made a decision on how to proceed on an issue with the name in which original certificate was granted based on the ownership structure of SDLA. On April 7, 2022, SDLA requested a good cause exception to any requirement for SDLA to provide complete proof of ownership of the SDLA water system. SDLA also requested that the final certificate in this docket be issued in the name of Skyline Drive Landowners Association Water System. On April 18, 2022, the Staff (Staff) of the Public Utility Commission of Texas (Commission) filed a request to lift the abatement and recommended the good cause exception be granted, that the certificate in this docket be issued in the name of Skyline Drive Landowners Association Water System, and the docket be restyled to reflect that name.

On May 12, 2022, the administrative law judge (ALJ) filed Corrected Order No. 8, lifting the abatement, granting SDLA’s requests for a good cause exception and to have the certificate in this docket be issued in the name of Skyline Drive Landowners Association Water System, as well as Staff’s request to restyle the docket, and establishing a deadline of May 24, 2022 for Staff to propose a procedural schedule for further processing of this matter. Additionally, the ALJ also established a deadline of May 20, 2022 for Staff and SDLA to file copy of the existing version of the certificate for CCN No. 12479. Therefore, this pleading is timely filed.

I. PROPOSED PROCEDURAL SCHEDULE

In regard to the request for the certificate, Staff respectfully apologizes for not including the certificate as an attachment in its filing on April 18, 2022. The existing version of the certificate for CCN No. 12479 is attached to this pleading. For further processing of this docket, Staff proposes the following procedural schedule:

Event	Date
Deadline for Staff to provide final maps, certificates, and tariffs (if applicable) to Skyline Drive Landowners for review and consent	May 20, 2022
Deadline for Skyline Drive Landowners to file signed consent form with the Commission	May 27, 2022
If no hearing is requested, deadline for Staff to file a final recommendation on the application	June 6, 2022
If no hearing is requested, deadline for parties to file joint proposed findings of fact, conclusions of law, and ordering paragraphs	June 20, 2022

II. CONCLUSION

For the reasons detailed above, Staff respectfully requests the entry of an order adopting the procedural schedule proposed above.

Dated: May 13, 2022

Respectfully submitted,
