JOINT REQUEST FOR EXTENSION

On August 20, 2021, Skyline Drive Landowners Association Water System (SDLA) filed an application with the Public Utility Commission of Texas (Commission) to amend its water Certificate of Convenience and Necessity (CCN) No. 12479 by decertifying a portion of the service area in Johnson County. SDLA filed supplemental information on September 15, 2021 and September 21, 2021. In the latter filing, SDLA clarified its intent that it is only requesting to decertify a portion of its water CCN. The requested service area for decertification consists of approximately 22 acres and zero existing customer connections.

On May 17, 2022, Commission Counsel filed a memorandum, establishing a deadline of September 27, 2022 for SDLA and Commission Staff (Staff) (collectively, the Parties) to identify the location in the evidentiary record of the proof of individual notice to all landowners in the certificated area that SDLA seeks to decertify or, if evidence in the record does not reflect that individual notice was provided to all landowners, for the Parties to seek the admission of evidence of the required notice. Therefore, this pleading is timely filed.

I. REQUEST FOR EXTENSION

Under 16 TAC § 22.4(b), parties may request that the time allowed for filing any documents be extended for good cause. The Parties note that the record does not include proof of notice to all landowners in the certificated area that SDLA seeks to decertify. The Parties, however, require additional time to respond to the memorandum and provide and seek the admission of additional evidence on this notice requirement. Accordingly, the Parties respectfully request an extension until October 6, 2022 to fully respond to the memorandum. The Parties note that the proposed order has been placed on the draft agenda for the Open Meeting set for October 6, 2022 and understand that this extension request will delay the final order to be given in this docket.

II. CONCLUSION

The Parties respectfully request the entry of an order extending the deadline to fully respond to Commission Counsel's memorandum to October 6, 2022.

Dated: September 26, 2022

Respectfully submitted,
