**JOINT REQUEST FOR EXTENSION**

On August 20, 2021, Skyline Drive Landowners Association Water System (SDLA) filed an application with the Public Utility Commission of Texas (Commission) to amend its water Certificate of Convenience and Necessity (CCN) No. 12479 by decertifying a portion of the service area in Johnson County. SDLA filed supplemental information on September 15, 2021 and September 21, 2021. In the latter filing, SDLA clarified its intent that it is only requesting to decertify a portion of its water CCN. The requested service area for decertification consists of approximately 22 acres and zero existing customer connections.

On September 21, 2022, Commission Counsel filed a memorandum, establishing a deadline of September 27, 2022 for SDLA and Commission Staff (Staff) (collectively, the Parties) to identify the location in the evidentiary record of the proof of individual notice to all landowners in the certificated area that SDLA seeks to decertify or, if evidence in the record does not reflect that individual notice was provided to all landowners, for the Parties to seek the admission of evidence of the required notice. On September 27, 2022 Commission Counsel filed a memorandum extending the deadline to October 6, 2022. Therefore, this pleading is timely filed.

**I. REQUEST FOR EXTENSION**

Under 16 TAC § 22.4(b), parties may request that the time allowed for filing any documents be extended for good cause. The Parties are still conferring on a response to the evidentiary issue and require additional time to provide and seek the admission of additional evidence on this notice requirement. Accordingly, the Parties respectfully request an extension until October 19, 2022. The Parties understand that this extension request will continue to delay the final order to be given in this docket.

## II. CONCLUSION

The Parties respectfully request the entry of an order extending the deadline to fully respond to Commission Counsel's memorandum to October 19, 2022.

Dated: October 5, 2022

Respectfully submitted,
