Subject Docket NO. 52455

Dear Commissioners:

My wife and I are the property owners at 1723 L. R. Campbell Rd. Some of the routing that is proposed in the Oncor Application is highly objectionable to us. Specifically any route that contains segment "B". That segment would either go over or at the very least obstruct the visual view from our back deck. This house was built with the beauty and view of the lake and surround landscape in mind which would not include a 345 KV line or the galvanized steel towers. The routes in question per the Oncor document are labeled as route 2, 3, 5, 7, 13, 14, 17, 18, 19, 21, 22, 24, and 25.

Thanks in advance for your time, troubles, and efforts. If you require additional information please do not hesitate to call or email.

Sincerely

A handwritten signature in black ink that reads "Edwin Ramey". The signature is written in a cursive, flowing style.
