**SOAH DOCKET NO. 473-22-1073
PUC DOCKET NO. 52485**

APPLICATION OF SOUTHWESTERN	§	BEFORE THE STATE OFFICE
PUBLIC SERVICE COMPANY TO	§	
AMEND ITS CERTIFICATE OF	§	
CONVENIENCE AND NECESSITY TO	§	OF
CONVERT HARRINGTON	§	
GENERATING STATION FROM COAL	§	
TO NATURAL GAS	§	ADMINISTRATIVE HEARINGS

**CONFIDENTIALITY STATEMENT UNDER
SECTION 4 OF THE PROTECTIVE ORDER**

The undersigned attorney for Southwestern Public Service Company (“SPS” or the “Company”) submits this statement under Section 4 of the protective order entered in this case and has reviewed the information provided in SPS’s response to Sierra Club’s sixth set of RFIs sufficiently to state in good faith that the information is exempt from disclosure under the Texas Public Information Act (“PIA”) and merits the Highly Sensitive or Protected Materials designation.

In response to Sierra Club RFI 6-6, SPS provided confidential trade secret information in the following exhibits: Exhibit SPS-SC 6-6(A)(V)(CONF)(USB), which includes cost modelling data and excel files. The information provided in these responses is not publicly available and is the proprietary, trade secret information of SPS. The information is protected under Section 552.110(b) of the PIA because the information explicitly meets the definition of “trade secret.”¹ That definition includes “scientific, technical, economic, or engineering information, and any formula, design, prototype, pattern, plan, compilation, program device, program, code, device, method, technique, process, procedure, financial data” such as the information described above. Moreover, the information is a trade secret because (1) SPS has taken reasonable measures under

¹ Tex. Gov’t Code Ann § 552.110(a).

the circumstances to keep the information secret and (2) the information derives independent economic value, actual or potential, from not being generally known to, and not being readily ascertainable through proper means by, another person who can obtain economic value from the disclosure or use of the information.²

Moreover, the material contains commercially sensitive information, and could be used by competitors to gain an advantage or replicate SPS analyses and processes for their own purposes. Public release of the information, therefore, would cause substantial competitive harm to SPS and third parties that are not parties to this proceeding. The information is therefore exempt from disclosure under Section 552.110(c) of the PIA.

Respectfully Submitted,

Mark A. Santos
