**ORDER NO. 33
ESTABLISHING DEADLINE FOR ADDITIONAL ITEMS IN ORDER NO. 32**

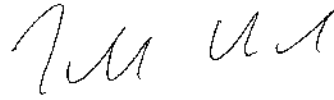

On February 22, 2023, Undine, LLC filed its clarification responsive to Order No. 32 regarding notice. Specifically, Undine requests good cause to waive the notice requirements in 16 Texas Administrative Code (TAC) § 24.245(d)(2)(A) because such notice was not required at the time the application was filed; notice, revised notice, and supplemental notice has already been recommended for approval and approved; the transaction has already closed and assets transferred in accordance with the order approving the sale and transfer to proceed; additional notice may undo the transaction; and ultimately, further notice would not impact the outcome of this case. Undine represents that Commission Staff is not opposed to its request for waiver of the above notice requirements.

The administrative law judge will address the request in a subsequent order.

As a part of Order No. 32, the parties were also required to file a corrected certificate of convenience and necessity for Undine and move for additional items to be admitted into the record. Undine states that they are working with Commission Staff to address the remaining items. Accordingly, on or before May 17, 2024, the parties must file the additional items described in Order No. 32.

Signed at Austin, Texas the 25th day of April 2024.
