**ORDER NO. 11
REQUIRING FILING**

This Order addresses Commission Staff's July 14, 2022 status update regarding this proceeding.

Commission Staff states that this application was filed under Texas Water Code (TWC) § 13.301 and 16 Texas Administrative Code (TAC) § 24.239. However, unlike previous sale, transfer, or merger applications in which an acquiring utility was required to maintain the same rates of the acquired utility, applicants used a new statute, TWC § 13.3011, to request new rates that are currently in force for another water system that Undine owns and operates. Commission Staff states that Undine has a number of similar applications pending and, at Undine's request, has been prioritizing its review of Docket No. 52797,¹ which docket will be used as a model for resolution of other similar pending dockets, including this case. Commission Staff proposes a deadline to either file another joint status report or request for a hearing, or a recommendation on the administrative completeness of the application and approval of the sale.

Accordingly, by July 29, 2022, Commission Staff must file either a joint status report, a request for a hearing or a recommendation on the administrative completeness of the application and approval of the sale.
