WATER CCN NO. 10150 HELD BY	§	OF TEXAS
MARILEE SPECIAL UTILITY	§	
DISTRICT IN COLLIN COUNTY	§	
	§	

MARILEE SPECIAL UTILITY DISTRICT’S VERIFIED RESPONSE TO PETITION OF ELAND ENERGY, INC. TO AMEND CERTIFICATE OF CONVENIENCE AND NECESSITY IN COLLIN COUNTY BY EXPEDITED RELEASE

TO THE HONORABLE ADMINISTRATIVE LAW JUDGE TA:

COMES NOW, MARILEE SPECIAL UTILITY DISTRICT (the “District”) and files this Verified Response (“Response”) to Eland Energy Inc.’s (“Petitioner”) Petition for Expedited Release Pursuant to Texas Water Code Section 13.2541 (“Petition”), filed in this docket, and respectfully shows as follows:

I. BACKGROUND

1. On September 28, 2021, Petitioner filed its Petition for streamlined expedited release seeking to use the streamlined expedited release process found in Texas Water Code (“TWC”) § 13.2541 and 16 Texas Administrative Code (“TAC”) § 24.245(h) to extract approximately 49.07 acres from the water utility service area the District serves under Certificate of Convenience and Necessity (“CCN”) No. 10150 in Collin County, Texas.¹ The Petition alleges that the property is greater than 25 acres, is not receiving water or sewer service, and is entirely within Collin County.²

2. On October 6, 2021, the Honorable Administrative Law Judge (“ALJ”) Ta entered Order No. 1, requiring Staff for the Public Utility Commission (the “Commission”) to file comments regarding the administrative completeness of the Petition and notice by October 28,

¹ Petition by Eland Energy Inc. for Expedited Release Pursuant to Texas Water Code Section 13.2541 (Sept. 28, 2021).

2021, and permitting the CCN holder to file a verified response, supported by notarized affidavit, by November 5, 2021.³

3. On October 12, 2021, the District filed a Motion to Intervene, which was granted on October 25, 2021.⁴

4. On October 29, 2021, the ALJ ordered that the Petition was administratively incomplete, based on Commission Staff's recommendation, and gave Petitioner a deadline of November 12, 2021, to cure the deficiencies and the Commission Staff a deadline of December 10, 2021, to file a supplemental recommendation on the sufficiency of the petition.⁵

5. On November 9, 2021, Petitioner filed maps to supplement the Petition.⁶

6. On December 13, 2021, the ALJ entered Order No. 4, finding the Petition administratively complete and notice sufficient, based on Commission Staff's recommendation, and establishing a procedural schedule.⁷

7. Order No. 4 established a deadline of January 3, 2022, for the District to file its Response.⁸ The District's Response is timely filed.

II. RESPONSE

A. **Petitioner Has Not Met Petitioner's Burden of Proof Under TWC § 13.2541 and 16 TAC § 24.245(h).**

8. The District is a retail public utility and political subdivision of the State of Texas and the holder of CCN No. 10150. The District currently provides retail water service to approximately 2,592 active connections.

9. Petitioner is Eland Energy Inc., a Texas corporation.

³ Order No. 1 – Requiring Comments on Administrative Completeness, Notice, and Other Matters, and Establishing Procedural Schedule (Oct. 6, 2021).

⁴ Marilee Special Utility District's Motion to Intervene (Oct. 12, 2021); Order No. 2 – Granting Intervention (Oct. 25, 2021).

⁵ Order No. 3 – Finding Petition Administratively Incomplete and Notice Sufficient and Establishing Deadlines (Oct. 29, 2021).

⁶ Letter filing updated high-resolution and/or full-sized maps (Nov. 9, 2021).

10. Petitioner has requested that the Commission decertify the Property from the District's CCN 10150 through streamlined expedited release, the statutory mechanism found in TWC § 13.2541 and 16 TAC § 24.245(h). Streamlined expedited release was created in 2019 to be a simplified offshoot of expedited release that better codified the way CCN holders should be compensated for property decertified from their CCN service area.⁹ The statutory mechanism allows landowners who meet those criteria to decertify their property from the service area of the CCN holder, depriving the CCN holder of the opportunity to serve that landowner's property.

11. To obtain the release of property under TWC § 13.2541, Petitioner must demonstrate with affirmative evidence in a verified petition that the landowner owns a tract of land that is at least 25 acres, that the tract of land is located in a qualifying county, and that the tract of land is not receiving "service" of the type that the current CCN holder is authorized to provide under the applicable CCN.¹⁰

12. In the "Definitions" section, the TWC broadly defines "service" as:

any act performed, anything furnished or supplied, and any facilities or lines committed or used by a retail public utility in the performance of its duties...to its patrons, employees, other retail public utilities, and the public, as well as the interchange of facilities between two or more retail public utilities."¹¹

13. Based on the statutory definition of "service," whether or not a tract is receiving "service" is not dependent on whether water or sewer is being used or has been requested on the tract. Instead, a tract is "receiving" water or sewer service if either of the following conditions are met:

- Any facilities or lines are committed or used in the performance of the CCN holder's duties as a retail public utility providing service to the property; or
- Any lines are committed or used in the performance of the CCN holder's duties as a retail public utility.¹²

⁹ See, e.g., Acts 2019, 86th Leg., R.S., Ch. 688, General and Special Laws of Texas (enrolled bill to be codified at TWC § 13.2541). The policies considered by the legislature regarding the substance of both TWC §§ 13.254 and 13.2541 are best reflected by the legislative history for TWC § 13.254, which was enacted in 2005 in House Bill 2876.

¹⁰ TWC § 13.2541(b).

¹¹ TWC § 13.002(21); see also 16 TAC § 24.3(33) (same definition).

¹² See *id.*; see also *Tex. Gen. Land Office v. Crystal Clear Water Supply Corp.*, 449 S.W.3d 130, 137 (Tex. App.—Austin 2014, pet. denied).

14. The inquiry into whether a tract is “receiving service” requires the Commission to consider any lines or “facilities” committed to providing water to the tract of land. As defined by the TWC, “Facilities” include:

all the plant and equipment of a retail public utility, including all tangible and intangible real and personal property without limitation, and any and all means and instrumentalities in any manner owned, operated, leased, licensed, used, controlled, furnished, or supplied for, by, or in connection with the business of any retail public utility.¹³

15. The TWC’s definitions of “service” and “facilities” have been analyzed by Texas courts in proceedings brought pursuant to TWC § 13.2541 and 16 TAC § 16.245(h). The Austin Court of Appeals has held, for example, that when water lines are present within a tract and “committed” to the property, the tract is “receiving service,” and a petition for streamlined expedited release under TWC § 13.2541 may not be granted.¹⁴

16. Petitioner, not the District, bears the burden to prove that the area requested to be decertified is not receiving service.¹⁵ The Commission’s substantive rules, specifically 16 TAC § 24.245(h)(3)(D), provide that Petitioner must provide a “statement of facts that demonstrate that the property is not currently receiving service” as a required part of the verified petition.¹⁶

17. The verified “statement of facts” that Petitioner must show to meet its burden under 16 TAC § 24.245(h) is reflected in *Johnson County Special Utility District v. Public Utility Comm’n of Texas*.¹⁷ There, a land broker filed an affidavit swearing that he searched the property for several hours and found no district water meters or facilities, only “two shuttered ground well heads” and a “small, elevated water storage tank . . . implying that any dwelling on the [p]roperty

¹³ TWC § 13.002(9).

¹⁴ *Crystal Clear*, 449 S.W.3d at 140.

¹⁵ The fact that Petitioner must satisfy its burden of proof is important to note because, as streamlined-expedited-release cases are not “contested cases” and the District thus has no right to discovery or to an evidentiary hearing as to whether the District has “facilities” that provide or are capable of providing “service” to the property in question. *See* 16 TAC § 24.245(h)(7) (“The commission will base its decision on the information filed by the landowner, the current CCN holder, and commission staff. No hearing will be held.”).

¹⁶ 16 TAC § 24.245(h)(3)(D).

¹⁷ No. 03-17-00160-CV, 2018 WL 2170259 (Tex. App—Austin May 11, 2018, pet. denied) (mem. op.).

required that water pressure be generated locally and not from a retail water utility service provider.”¹⁸ The Commission, based on this un rebutted recitation of facts, properly found that no part of the property requested to be extracted had received water service since at least 2005.¹⁹

18. The “statement of facts” that Petitioner must show in its verified petition to meet its burden under 16 TAC § 24.245(h) is also reflected in *Crystal Clear*. Petitioner in that case, the Texas General Land Office, supported the contention that the area requested to be decertified was not receiving water service by explaining that there were “no active water meters or water connections on and no facilities providing current service” and that there was “one abandoned, empty meter box on the eastern portion of the property, which Crystal Clear itself classifies as inoperative.”²⁰

19. In this case, Petitioner has not set out facts similar to that in *Johnson County* case or *Crystal Clear*.²¹ Petitioner has offered no statement of facts, but only a conclusory one-page affidavit claiming, without support, that the Property does not receive “service” from the District.²² Petitioner has not provided any information regarding an investigation of the tract it seeks to have decertified. Accordingly, Petitioner has not set out a “statement of facts” to establish that the Property is not receiving water service, as defined by the TWC, and thus has not satisfied its burden of proof under TWC § 13.2541 and 16 TAC § 24.245(h)(3)(D).

20. The District is currently defending against the decertification of 22 tracts of land in its service area, representing a total acreage of approximately 4,839,011 acres.²³ The petitions in

¹⁸ *Id.* at **6-7.

¹⁹ *Id.* at **9-10 (citing Commission’s Finding of Fact No. 24).

²⁰ *Crystal Clear*, 449 S.W.3d at 134.

²¹ The same argument applies to the First Amended Petition which is not supported by a verified “statement of facts”, but the nearly identical one-page affidavit.

²² See Petition at Exhibit A-1 (Affidavit of Gregg Allen) at ¶ 3 (“The Requested Area is not receiving water or sewer service from Marilee SUD or any other water or sewer service provider. The Requested Area has not requested water or sewer service from Marilee SUD or paid any fees or charges to initiate or maintain water or sewer service, and there are no billing records or other documents indicating an existing account for the Requested Area.”). The District objects to the fact that Mr. Allen seems to have signed his affidavit on behalf of ALR General LC and Central Frisco, Ltd., neither of which entity are a party to this proceeding. See *id.* at 2 (providing three entities as signatories).

²³ In addition to this case, the District is the CCN holder in 21 other streamlined decertification cases currently before the Commission. See *Petition of Sterling Deason O’Donnell and Darwin Deason, Co-Trustees of the Sterling Deason O’Donnell DD 2012 Trust Under Agreement of the DD 2014-B Grantor Retained Annuity Trust to Amend Marilee Special Utility District’s Certificate of Convenience and Necessity in Collin County by Expedited Release*, Docket No. 50404 (pending); *Petition of CCD-North Sky, LLC to Amend Marilee Special Utility District’s Certificate of Convenience and Necessity in Collin County by Expedited Release*, Docket No. 52101 (pending); *Petition of Celina*

most of the 22 dockets are supported by conclusory, barebones affidavits like that provided in this case.

21. The District respectfully submits that it is inequitable and procedurally improper for the District to have to affirmatively prove, via verified response, that each of the properties, including the Property in this case, is receiving or is capable of readily receiving water service from the District. Rather, the Petitioner should be held to the burden of proof under 16 TAC § 24.245(h)(3)(D) to set out a verified statement of facts proving that the requested area is not receiving service before the Petition may be granted.

22. Petitioner has not met its burden of proof to decertify the Property under TWC § 13.2541 and 16 TAC § 24.245(h)(3)(D) because Petitioner has not provided the required verified “statement of facts.” Accordingly, the District respectfully requests that the Petition be denied

because it presents insufficient facts to prove that it is not receiving service from the District under TWC § 13.2541, 16 TAC § 24.245(h)(3)(D), and Texas law.

B. The District Is Capable of Providing Water Service to the Property.

23. As described in the previous section, the TWC and Texas cases, like *Crystal Clear*, define “water service” broadly. Marilee’s General Manager, Donna Loiselle, and engineer of record, DBI Engineers, are familiar with the Property, and the District’s service to the Property. Ms. Loiselle has provided an affidavit, attached hereto as “**Exhibit A**” to provide details about the service capable of being provided to the Property. Eddy Daniel, engineer for DBI Engineers, has provided an affidavit, attached hereto as “**Exhibit B**” to map the Property and the waterlines surrounding it and dedicated to serving the Property, if such service was requested.

24. The District maintains the following facilities to provide water service to the property:

- A 4” waterline, near the north side of the Property; and
- A 4” waterline, near the east side of the Property.²⁴

25. The District’s engineer has stated that in his “professional opinion, Marilee provides and has the ability and facilities dedicated to provide water service to the Property if requested.”²⁵

C. Decertifying the Requested Area Will Curtail and Limit the District’s Ability to Service Its Federal Debt.

26. Pursuant to the Consolidated Farm and Rural Development Act of 1961 and 7 U.S. Code § 1926, the United States Department of Agriculture (“USDA”) may make or insure loans to associations and public and quasi-public agencies. In order to protect a USDA debtor’s ability to service its debt, it is prohibited by federal law to “curtail or limit” the service area of a USDA debtor. The statute provides:

The service provided or made available through any such association shall not be curtailed or limited by inclusion of the area

²⁴ See Exhibit A (Affidavit of Donna Loiselle) at ¶ 3; Exhibit B (Affidavit of Eddy Daniel) at ¶ 5.

²⁵ Exhibit B (Affidavit of Eddy Daniel) at ¶ 6.

served by such association within the boundaries of any municipal corporation or other public body, or by the granting of any private franchise for similar service within such area during the term of such loan; nor shall the happening of any such event be the basis of requiring such association to secure any franchise, license, or permit as a condition to continuing to serve the area served by the association at the time of the occurrence of such event.²⁶

27. To be eligible for protection under § 1926(b), the District must show, in addition to federal indebtedness, that it satisfies the “physical abilities” test, as adopted by the U.S. Court of Appeals for the Fifth Circuit, sitting en banc in *Green Valley Special Utility District v. City of Schertz*.²⁷ Judge Smith, writing for the majority, characterized the “physical abilities” test broadly:

To make the test easy to apply to both water and sewer service, we hold that a utility must show that it has (1) adequate facilities to provide service to the area within a reasonable time after a request for service is made and (2) the legal right to provide service. A utility cannot satisfy that test if it has no nearby infrastructure. But ‘pipes in the ground’ is a colloquial shorthand, not a strict requirement.²⁸

28. The en banc court in *Green Valley* cited with approval precedent from the U.S. Court of Appeals for the Sixth Circuit stating that, to satisfy the “physical abilities” test, the utility must have “something in place to merit § 1926(b)’s protection.”²⁹ The Court further explained the broad interpretation, “[s]ervice may be ‘available’ even if it cannot be immediately used. No water or sewer utility can make service immediately available to rural, undeveloped land; providing such service involves building or installing facilities, which necessarily takes time to accomplish.”³⁰

29. Under *Green Valley*, a federally indebted CCN holder has an equitable cause of action for prospective injunctive relief, preventing ongoing or future limitation or curtailment of its service area by the Commissioners.

30. The District is now consolidated with Mustang Special Utility District (“Mustang SUD”) (together with the District, the “Consolidated District”), in accordance with TWC Chapter

²⁶ 7 U.S.C § 1926(b).

²⁷ 969 F.3d 460 (5th Cir. 2020) (en banc).

²⁸ *Id.* at 477.

65, Subchapter H.³¹ Voters within the two districts passed measures consolidating the districts on November 2, 2021 and the elections have been canvassed.³² The two districts are now in the 90-day statutory period required to settle the affairs of the districts.³³

31. Prior to consolidation with the District, Mustang SUD was already indebted to the United States of America Department of Agriculture, Rural Utilities Service, which purchased bonds from Mustang SUD in 2016, in the amount of \$2,442,000 and 2018, in the amount of \$1,000,000 (collectively, the “Bonds”).³⁴ The District assumed Mustang SUD’s federal indebtedness when the District and Mustang SUD were consolidated.³⁵

32. On July 12, 2021, the District received approval from the USDA for a Water and Wastewater Guaranteed loan of \$1,553,000.³⁶ The District has not closed on the USDA loan, but is working diligently to do so.

33. As the Consolidated District is federally indebted, and with the scheduled closing of the USDA loan approaching, equity favors granting the District protection from the limiting or curtailment of its service area.

D. Alternatively, the District Must Be Compensated if the Petition is Granted.

34. The Petition should be dismissed for the reasons the District has given; however, if the Commission does decertify the Property and reduce the District’s CCN No. 10150, the District is entitled to a determination of just and adequate compensation.

35. The TWC prohibits a retail public utility from “in any way render[ing] retail water or sewer service directly or indirectly to the public in an area that has been decertified ... unless just and adequate compensation ... has been paid to the decertified retail public utility,” in this case, the District.³⁷ Under the TWC and the Commission’s implementing regulations, “the value

of real property owned and utilized by the retail public utility for its facilities shall be determined according to the standards set forth in Chapter 21, Property Code, governing actions in eminent domain,”³⁸ and the value of personal property shall be determined according to the factors in that subsection. The factors ensuring that the compensation to a retail public utility is just and adequate shall include:

The amount of the retail public utility’s debt allocable for service to the area in question; the value of the service facilities of the retail public utility located within the area in question; the amount of any expenditures for planning, design, or construction of service facilities that are allocable to service to the area in question; the amount of the retail public utility’s contractual obligations allocable to the area in question; any demonstrated impairment of service or increase of cost to consumers of the retail public utility remaining after the decertification; the impact on future revenues lost from existing customers; necessary and reasonable legal expenses and professional fees; and other relevant factors.³⁹

36. If the Property is removed from the District’s CCN No. 10150, the District is entitled to compensation under several of these factors including, but not limited to, the amount of its debt allocable for service to the area; the amount of any expenditures for planning, design, or construction of service facilities that are allocable to service to the area in question; the costs of obtaining permits, planning, design, and construction of facilities, and the necessary and reasonable legal expenses and professional fees that are incurred as a result of the Petition.

III. PRAYER

WHEREFORE, PREMISES CONSIDERED, the District respectfully requests that the ALJ enter a Proposed Order denying the Petition because Petitioner has failed to satisfy its burden of proof under TWC § 13.2541, 16 TAC § 24.245(h), and Texas state law because Petitioner has not set out the required verified “statement of facts” establishing that the Property is not receiving water service from the District; because the District has the facilities dedicated to provide water

service to the Property requested; and because the federally indebted Consolidated District is protected from limitation or curtailment of its service area under 7 U.S.C. § 1926(b). Alternatively, if the ALJ proposes that the Petition be granted, the District seeks just and adequate compensation for the reduction of its CCN No. 10150. The District also seeks all other and further relief to which it may be justly entitled at law or in equity.

SUPPORTING AFFIDAVIT OF DONNA LOISELLE,
GENERAL MANAGER OF MARILEE SPECIAL UTILITY DISTRICT

STATE OF TEXAS §
§
COUNTY OF COLLIN §

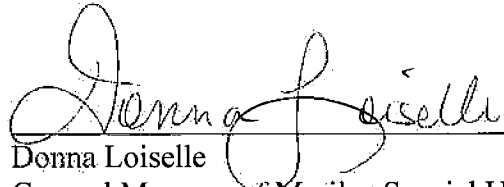

BEFORE ME, the undersigned authority, on this date personally appeared Donna Loisel, who being by me first duly sworn, on her oath deposed and testified as follows:

1. “My name is Donna Loisel. I am more than 18 years of age and I am of sound mind and qualified to make this affidavit. I have personal knowledge of all facts stated herein.
2. “Since 1996, I have been the duly appointed General Manager of Marilee Special Utility District (“District”).
3. “The District maintains a 4” waterline that is approximately 800 feet from the north and east boundaries of the 49.07 acres of Property (“Property”) sought to be decertified in this proceeding from the District’s water certificate of convenience and necessity (“CCN”) No. 10150. The District’s waterlines near the Property are accurately reflected in Exhibit B-1 to the affidavit of the District’s engineer.
4. “On February 11, 2021, the District’s Board of Directors authorized me, as the District’s General Manager, to prepare and submit application documents as needed to Live Oak Banking Company (“Live Oak”) in an effort to secure funding for construction of a 300,000-gallon water tank.
5. “Live Oak sent a commitment letter to the District’s Board on April 13, 2021, committing to provide the District with a \$1,553,000 loan through the United States Department of Agriculture (“USDA”) Water and Environmental Guaranteed Loan Program. A true and correct copy of that letter is attached to this affidavit as Exhibit A-1.
6. “The USDA sent correspondence to me, dated July 19, 2021, stating that USDA Rural Development approved the Loan on July 12, 2021. A true and correct copy of that letter is attached to this affidavit as Exhibit A-2.
7. “On November 2, 2021, an election was held in Collin County on a proposition to authorize the District to consolidate with Mustang Special Utility District (“Mustang”). On the same day, an election was held in Mustang on a proposition to authorize Mustang to consolidate

with the District. A true and correct copy of the District's proposition as it appeared on the Collin County ballot is attached hereto as Exhibit A-3. A true and correct copy of Mustang's proposition as it appeared on the ballot is attached as Exhibit C-1 to the affidavit of Chris Boyd, Mustang's manager.

8. "The elections resulted in the Mustang's and the District's voters approving consolidation of Mustang with the District, authorizing the consolidated district to be named Mustang Special Utility District (the "Consolidated District"), and authorizing each district to assume the other district's bonds, notes, and other obligations. A true and correct copy of the District's election results in Collin County is attached hereto as Exhibit A-4. A true and correct copy of Mustang's election results is attached as Exhibit C-2 to the affidavit of Chris Boyd, Mustang's manager.
9. "I am authorized to make this affidavit on behalf of the District in Docket 52653 in support of its response to Eland Energy Inc.'s ("Petitioner") request to remove 49.07 acres of Property from areas for which the District holds water certificate of convenience and necessity ("CCN") No. 10150.

FURTHER, AFFIANT SAYETH NOT.

LOAN COMMITMENT LETTER

April 13, 2021

Board of Directors
Marilee Special Utility District
230 W. Pecan Street
Celina, TX 75009

Dear Board of Directors:

Live Oak Banking Company dba Live Oak Bank ("Live Oak") is pleased to commit to provide Marilee Special Utility District (Borrower), a credit facility (Loan) in the principal amount of \$1,553,000 through the USDA Water and Environmental Guaranteed Loan Program. The following credit facility described is subject to all the terms and conditions contained herein, provided there has been no material adverse change in Borrower's financial condition as determined by the Bank.

Borrower: Marilee Special Utility District

Borrowing Amount: \$1,553,000; funded under USDA Water and Environmental Program Guaranteed term loan

Purpose: To provide funds to finance a new 300,000-gallon elevated storage tank; related soft costs and closing costs.

Construction Phase

Interest Rate: The loan will have an interest rate that is adjusted quarterly during the construction phase based on Wall Street Journal Prime plus 2.00% at the time of closing. If the loan were to close today, the fully indexed rate would be 5.25%. The interest rate will continue to adjust quarterly at the then current index plus applicable spread until the loan is converted to the permanent phase.

Floor Rate: 5.00%

Repayment: Interest only during the construction phase up to a maximum of 12 months.

Prepayment Penalty: A 10% penalty will be applied on any amount prepaid prior to conversion to the permanent phase.

Construction Origination Fee: 1% of the total loan amount

Permanent Phase

Interest Rate: The loan will have an interest rate that fixed for fifteen years based on the Fifteen-Year LIBOR (or similar index if that index becomes unavailable) plus 3.75%, adjusting at the end of the initial fixed rate period based on the then current index (or index equivalent) plus the original spread. If the loan were to close today, the fully indexed rate would be 5.71%.

Repayment: 348 regular monthly payments (29 years) of principal and interest payments. If the loan were to fund today, the monthly payments of principal and interest would be \$9,225.

Prepayment Penalty: There will be a sliding prepayment allowed over the life of the proposed loan request (10% in year one, 9% in year two, 8% in year three, 7% in year four, 6% in year five, 5% in year six, 4% in year seven, 3% in year eight, 2% in year nine, 1% in year 10). The ten-year prepayment timeline begins once the loan is fully disbursed.

Maturity Date: 360 months from the date the loan closes.

USDA Fee: 1.00% of the guaranteed portion of the loan

Origination Fee: 1% of the total loan amount

USDA Annual Renewal Fee: N/A – The USDA does not charge an annual renewal fee on WEP Guaranteed Loans per Fiscal Year 2021 Annual Notice.

- Borrower must obtain approval to from Live Oak Bank prior to any purchases over \$5,000,000 related to fixed assets

**Power of Attorney
For UCC Filings:**

Borrower appoints Live Oak its true attorney in fact to prepare, execute, file, record, or deliver financing statements, continuation statements, termination statements, statements of assignment, applications for registration, or like papers to perfect, preserve, or release Live Oak's interests in the Collateral; cause any Collateral to be transferred to Live Oak's name or the name of Live Oak's nominee; and execute all documents in the name of Borrower or otherwise as Live Oak deems necessary, proper, or convenient in order to preserve, perfect, or enforce its rights in the Collateral.

**Material Adverse
Change:**

Live Oak's obligations and Commitments under this letter are subject to the accuracy of all information, representations, and materials submitted with or in support of the Borrower's request for the Loan and any material and inaccuracy, omission or change therein, shall, in the Live Oak's discretion, operate to terminate this offer and the Live Oak's Commitment hereunder. This Commitment letter may also be terminated by Live Oak upon the occurrence of any material adverse change in the financial condition, business, prospects, properties, or management of the Borrower or the occurrence of any other event as a result of which Live Oak believes that the prospect of the Borrower repaying its liabilities to Live Oak as contemplated herein may be impaired. Without limiting the generality of the foregoing, the Commitment hereunder shall immediately terminate in the event the Borrower becomes the subject of any proceeding under the United States Bankruptcy Code or any other insolvency, reorganization, liquidation, or moratorium of law.

Expenses:

The Loan shall be made and administered without cost to the Live Oak. The Borrower's and any guarantor acceptance of this Commitment shall constitute the unconditional agreement, jointly and severally, whether or not the Loan closes, to pay all reasonable fees, expenses, taxes, costs and charges incurred in connection with the Loan, or in any way incident to the making of or the ongoing administration of the Loan, including, but not limited to, reasonable attorneys' fees and expenses (including fees and expenses of the Live Oak's counsel), appraisal fees, title searching fees, title or other insurance premiums, fees and costs for environmental tests and studies, engineer's and architect's fees, inspector's fees, surveyor's fees, recording costs, and recordation and transfer taxes. The Live Oak shall not pay any brokerage fees or commissions arising from the Loan, and the borrower and all guarantors agree, jointly and severally, to defend, indemnify, and hold the Live Oak harmless against any and all expenses,

liabilities and losses (including attorneys' fees) arising from any such claims. The Borrower and each of the guarantors, jointly and severally, promise to pay to the Live Oak on demand all costs and expenses incurred by the Live Oak in connection with the enforcement of this Commitment or any of the Live Oak's rights hereunder or any defense of the Live Oak against any claim made in connection with or arising out of this Commitment, including, without limitation, all of the Live Oak's reasonable attorneys' fees and expenses and court costs, whether or not proceedings are brought.

LIBOR

Replacement:

Notwithstanding any provision to the contrary set forth in this letter, the applicable interest rate for this loan shall be subject to LIBOR replacement rate language, stating that, in the event the Lender determines that reasonable means do not exist for ascertaining the applicable LIBOR rate and the Lender determines that the syndicated loan market has broadly accepted a replacement standard for the LIBOR rate, then the Lender may, without the consent of the borrower, apply such new broadly accepted market standard and make such other changes as shall be necessary or appropriate in the good faith determination of the Lender in order to implement such new market standard.

Commitment Fee: A \$10,000 commitment fee is required upon execution of the commitment letter and due within fourteen days from the date of this letter; otherwise, this commitment will have expired. The commitment fee will be applied to engage legal counsel and any other third-party costs incurred. The deposit held by Live Oak will be applied to any expenses incurred by Live Oak in connection with the Loan, including without limitation, lien and judgement searches, title searching fees, appraisals, business valuations, surveys, environmental tests and studies, and reasonable attorneys' fees and expenses, should the Loans not close. At the time the Loan closes, any unused portion of the deposit, if any, shall be returned to the borrower.

This Commitment letter is addressed solely to you, it is solely for your benefit, and may not be relied upon or used by any other person or entity and may not be disclosed by you without LOB's prior written consent to any person other than your attorneys and other advisors. This Commitment letter and the Commitment evidenced herein may not be assigned by you to any other person or entity.

This Commitment letter shall be governed by the laws of the state of North Carolina.

Live Oak's obligations and/or Commitments as contained in this letter are also subject to approval by the United States Department of Agriculture and the issuance of a written loan authorization by the USDA setting forth the terms and conditions of such Loan. In the event that there is any discrepancy between the terms of the Commitment as contained herein and the loan authorization as issued and approved by the USDA for this Loan, then the terms of the USDA loan authorization shall control. In the event that the USDA should fail or refuse to issue a Loan Note Guarantee as to this Loan, then this

Commitment shall terminate, and Live Oak shall have no further obligations or responsibilities hereunder. Furthermore, Live Oak's obligations hereunder are contingent upon the Borrower and/or Guarantor(s) being in compliance with all terms and conditions of any USDA Conditional Commitment which may be issued as to this Loan, and failure to comply with such will likewise terminate the terms and conditions of the Commitment letter and Live Oak shall have no further obligations hereunder in such event.

This credit accommodation is made available subject to the terms, conditions, and provisions of comprehensive loan documents to be executed within 180 days from Live Oak's Credit approval dated **April 12, 2021**. Should the loan not close within 180 days of same approval, updated financials and re-approval will be required.

If the terms outlined in this commitment letter are acceptable to you, please execute and return a copy to Live Oak Bank.

Sincerely,

Anna West
