COMMISSION STAFF’S RECOMMENDATION ON FINAL DISPOSITION

On October 12, 2021, Rosendo L. Garcia, Isabel R. Garcia, and Nicholas R. Garcia (collectively, Garcia) filed a petition for streamlined expedited release from Aqua Water Supply Corporation’s (Aqua WSC) sewer Certificate of Convenience and Necessity (CCN) No. 20962 under Texas Water Code (TWC) § 13.2541(b) and 16 Texas Administrative Code (TAC) § 24.245(h). Garcia asserts that the land to be released is at least 25 contiguous acres, is not receiving sewer service, and is located in Bastrop and Travis Counties, which are qualifying counties.

On May 6, 2022, the administrative law judge (ALJ) filed Order No. 6, establishing a deadline of June 8, 2022 for the Staff (Staff) of the Public Utility Commission of Texas (Commission) to file a recommendation on final disposition. Therefore, this pleading is timely filed.

I. FINAL RECOMMENDATION ON DISPOSITION

After review, and as supported by the attached memorandum of Jolie Mathis, Infrastructure Division, Staff recommends approval of the application. Staff’s review indicates that Garcia meets the requirements of TWC § 13.2541 and 16 TAC § 24.245(h). Specifically, the petition, as supplemented, shows that the tract of land for which Garcia seeks expedited release is located in Bastrop and Travis Counties, which are qualifying counties, is not receiving water utility service, and is at least 25 contiguous acres. The final water CCN map and water CCN certificate are attached to this filing. Therefore, Staff recommends that the petition be approved.

II. CONCLUSION

For the reasons detailed above, Staff respectfully recommends that Garcia's petition be approved.

Dated: June 8, 2022

Respectfully submitted,

RE: Docket No. 52693 – *Petition of Rosendo L. Garcia, Isabel R. Garcia and Nicholas R. Garcia to Amend Aqua Water Supply Corporation's Sewer Certificate of Convenience and Necessity in Bastrop and Travis Counties by Streamlined Expedited Release*

On October 12, 2021, Rosendo L. Garcia, Isabel R. Garcia and Nicholas R. Garcia (Garcia) filed a petition for streamlined expedited release from Aqua Water Supply Corporation's (Aqua WSC) sewer certificate of convenience and necessity (CCN) No. 20962 in Bastrop and Travis counties, under Texas Water Code (TWC) § 13.2541(b) and 16 Texas Administrative Code (TAC) § 24.245(h). Garcia asserts that the land is at least 25 contiguous acres, is not receiving sewer service, and is located in Bastrop and Travis counties, which are qualifying counties.

Garcia provided a warranty deed confirming ownership of the tract of land within Aqua WSC's certificated service area. In addition, Garcia submitted a sworn affidavit attesting that the tract of land was not receiving sewer service from the CCN holder. Aqua WSC did not request to intervene.

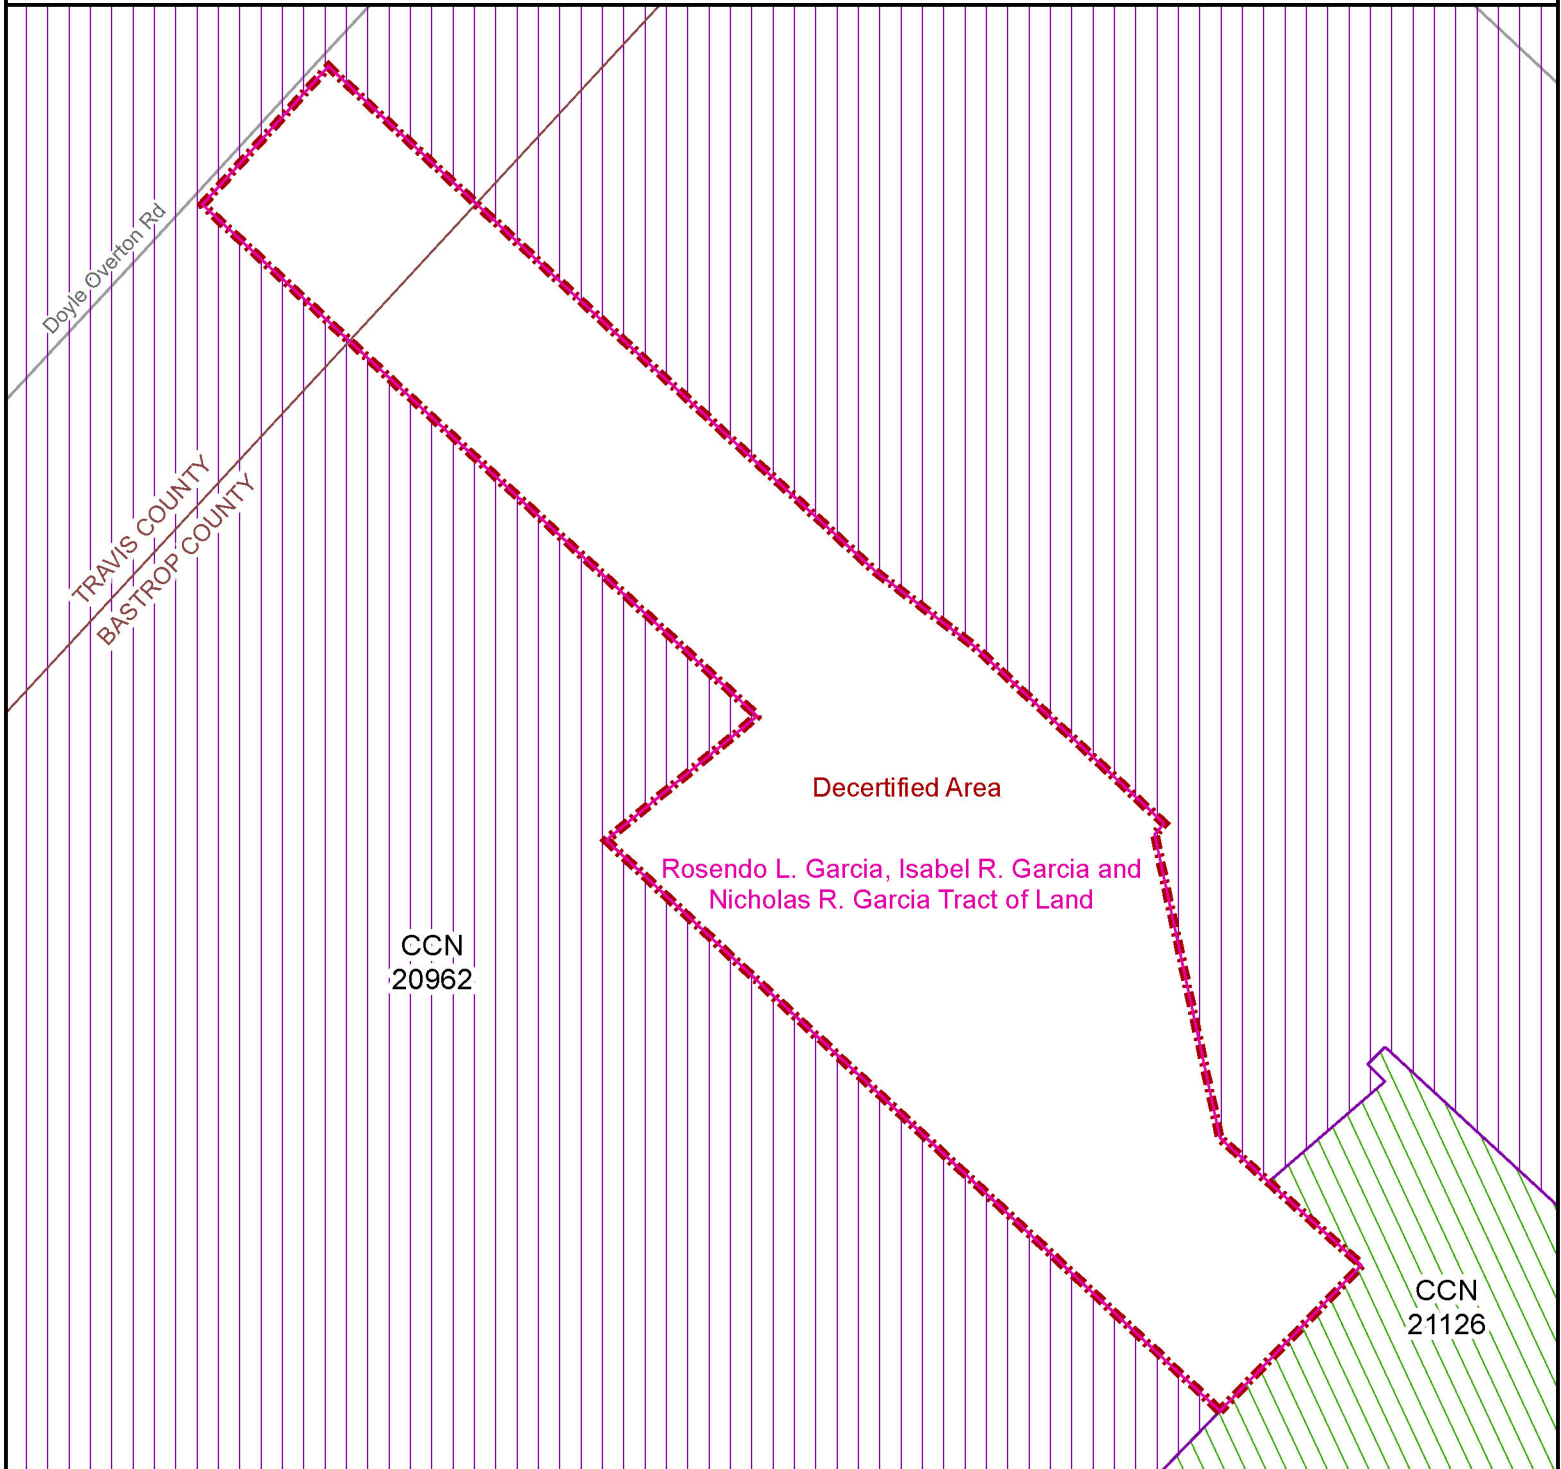

Based on the mapping review by Tracy Montes, Infrastructure Division, it was determined the landowner's total property is approximately 181 acres. The tract of land in the petition for streamlined expedited release is approximately 156.8 acres, of which approximately 156.8 acres overlap Aqua WSC (CCN No. 20962) and would be decertified from CCN No. 20962.

In accordance with TWC § 13.2541 and 16 TAC § 24.245(h), Garcia has met the Commission's requirements to allow for the release of the tract of land from Aqua WSC's CCN No. 20962. Therefore, I recommend approval of the petition. Enclosed is a final map and certificate for Commission approval.

Additionally, I recommend that a final map and certificate be provided to the CCN holder.
