Re: Petition of Rosendo L. Garcia, Isabel R. Garcia and Nicholas R. Garcia to Amend the Aqua Water Supply Corporation's Certificate of Convenience and Necessity in Bastrop County by Expedited Release
Docket No. 52693

Dear Commission:

Please accept this as response to Order No. 4 – Finding Petition Remains Administratively Incomplete and Providing Deadline to Respond to Motion to Dismiss. The ALJ noted that the petitioners have never attempted to cure the deficiencies in previous petitions. The ALJ is correct that no attempts have been officially filed. However, we have been working unofficially with Tracy Montes in mapping to cure the deficiencies.

Docket No. 52693 is a sister docket to Docket 52694. As mentioned, we have been working back and forth with Tracy Montes to get the mapping submitted in the correct manner and format. The requested areas for expedited release are complicated and the metes and bounds and deed didn't entirely match up. We are very close to being able to make a formal submittal of the required information.

On March 15, 2022, Jenna Keller, attorney for Docket No. 52694, conferred with us regarding this same issue, and agreed to file an additional opportunity to cure. We respectfully request the same for Docket No. 52693.

Please feel free to email me at syoung@waterengineers.com or call at 281-373-0500 if you have any questions or if you require any additional information.

Sincerely,
WATERENGINEERS, INC.

Shelley Young, P.E.
Project Engineer
