ORDER ON FIRST QUARTERLY TRUE-UP ADJUSTMENT

This Order addresses the first quarterly true-up compliance filing and notice of uplift charge adjustment (compliance filing), filed by the Electric Reliability Council, Inc. (ERCOT) on September 15, 2022, to comply with the Commission's debt obligation order issued in Docket No. 52322.¹

On September 21, 2022, Commission Staff filed a recommendation in this docket. Commission Staff recommended that ERCOT's compliance filing be found sufficient and complete. Additionally, Commission Staff recommended that ERCOT's compliance filing and the revised uplift charges contained in that filing be found in compliance with PURA and the relevant provisions of the debt obligation order.

Consistent with Commission Staff's recommendation, ERCOT's compliance filing is found to be sufficient, complete, and in compliance with PURA and the relevant provisions of the debt obligation order. ERCOT's proposed uplift charges are approved, as filed, effective starting with the November 2022 billing period.

Further, the Commission delegates authority to the Office of Policy and Docket Management (OPDM) to issue orders in this proceeding that, like this one, find ERCOT's future compliance filings to be sufficient, complete, and in compliance with PURA and the relevant provisions of the debt obligation order and approve proposed uplift charges.
