JOINT PROPOSED NOTICE OF APPROVAL

This Notice of Approval addresses the application of CSWR-Texas Utility Operating Company, LLC (CSWR Texas) for a pass-through rate change related to an increase in the wholesale water rate charged by the City of Rockport. The pass-through change affects only those customers within CSWR Texas’s service area under Certificate of Convenience and Necessity (CCN) No. 13290 served by the Copano Heights Units 1 & 2 Water System. The Commission approves the requested pass-through rates, effective November 1, 2021 to the extent provided in this Notice of Approval.

I. Findings of Fact

The Commission makes the following findings of fact.

Applicant

1. CSWR Texas is a Texas limited liability company registered with the Texas secretary of state under file number 0803367893.
2. CSWR Texas holds CCN No. 13290 that obligates CSWR Texas to provide retail water service in its certificated service area in Aransas, Austin, Burleson, Burnet, Guadalupe, Harris, Hood, Parker, Victoria, and Wilson Counties.

Application

3. On October 15, 2021, CSWR Texas filed the application at issue in this proceeding.
4. In its application, CSWR Texas seeks an adjustment to the pass-through clause in its approved tariff for the Copano Heights Units 1 & 2 Water System (Public Water system # 0040017) due to an increase in the wholesale water rates charged to CSWR Texas by the City of Rockport that became effective on September 15, 2021.
5. The requested change to the pass-through rate would increase the pass-through fee from

\$6.60 to \$7.35 per 1,000 gallons, effective November 1, 2021.

6. The application, as amended, contained the affected CCN number, the affected subdivisions, the affected public water system names, and corresponding numbers issued by the Texas Commission on Environmental Quality, a copy of the notice to customers, documentation supporting the stated amounts on any new or modified pass-through costs, historical documentation of line loss for one year, all calculations and assumptions for any true-up of pass-through costs, the calculations and assumptions used to determine the new rates, and a copy of CSWR Water's tariff that contains the rates that will change if CSWR Texas's application is approved.

12. The notice contained the effective date of the change, the present calculation of customer billings, the new calculation of customer billings, the change in charges to CSWR Texas for purchased water, and the following language: "This tariff change is being implemented in accordance with the minor tariff changes allowed by 16 Texas Administrative Code (TAC) § 24.25. The cost to you as a result of this change will not exceed the costs charged to your utility."
13. In an Order filed on January 18, 2022, the ALJ found the content of CSWR Texas's notice sufficient.
