Dear Sir,

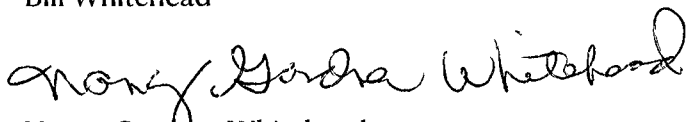

My wife and I are extremely upset to learn that Conroe Resort Utilities is being sold to Undine Corporation and a rate hike will occur. We already pay too much for water & sewer. We are outraged that this would occur when we are all already paying ridiculous prices for fuel and inflation is running rampant. Piling on is not appropriate when people are already struggling to pay their bills. The timing is terrible and will give the PUC a black eye if this sale is allowed to go through.

We would respectfully ask that you stop the sale of Conroe Resort Utilities and protect the citizens that would be affected by it.

Sincerely yours,

Bill Whitehead

Nancy Gardner Whitehead
