Subject:

Transfer of Water and Sewer Facilities from Conroe Resort Utilities LLC to
Undine Texas LLC. 52997

I am submitting this letter to intervene in the subject transfer rate increases as noted in the attachment provided by Undine Texas LLC. There does not seem to be any logical justification why both the water and sewer rates should increase by such extreme percentages for the same service. Logic says that the approved rates for Conroe Resort Utilities LLC should be the same rates for that facility and not some approved rates for Undine's other facilities.

There has been no justification provided for the extreme increases. The facility and customer base is the same and Hay's utility is continuing to provide the billing and support services. I hope the Commission will review this transaction and come to the conclusion that the existing Undine LLC rate approval for their other activities should not be applied to the Conroe Resort Utility facility.

Yours Truly,
