P. U. C. of Texas,

I protest the transfer of services and rate increases in the letter sent to me by Undine Texas L.L.C. last week. A rate increase of this magnitude should be considered unethical and is definitely unreasonable! Surely the laws in the state of Texas would protect people from a rate increase of this size.

Please review this proposed sale and prevent the rate increases by Undine L. L. C. from being implemented to the Conroe Resort Utility customers.
