PUBLIC UTILITY COMMISSION
FILING CLERK

Public Utility Commission of Texas

Docket No 52797-

This is protesting the huge snow
water rate increase proposed by
Undine Development LLC.

Upon buying the previous utility
Undine ~~is~~ is increasing rate to
twice the previous utility amount
with no concurrent increase in
expenses associated with supplying
the services.

This is simply price gouging
because they think they CAN.
I'm looking to the Commission
to tell them they CAN'T do so.
