Re: Docket No. 52797

My concern is the sale of our Water and sewer systems (Conroe Resort Utilities, LLC) to Undine Development, LLC.

I am a widow living on limited income. I can not afford for my rates to more than double. While I understand cost of living raises, this one seems very excessive

We buy and live in areas that are not in excess of our incomes, yet we were given no say in our very ability to pay these rates. Especially since we originally paid the price to build the system.

Thank you your time and please grant us a hearing.
