ORDER NO. 7
REQUIRING COMMISSION STAFF
SUPPLEMENTED AMENDED RECOMMENDATION

This Order addresses Commission Staff's May 26, 2022 response to Order No. 6, which rescinded the completeness of the application, waiver of notice, and required Commission Staff to clarify whether service to customers for whom meters are being transferred will also be transferred as a part of this proceeding. Commission Staff states, following reevaluation of the application along with its original recommendation, that the application does purport to transfer customers, as well as physical meters. For this reason, Commission Staff proposes to supplement its amended recommendation, including notice, and file a proposed procedural schedule.

By June 3, 2022, Commission Staff must file a supplemental amended recommendation regarding administrative completeness of the application and notice, and file a proposed procedural schedule for continued processing.

Signed at Austin, Texas the 27th day of May 2022.
