Re: Docket 52924 - *Notice of Violation by BT Cooke Solar LLC for Violations of 16 TAC § 25.55, Concerning Winter Weather Readiness Reporting Requirements*

Dear Judge Burkhalter:

This is submitted on behalf of our client BT Cooke Solar LLC, respondent in this proceeding. This letter seeks clarification concerning the applicable deadline for the parties to file the next joint settlement status report.

Order No. 1, adopted February 7th, required the parties to file joint status reports on the first working day of each month. In their April 1st status report, however, Staff and BT Cooke Solar requested that the deadline to file the next joint status report (or a completed settlement agreement) be continued until July 1st. The ALJ has not ruled on this request as of the time of this filing.

Order No. 1's requirements obligated the parties to file a joint status report yesterday, June 1st. Anticipating that the ALJ would grant the aforementioned request, however, we have not filed a status report. In an abundance of caution, BT Cooke Solar requests that the ALJ confirm that the status report (or completed settlement agreement) is not due until July 1st. Should a status report be necessary at this time, BT Cooke Solar would represent that it and Staff continue working in good faith to finalize their settlement agreement but require additional time to complete the task.

I have contacted counsel for Staff, who has indicated that it does not oppose this request. I also certify by my signature that I have caused this letter to be served on counsel for Staff.
