	Number of Occupants	Billing Purposes
The number of occupants in the tenant's dwelling unit	1	1.0

	4. Occupancy and size of rental unit	percent (in which no more than 50%) of the utility bill for		
consumption is allocated using the occupancy method checked above. The remainder is allocated according to either:

• the size of the space rented by the tenant of a manufactured home divided by the size of all rental spaces.
