RE: PUCT Project No. 52946 – 2021 Electric System Service Quality Report pursuant to Substantive Rules §25.52, §25.81, §25.343

Attached is a copy of Oncor Electric Delivery Company's Service Quality Report pursuant to Substantive Rule §25.81, dated February 14, 2022. Additionally, pursuant to Substantive Rule §25.343, in the reporting year of 2021, there was a single instance where Oncor Electric Delivery Company provided competitive energy services to a customer in an emergency situation.

Oncor provided insulator and bus bar components to support maintenance and repair of equipment during an emergency event due to the facility's inability to obtain material within a reasonable timeframe to support the emergency situation.

If you have any questions or require further information, please contact me at 214-486-3512.

Sincerely,
