Re: Project No. 52947; *CY 2022 Electric Utility
Transmission Construction Reports Under
16 TAC § 25.83*

Dear Central Records:

Pursuant to the requirements of the form entitled *Instructions for Monthly Transmission Construction Progress Report for Electric Utilities*, adopted pursuant to P.U.C. Subst. R. § 25.83, Wind Energy Transmission Texas, LLC ("WETT") is filing confidential locational coordinate point data and attribute data.

The form states: "The Commission believes that the locational coordinate point data and attribute data relate to critical infrastructure as defined in Texas Government Code § 421.001, and are designated as confidential under Texas Government Code §§ 418.177 and 418.181."

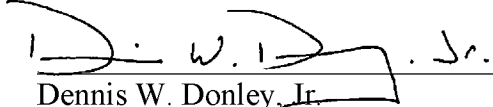

Therefore, WETT respectfully requests that the Commission withhold WETT's confidential critical energy infrastructure information from public disclosure.

Should you have any questions or concerns with regards to the enclosed, please do not hesitate to contact our office.

Thank you for your time and attention to this matter. Both are sincerely appreciated.

Very truly yours,

NAMAN HOWELL SMITH & LEE, PLLC
