Re: Project No. 52964, *Utility Email Addresses for Provision of Critical Customer Information Under 25.52*

To Whom It May Concern:

Northeast Texas Electric Cooperative, Inc. ("NTEC") is an electric generation and transmission cooperative that supplies wholesale power to its member distribution cooperatives in the SPP power region.¹ NTEC does not serve retail load nor does NTEC have a certificated service territory. Accordingly, NTEC would not be the correct entity for a critical (retail) customer to contact related to establishing its proper designation as critical load.

If any additional information would be helpful, please do not hesitate to contact us.

Sincerely,

NORTHEAST TEXAS ELECTRIC COOPERATIVE, INC.
