------------------	-----------------

METER TEST FEE (Not to exceed \$25)	\$ <u>25.00</u>
-------------------------------------	-----------------

The attached Service Rules are part of this tariff.

**CUSTOMER NOTICE:** THIS UTILITY SERVICE PROVIDER IS EXEMPT FROM MANY OF THE REQUIREMENTS OF TEXAS NATURAL RESOURCE CONSERVATION COMMISSION (TNRCC) FOR UTILITIES, BUT IT STILL MUST COMPLY WITH THESE SERVICE RULES. THE COMMISSION WILL NOT REVIEW RATE CHANGES UNLESS PROTESTED BY AT LEAST 50% OF THE CUSTOMERS WITHIN 90 DAYS AFTER THE EFFECTIVE DATE OF THE RATE CHANGE.

REQUIRED SERVICE RULES AND REGULATIONS FOR EXEMPT UTILITIES

Rate Changes - Rates can be changed no more frequently than twice per year. Customers will be given a notice of rate change which states the effective date of the rate change, the old rates, the new rates, the Commission's address and a statement that written protests can be submitted to the Commission.

Application for and Provision of Water Service

All new applicants will be given a copy of this Exempt Utility Tariff.

Where service has been disconnected for nonpayment of a bill, service will be reconnected within one working day after the customer has met the requirements for reconnection.

The customer will be responsible for furnishing and laying the necessary customer service line from the utility's point of connection on the customer's property to the place of consumption. Customers may be required to install a customer owned cut-off valve on the customer's side of the meter or connection.

Refusal of Service

This exempt utility is not required to have a designated service area and is not obligated to serve every applicant for service but is required to provide service in a nondiscriminatory manner.

Customer Deposits

Refund of deposit - If service is not connected, or after permanent disconnection of service to a customer, the utility will promptly refund, within 30 days, the customer's deposit or the balance, if any, in excess of the unpaid bills for service furnished.

Meter Requirements, Readings, and Testing

One meter or connection may be required for each customer. The exempt utility will, upon the request of a customer, and, if the customer so desires, in his or her presence or in that of his or her authorized representative, make a test of the accuracy of the customer's meter. The test may be made using a container of known volume. A meter test will cost \$25.00. Following the completion of any requested test, the utility will promptly advise the customer in writing of the results. If the meter is in error by more than 3% the meter should be replaced at the utility's expense. Meters will be read at Monthly (preferably monthly) intervals.

Billing

Bills from the utility will be mailed at intervals specified in the service agreement. The due date of bills for utility service will be at least sixteen (16) days from the date of issuance. The postmark on the bill or, if there is no postmark on the bill, the recorded date of mailing by the utility will constitute proof of the date of issuance. Payment for utility service is delinquent if full payment, including late fees, is not received at the designated payment location by 5:00 p.m. on the due date. If the due date falls on a holiday or weekend, the due date for payment purposes will be the next work day after the due date.
