SECTION 2.0 - SERVICE RULES AND REGULATIONS

Section 2.1 - Application for Service

All applications for service will be made on the utility's standard application form and will be signed by the applicant before water service is provided by the utility. A separate application will be made for each service at each separate location.

Section 2.2 - Water Installation

After the applicant has met all requirements, conditions, and regulations herein set forth, the utility will then install a tap, meter and cut-off valves and take all necessary actions to initiate service.

Section 2.3 - Billing

Water utility bills shall be rendered monthly unless otherwise authorized by the Commission, or unless service is terminated before the end of a billing cycle. Service initiated less than one week before the next billing cycle may be billed with the following month's bill. Bills should be rendered as promptly as possible following the reading of meters.

Bills are considered late if not received at the utility's office or postal address within 16 days of the billing date. Service can be disconnected for nonpayment of a bill only after 10 day written notice.

Section 2.4 - Other

The Seville Water Company has adopted the Substantive Rules of The Texas Water Commission (revision date: May 8, 1986) in addition to the above sections. In the event of conflict, the above sections will prevail.

SECTION 4.0 - WATER RATIONING PLAN

Section 4.1 - Declaration of Emergency

When system demand exceeds production or storage capability measured over a 24-hour period, and refilling the storage facilities is rendered impossible the utility may declare an emergency to exist, and thereafter ration water in the following manner.

Section 4.2 - Notice Requirements

Written notice of the proposed rationing shall be mailed or delivered to each customer 72 hours before the utility actually starts the program, and shall also be placed in a local newspaper. The utility shall send a copy of the customer notice to the Texas Water Commission at the same time notice is sent to the customers. The customer notice shall contain the following information:

1. The date rationing shall begin.
2. The date rationing shall end.
3. The level of rationing to be employed, and
4. A copy of this rationing authority.

Section 4.3 - Levels of Rationing

Level 1 (mild rationing conditions): Alternate day usage of water for outdoor purposes such as lawns, gardens, car washing, etc. Customers with even number addresses shall use water outdoors only on even numbered days; odd number addresses shall use water outdoors only on odd numbered days.

Level 2 (moderate rationing conditions): All outdoor water usage is prohibited.

Level 3 (severe rationing conditions): All outdoor water usage is prohibited. All consumption shall be limited to each customer in one of the following ways:

TO BECOME EFFECTIVE, THIS PAGE MUST CONTAIN A TEXAS WATER COMMISSION FILING STAMP.

If any item of a tariff on file with the Commission is proposed to be changed, use the proper initial in the right hand column, as follows:

- C- Regulation change; D- Discontinued; I- Increase; N- New;
- R- Rate reduction; T- Change in Text, but no change in regulation; E- Error Correction

and mail it to the Commission for a filing stamp. List the revision No. at top of page. The Commission will review it, stamp it, or send a tariff change form for more data(all public notice provisions on the tariff change form must be followed).

(1) A fixed percentage of each customer's average use in the prior month, the percentage to be uniformly applied on a system wide basis, each customer being notified of this percentage amount. OR

(2) A maximum number of gallons per meter (customer) per week, with notice to each customer of this number.

All meters shall be read as often as necessary to insure compliance with this program, for the benefit of all the customers.

Section 4.4 - Violation of Emergency Rationing Rules

(1) First violation - the utility may install a flow restricter in the line to limit the amount of water which will pass through the meter in a 24 hour period. The cost to be charged to the customer's account shall be the actual installed cost to the utility, not to exceed \$50.00.

(2) Subsequent violations - the utility may terminate service at the meter for a period of seven (7) days, or until the end of the calendar month, whichever is LESS. The normal reconnect fee of the utility shall apply for restoration of service.

Section 4.5 - Exemption or Variance from Rationing Rules

The utility may grant any customer an exemption or variance from the uniform rationing program, for good cause. In such event, the utility shall notify the Texas Water Commission within 24 hours of such exemption or variance, stating the name, address, and cause for the affected customer.

A customer who is refused an exemption or variance may appeal such action to the utility by written appeal to the Texas Water Commission. The utility shall treat all customers equally concerning exemptions and variances, and shall not employ discrimination in such grants.

TO BECOME EFFECTIVE, THIS PAGE MUST CONTAIN A TEXAS WATER COMMISSION FILING STAMP.

If any item of a tariff on file with the Commission is proposed to be changed, use the proper initial in the right hand column, as follows:

Section 4.6 - Rates

All existing rate schedules shall remain in effect during the rationing period, and no charges may be levied against a customer which are not contained in the approved tariff of the utility as filed with the Commission.

The purpose of this Emergency Rationing Program is to conserve the total amount of water demanded from the utility until supply can be restored to normal levels. This rationing program shall not exceed sixty (60) days without written approval of the Texas Water Commission.

May 8, 1986

TEXAS WATER COMMISSION
Permanent Rule Changes

1. Purpose. This change transmittal provides the pages that reflect changes and additions to the Texas Water Commission Volume of Permanent Rules.
2. Explanation of Change. Senate Bill 249, passed by the 69th Legislature, transferred jurisdiction from the Public Utility Commission of Texas (PUC) to the Texas Water Commission (TWC) regarding the assurance of water and sewer rates, operations, and services which are just and reasonable. The TWC reviewed the rules that have been used by the PUC pertaining to water and sewer utilities and modified them to incorporate differences between the Public Utility Regulatory Act, Vernon's Texas Civil Statutes, Article 1446c, and Article C of Senate Bill 249, and to reflect procedure and practice of the TWC. The TWC adopts new and Permanent Rules Title 31 Texas Administrative Code (TAC) Chapter 291 concerning Water Rates which will replace the Emergency Rules 31 TAC Chapter 291 on May 30, 1986. The Emergency Rules replaced the old Texas Water Development Board Rules 31 TAC Chapter 312. The TWC Permanent Rules 31 TAC Chapter 291 will be come effective on May 30, 1986.
