## SECTION 2.0- SERVICE RULES AND REGULATIONS

A copy of the Commissions latest condensed substantive rules should be attached as APPENDIX A. Only those service rules necessary to clarify the rules and policies of the Utility should be included in this section.

### Section 2.1 Application for Service

All applications for service will be made on the utility's standard application or contract form and will be signed by the applicant before water service is provided by the utility. A separate application or contract will be made for each service at each separate location.

### Section 2.2 Water Installation

After the applicant has met all requirements, conditions, and regulations herein set forth, the utility will then install a tap, meter and cut-off valves and take all necessary actions to initiate service.

### Section 2.3 Billing:

Water and sewer utility bills shall be rendered monthly unless otherwise authorized by the Commission, or unless service is terminated before the end of a billing cycle. Service initiated less than one week before the next billing cycle may be billed with the following month's bill. Bills should be rendered as promptly as possible following the reading of meters.

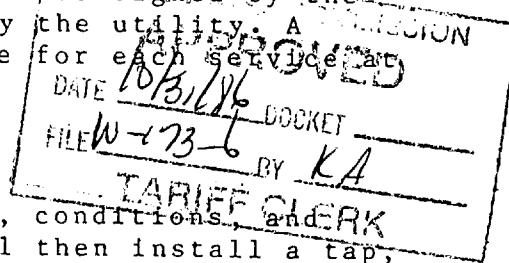

Bills are considered late if not received at the utility's office or postal address within 16 days of the billing date. Service can be disconnected for nonpayment of a bill only after 10 day written notice.

TO BECOME EFFECTIVE, THIS PAGE MUST CONTAIN A TEXAS WATER COMMISSION FILING STAMP.

### SECTION 3.0- EXTENSION POLICY

#### Section 3.1- Standard Extension Requirements Under Texas Water Commission Substantive Rules

Contributions in aid of construction shall not be required of individual residential customers for production, storage, treatment or transmission facilities.

The utility will bear the cost of the first 200 feet of water main necessary to extend service to an individual residential customer. The utility shall bear the full cost of any oversizing of water mains to serve other residential customers in the area. If the specific utility extension policy stated below requires it: residential customers may be required to pay for additional main beyond the first 200 feet; residential customers who place unique or non-standard service demands on the system may be charged the actual costs of any additional transmission or storage required over and above the standard requirements; developers may be required to provide contributions in aid of construction in amounts to furnish the system with facilities compliant with Texas Department of Health minimum design criteria for facilities used in the production, transmission, pumping, storage or treatment of water.
