SECTION A. RESOLUTIONS

THE BOARD OF DIRECTORS OF MEDINA RIVER WEST WATER SUPPLY CORPORATION ESTABLISHES THAT

1. This Tariff of the Medina River West Water Supply Corporation, serving in Medina County consisting of Sections A. through G. and forms inclusive, is adopted and enacted as the current regulations and policies effective as of April 1, 2004.
2. The adoption of this tariff does not prohibit or limit the Corporation from enforcing previous penalties or assessments from before the current effective date.
3. An official copy of this and all policies or records shall be available during regular office hours of the Corporation. The Secretary of the Corporation shall maintain the original copy as approved and all previous copies for exhibit.
4. Rules and regulations of state or federal agencies having jurisdiction shall supersede any terms of this policy. If any section, paragraph, sentence, clause, phrase, word, or words of this policy are declared unconstitutional or invalid for any purpose, the remainder of this policy shall not be affected.

PASSED and APPROVED this 8 day of January, 2004.

SECTION B. STATEMENTS

1. **Organization.** The Medina River West Water Supply Corporation is a member-owned, non-profit corporation incorporated pursuant to the Texas Water Code Chapter 67, Nonprofit Water Supply or Sewer Service Corporations and as supplemented by the Texas Non-Profit Corporation Act, Tex. Rev. Civ. Stat. Ann., Article 1396-1.01, et seq. (West 1980, Vernon Supp. 1996 as amended) for the purpose of furnishing potable water utility service. Corporation operating policies, rates, and regulations are adopted by the Board of Directors, who are elected by the Members of the Corporation.
2. **Non-Discrimination Policy.** Membership in the Corporation and service is provided to all Applicants who comply with the provisions of this Tariff regardless of race, creed, color, national origin, sex, disability, or marital status.
3. **Policy and Rule Application.** These policies, rules, and regulations apply to the water services provided by the Medina River West Water Supply Corporation, also referred to as Corporation, or MRWWSC. Failure on the part of the Member, Consumer, or Applicant to observe these policies, rules and regulations gives the Corporation the authority to deny or discontinue service according to the terms of this Tariff as amended from time to time by the Board of Directors of the Corporation.
4. **Corporation Bylaws.** The Corporation Members have adopted bylaws (see Article 1396-2.09) which establish the make-up of the Board of Directors and other important regulations of the Corporation. The bylaws are on file at the Corporation's office.
5. **Fire Protection Responsibility.** The Corporation does not provide nor imply that fire protection is available on any of the distribution system. All hydrants or flush valves are for the operation and maintenance of the system and may be used for refill only by authorized fire departments. The Corporation reserves the right to remove any hydrant, due to improper use or detriment to the system as determined by the Corporation, at any time without notice, refund, or compensation to the contributors.
6. **Damage Liability.** The MRWWSC is not liable for damages caused by service interruptions, events beyond its control, and for normal system failures. The limits of liability of the MRWWSC is the extent of the cost of service provided. By acceptance of Membership, Member consents to waiver of such liability.
7. **Information Disclosure.** The records of the Corporation shall be kept in the Corporation office in Castroville, Texas. All information collected, assembled, or maintained by or for the Corporation shall be disclosed to the public in accordance with the Texas Open Records Act. An individual customer may request in writing that their name, address, telephone number, or social security number be kept confidential. Such confidentiality does not prohibit the utility from disclosing this information to an official or employee of the state or a political subdivision of the state acting in an official capacity or an employee of the Corporation acting in connection with the employee's duties. Further, such confidentiality does not prohibit the Corporation from disclosing the name and address of each member on a list to be made available to the Corporation's voting members, or their agents or attorneys, in connection with a meeting of the Corporation's members. The Corporation shall give its applicants and customers notice of rights to confidentiality under this policy and all prevailing associated fees for such request.
8. **Customer Notice Provisions.** The Corporation shall give written notice of monthly rate changes by mail or hand delivery to all consumers at least 30 days prior to the effective date of the new rate. The notice shall contain the old rates, new rates, effective date of the new rate, date of Board authorization, and the name and phone number of the Corporation's contact person designated to address inquiries about the rate change.
9. **Grievance Procedures.** Any Member of the Corporation or individual demonstrating an interest under the policies of this Tariff in becoming a Member of the Corporation shall have an opportunity to voice concerns or grievances to the Corporation by the following means and procedures:
 - a. By presentation of concerns to the Corporation's manager or authorized staff member. If not resolved to the satisfaction of the aggrieved party then,
 - b. By presenting a letter to the Board of Directors stating the individual's grievance or concern and the desired

result.

- c. The Board of Directors shall respond to the complaint by communicating the Board's decision in writing.
- d. Any charges or fees contested as a part of the complaint in review by the Corporation under this policy shall be suspended until a satisfactory review and final decision has been made by the Board of Directors.

10. ***Customer Service Inspections.*** The Corporation requires that a customer service inspection certification be completed prior to providing continuous water service to new construction and for all new members as part of the activation of standard and some non-standard service. Customer service inspections are also required on any existing service when the corporation has reason to believe that cross-connections or other potential contaminant hazards exist, or after any material improvement, correction or addition to the members' water distribution facilities. This inspection is limited to the identification and prevention of cross connections, potential contaminant hazards and illegal lead materials. (30 TAC 290.46(i-j))

SECTION C. **DEFINITIONS**

Active Service – The status of any Member receiving authorized service under the provisions of this Tariff.

Applicant – A person, partnership, cooperative corporation, corporation, agency, public or private organization of any type applying for service with the Medina River West Water Supply Corporation.

Board of Directors -- The governing body elected by the Members of the Medina River West Water Supply Corporation. (Article 1396-1.02 (7))

Bylaws -- The rules pertaining to the governing of the Medina River West Water Supply Corporation adopted by the Corporation Members. (Article 1396-1.02 (5))

Capital Improvement Fee -- A fee assessed of new Applicants for service for the purpose of acquiring capital to defray the costs of expanding and or upgrading the system facilities. This fee is charged for each meter equivalent or service unit for which service has been requested.

Certificate of Convenience and Necessity (CCN) -- The authorization granted under Chapter 13 Subchapter G of the Texas Water Code for Medina River West Water Supply Corporation to provide water utility service within a defined territory. Medina River West Water Supply Corporation has been issued Certificate Number 600690184. Territory defined in the CCN shall be the Certificated Service Area. (See Section D. Certificated Service Area Map)

Corporation -- The Medina River West Water Supply Corporation. (Section B. 3 of this Tariff)

Developer – Any person, partnership, cooperative corporation, corporation, agency, or public or private organization who subdivides land or requests more than two (2) water or sewer service connections on a single contiguous tract of land [as defined in Chapter 13.2502 (e)(1) of the Water Code].

Disconnection of Service -- The discontinuance of water service by the Corporation to a Member/Customer.

Easement -- A private perpetual dedicated right-of-way for the installation of water and or sewer pipelines and necessary facilities which allows access to property for future operation, maintenance, facility replacement, facility upgrades, and/or installation of additional pipelines (if applicable). This may also include restrictions on the adjacent area to limit the installation of sewer lines or other facilities that would restrict the use of any area of the easement. (See Sample Application Packet, FmHA Form 442-8 or FmHA Form 442-9)

Final Plat -- A complete plan for the subdivision of a tract of land. The Medina River West Water Supply Corporation shall determine if a plat submitted for the purpose of this Tariff shall qualify as a final plat. (30 TAC 291.85)

Hazardous Condition -- A condition that jeopardizes the health and welfare of the Members/Consumers of the Corporation as determined by the Corporation or regulatory authority.

Indication of Interest Fee -- A fee paid by a potential Member of the Corporation for the purpose of determining the feasibility of a construction and/or expansion project. The Indication of Interest Fee may be converted to a Membership Fee upon determination that service to the Applicant is feasible and available. This also applies to applicants applying for, or receiving, Temporary Service. (Section E. 6. b., and Sample Application Packet - USDA RUS-TX Bulletin 1780-9 (Rev. 5/99))

Liquidated Membership -- A Membership that has been canceled due to delinquent charges exceeding the Membership Fee or for other reasons as specified in this Tariff.

Member -- Any person, partnership, cooperative corporation, corporation, agency, or public or private organization that has qualified for service and received a Membership in accordance with the Corporation's Tariff.

Membership Certificate -- A non-interest bearing stock certificate purchased from the Corporation evidencing a Member's interest in the Corporation. (See Tariff Section E. 6 b and Article 1396-2.08 D)

Membership Fee -- A fee qualified as such under the terms of the tariff and the bylaws of the Corporation assigned to the real estate designated to receive service. The membership fee shall be non-refundable upon termination of service and surrendering the Membership Certificate. (30 TAC 291.3 Definitions, Texas Water Code 13.043(g))

Proof of Ownership -- Texas Water Code 67.016 (d) gives authority to the corporation to require ownership of real estate designated to receive service as a condition of membership and service. For the purpose of this tariff, applicants for service and membership shall provide proof of ownership by deed of trust, warranty deed, or other recordable documentation of fee simple title to real estate to be served.

Rural Utilities Service (RUS) -- An Agency of the United States Department of Agriculture Rural Development Mission Area that provides loan and grant funds for development of rural water and sewer systems serving communities with a population of less than ten thousand (10,000) people.

Renter -- A consumer who rents or leases property from a Member or who may otherwise be termed a tenant. (See Tariff Section E. 5.)

Re-Service -- Providing service to an Applicant at a location for which service previously existed. Costs of such re-servicing shall be based on justifiable expenses. (See Tariff Section E. 3. b., and Miscellaneous)

Reserved Service Charge -- A monthly charge assessed for each property where service is being reserved.

Service Availability Charge -- (Also known as "minimum monthly charge", "minimum", or the "base rate") The monthly charge assessed each Member/Customer for the opportunity of receiving service. The Service Availability Charge is a fixed rate based upon the meter, service size, or equivalent dwelling unit(s). (See definition of Reserved Service Charge)

Service Application and Agreement -- A written agreement between the Member/Applicant and the Corporation defining the specific type of service requirements requested on the current service application and agreement form, and the responsibilities of each party required before service is furnished. (See Sample Application Packet RUS-TX Bulletin 1780-9 (Rev. 5/99))

Service Unit -- The base unit of service used in facilities design and rate making. For the purpose of this Tariff, a service unit is a 5/8" X 3/4" water meter. (See Tariff Section G. 6. a., Miscellaneous)

Tariff -- The operating policies, service rules, service extension policy, service rates, rationing policies, sample application packet, and miscellaneous transaction forms adopted by the Board of Directors. A copy of this Board approved tariff is on file at the Corporation office and as required since September 1, 1989 at the State office of the TNRCC. (TX Water Code 13.136)

Temporary Service -- The classification assigned an applicant that is in the process of construction or moving into an existing service location. This could also apply to service for uses other than permanent (agricultural, road construction, drilling, livestock, etc.). The Board will set the length of time associated with this classification. This classification will change to permanent service after requirements in Section E. 1, E. 2, and E. 3 are met. Applicant may pay an Indication of Interest Fee.

Texas Commission on Environmental Quality (TCEQ) -- State regulatory agency having jurisdiction of water and sewer service utilities and appellate jurisdiction over the rates and fees charged by Non-Profit Water and Sewer Service Corporations.

Transferee -- An Applicant receiving a Medina River West WSC Membership by legal means from a person or entity desiring to forfeit and transfer current rights of Membership to another person or entity. (See Tariff Section E. 4 c., Miscellaneous Transaction Forms)

Transferor -- A Member who transfers Membership by legal means to another person or entity desiring to qualify for service at a property for which the Membership is currently issued or to the Corporation. (Texas Water Code, Chapter 67.016)

SECTION E.

SERVICE RULES AND REGULATIONS

1. **Service Entitlement.** An Applicant shall be considered qualified and entitled to water utility service when proper application has been made, terms and conditions of Service and Membership have been met and continue to be met, and all fees have been paid as prescribed. (30 TAC 291.85 (a))

2. **Application Procedures and Requirements.** For the purposes of this Tariff, service requested by an Applicant shall be for real estate designated to receive the service provided by the Corporation and shall be:
 - a. **Standard Service** is defined as service on an existing pipeline where pipeline or service facility extensions are not required and special design and/or engineering considerations are not necessary. Typically, this would include 5/8" X 3/4" or 3/4" sized water meter services set on existing pipelines, pressure collection facilities installed or connected to collection lines no more than five feet in depth.
 - b. **Requirements for Standard Service**
 - 1) The Corporation's Service Application and Agreement Form shall be completed in full and signed by the Applicant. (See Sample Application RUS-TX Bulletin 1780-9 (Rev. 5/99))
 - 2) A Right-of-Way Easement Form, Sanitary Control Easement, or other such easement form, required by the Corporation as a condition for service, must be completed by the Applicant for the purpose of allowing present or future facility additions. (See Sample Application - RUS-TX Bulletin 1780-9 (Rev. 5/99), 30 TAC 290.47 Appendix C., Water Code Section 49.218)
 - 3) The Applicant shall provide proof of ownership to property for which service has been requested in a manner acceptable to the Corporation. Proof of ownership shall consist of warranty deed, deed of trust or other recordable documentation of fee simple title to the real estate designated to receive service. (Texas Water Code 67.016 (e), and 13.002 (11)).
 - 4) Notice of application approval and costs of service determined by the Corporation shall be presented to the Applicant in writing and shall remain in effect for a period not to exceed thirty (30) days. After that time the Applicant must re-apply for service. (30 TAC 291.81 (a) (1))
 - 5) If the water main has been located in the public right-of-way and is adjacent to Applicant's property due to the current or previous landowner's refusal to grant easement to the Corporation for the purpose of installing the water main and appurtenances, and the Corporation has documentation of such refusal recorded in public records file, the Applicant, prior to receiving the requested service, shall grant easement to the Corporation. In addition to the normally required fees for service, the Applicant shall pay such sums as are necessary for the removal of the water main from the public right-of-way and for relocation onto the Applicant's property pursuant to such easement. (see Miscellaneous Transaction Forms)
 - 6) If an applicant/Transferee fails to provide all documentation required at the time of application, the Corporation will issue written notice informing the applicant they have 10 days in which to provide the proper information or the service will be terminated. (See Miscellaneous Transaction Forms)

3. **Activation of Standard Service.**
 - a. **New Tap** -- The Corporation shall charge a non-refundable service installation fee as required under Section G of this tariff. The service installation fee shall be quoted in writing to the Applicant. All fees shall be paid or a deferred payment contract signed in advance of installation. (30 TAC 291.86 (a)(1)(A))
 - b. **Re-Service** -- On property where service previously existed, the Corporation shall charge the Membership Fee, where the Membership Fee has been liquidated, and costs necessary to restore service and reinstate a liquidated account to an active status. After this time the service equipment may be removed by the Corporation and future request for service shall be treated as a new application. (see Miscellaneous Section)
 - c. **Performance of Work** -- After approval is granted by proper authorities, all tap and equipment installations specified by the Corporation shall be completed by the Corporation staff or designated representative. The tap shall be completed within five (5) working days after approval and receipt of payment of quoted fees (see Section F., 30 TAC 291.85)
 - d. **Inspection of Customer Service Facilities** -- The property of the Applicant/ Member may be inspected to insure compliance with state required Minimum Acceptable Operating Practices For Public Drinking Water Systems as promulgated by the Texas Natural Resource Conservation Commission or successor agency. This Customer Service

Inspection may be performed by the corporation's employees, an inspector on behalf of the Corporation or (if allowed) by an inspector secured by the member/customer/applicant. (30 TAC 290.46(j))

4. Membership.

- a. **Eligibility** - Eligibility for Membership shall not guarantee service to the Applicant or Transferee; however, qualification for service is a prerequisite to Membership eligibility for new Applicants or continued Membership for Transferees.
- b. **Membership Certificates** - Upon qualification for service, qualification for Membership, and payment of the required fees, the Corporation shall issue a non-refundable Membership Certificate to the Applicant. The Membership Certificate provides proof of Membership in the Corporation and shall entitle the Member to one (1) connection to the Corporation's water utility service and one (1) share of Corporation Stock. The Membership Certificate also entitles the Member to one (1) vote in conducting the affairs of any Annual or Special Membership Meeting of the Corporation as prescribed by the Corporation Bylaws. An original or a copy of each Membership Certificate shall be held on file in the Corporation Office. Ownership of more than one (1) Membership Certificate shall not authorize the Member to cast more than one (1) vote at any annual or special meeting. Each Membership Certificate and Stock thereby represented may be assigned to the specified parcel of land originally designated to receive service at the time of application. (Texas Water Code 67.016) **NOTE (1):** In the event that the Corporation is conducting a potential Members survey for indications of interest in future service for the purpose of determining the feasibility of an initial construction or expansion project under RUS guidelines (see Sample Application Packet - RUS TX Bulletin 1780-8, Membership Survey Data Sheet), regular application procedures may be modified. An Indication of Interest Fee may be required prior to qualifications for receipt of service by the Applicant but shall only be used or applied as a Membership Fee for Membership purposes (upon issuance of a Membership Certificate) if service is ultimately received or reserved by the Applicant as a result of the planned project facilities. If service is not provided within the scope of this project, Indication of Interest Fees shall be refunded, less expenses, within sixty (60) days of the loan closing with the Rural Utilities Service. **NOTE (2):** In the event the applicant is in the process of construction the Membership will be considered TEMPORARY until such time as the final Customer Service Inspection is completed and the forms are returned as required. (See Section C., Section E. Sub-Section I. Service Entitlement)
- c. **Transfers of Membership.** (Texas Water Code 67.016)
 - 1) A Member is entitled to transfer Membership in the Corporation only under the following circumstances:
 - (a) The Membership is transferred by will to a person related to the Transferor within the second degree by consanguinity; or
 - (b) The Membership is transferred without compensation to a person related to the Transferor within the second degree by consanguinity; or
 - (c) The Membership is transferred without compensation or by sale to the Corporation; or
 - (d) The Membership is transferred as a part of the conveyance of real estate from which the Membership arose.
 - 2) In the event that Membership is transferred pursuant to the provisions of Sub-Section 6.c. (1) such transfer shall not be completed or recorded on the books and records of the Corporation until such time as the transferor has provided satisfactory evidence to the Corporation of such transfer. A transfer of Membership shall not be binding on the Corporation until such transfer has been approved as provided by Sub-Section 6.c. (3).
 - 3) Qualifications for service upon transfer of Membership set forth in Sub-Section 6.c.(1) and 6.c.(2) shall be subject to approval of the Corporation and shall be recorded on the books and records of the Corporation only upon the following terms and conditions:
 - (a) A Transfer Authorization Form has been completed by the Transferor and Transferee; APR 14 2004
 - (b) The Transferee has completed the required Application Packet;
 - (c) All indebtedness due the Corporation has been paid; TEXAS COMMISSION
 - (d) The Membership Certificate has been surrendered, properly endorsed, by the Transferor; and
 - (e) The Transferee demonstrates satisfactory evidence of ownership of the property designated to receive service and from which the Membership originally arose. QUALITY
 - 4). If the application packet and other information is not completed on the day transfer of membership is requested the corporation will give the transferee written notice of 10 additional days to produce completed documentation to the corporation office. Service will be disconnected on the day following the 10th day according to disconnection with notice requirements. Additional time may be allowed at the directions of the manager or board. (see Miscellaneous Transaction Form—APPLICANT'S NOTICE OF INSUFFICIENT INFORMATION)
- d. **Cancellation of Membership** -- To keep a Membership in good standing, a Service Availability Charge or a Reserved Service Charge must be paid monthly to the Corporation, whether or not water is used. Failure to pay this

monthly charge to the Corporation shall jeopardize the Member's Membership standing and give rise to liquidation of the Membership Fee and forfeiture of the Membership. A Member may be relieved of this obligation to pay by surrendering the Membership Certificate, properly endorsed, to the Corporation. The Member shall also complete a Service Discontinuance Request Form prior to termination of service. (See Misc. Transaction Forms.) However, a Member is not relieved of any obligations incurred prior to the date of surrender of a properly endorsed Membership Certificate prior to termination of service. Rights to future service at this tap shall be extended on an as-available basis and subject to the terms of the Activation of Service Sub-Section E.3.a. of this Tariff. (Texas Water Code 67.016)

- e. **Liquidation Due To Delinquency** -- When the amount of the delinquent charges owed by the Member equals the Membership Fee, the Membership Fee shall be liquidated and the Membership canceled and transferred back to the Corporation. In the event the Member leaves a balance due on an account guaranteed under the terms of a Service Application and Agreement, and the delinquent Member owns more than one Membership Certificate, the Corporation may liquidate as many of the Member Guarantor's Membership Fees as necessary to satisfy the balance due the Corporation, provided proper notice has been given (see Tariff Section E, Subsection 12.1a.(4)). The Corporation shall collect any remaining account balances by initiation of legal action. Re-instatement of service shall be subject to the terms of the Activation of Service Sub-Section E. 3. a. of this Tariff.
- f. **Cancellation Due To Policy Non-Compliance** -- The Corporation may cancel a Membership anytime a Member fails to comply with policies of the Corporation, including but not limited to Member's failure to provide proof of ownership of the property from which the Membership arose. (Texas Water Code 67.016)
- g. **Re-assignment of Canceled Membership** -- The Corporation, upon cancellation of Membership under the provisions of this Tariff, may re-assign the Membership rights thereby granted to any person who satisfactorily demonstrates eligibility for Membership, including but not limited to proof of ownership of the property from which the Membership arose. (Texas Water Code 67.016)
- h. **Mortgaging of Memberships** -- Nothing herein shall preclude a Member from mortgaging his/her Membership. However, notification to the holder of any security interest (mortgagee/lien-holder) of account status of Member/mortgagor will be provided only upon satisfactory completion of requirements for such conditions under the Membership Mortgage Agreement (See Miscellaneous Transaction Forms). Prior to the cancellation of any Membership as provided under Sub-Section E. 4.d. (Cancellation of Membership), the Corporation will notify the holder of any security interest in the Membership. The holder of the security interest also must hold a security interest in the real property at which water service is provided under the Membership. The Corporation may transfer the Membership to the holder of such security interest in lieu of cancellation, provided the holder of the security interest pays in full all delinquent and unpaid obligations and provided further that the holder of the security interest has secured title to the real property from which the Membership arose. The Corporation may withhold cancellation of a Membership pending the resolution of any foreclosure proceedings or similar legal proceedings by the holder of the security interest.
- i. **Cancellation and Re-Assignment of Membership as a Result of Bankruptcy Proceedings** -- Upon notice of the filing of a petition in bankruptcy, the Corporation may require the posting of a deposit or other form of security, acceptable to the Corporation, as a condition for continuing utility service. Unless special circumstances require otherwise, the amount of security shall equal the amount of charges for the month of greatest use during the preceding 12 months. The Corporation shall not require the payment of any security prior to the expiration of 20 days following the date on which the petition is filed. Failure to provide this security by the date specified by the Corporation may result in termination of service according to the Disconnection With Notice Provisions of Section E (12) (a) of this tariff, with a copy of the notice to the bankruptcy Trustee.

- 5. **Owners and Renters.** Any Member, renting or leasing real estate property designated to receive service according to the terms of this tariff to other parties, is responsible for all charges due the Corporation. The Corporation may bill the renter or lessee for utility service (at Member Request) as a third party, but the Member is fully responsible for any and all unpaid bills left by the renter/lessee. The owner shall be required to sign an Alternate Billing Agreement. (See Miscellaneous Transaction Forms.) The Member shall take responsibility for any necessary deposits from the renter/lessee to ensure payment of a past due bill. The Corporation may notify the Member of the renter's past due payment status subject to service charges (see Section: Miscellaneous Transaction Forms).
- 6. **Denial of Service.** The Corporation may deny service for the following reasons:
 - a. Failure of the Applicant or Transferee to complete all required forms and pay all required fees and charges;
 - b. Failure of the Applicant or Transferee to comply with rules, regulations, policies, and bylaws of the Corporation;

- c. Existence of a hazardous condition at the Applicant's property which would jeopardize the welfare of the Members/Users of the Corporation upon connection;
- d. Failure of Applicant or Transferee to provide representatives or employees of the Corporation reasonable access to property, for which service has been requested;
- e. Failure of Applicant or Transferee to comply with all governmental rules and regulations of the Corporation's tariff on file with the state regulatory agency governing the service applied for by the Applicant;
- f. Failure of Applicant or Transferee to provide proof of ownership, to the satisfaction of the Corporation, of property for which the tap has been requested, and/or
- g. Applicant's service facilities are known to be inadequate or of such character that satisfactory service cannot be provided.

7. Applicant's or Transferee's Recourse. In the event the Corporation refuses to serve an Applicant under the provisions of these rules, the Corporation must notify the Applicant, in writing, on the basis of its refusal. The Applicant may file for an appeal, in writing, with the Board of Directors of the Corporation.

8. Insufficient Grounds for Refusal of Service. The following shall not constitute sufficient cause for the refusal of service to an Applicant:

- a. Delinquency in payment for service by a previous occupant of the premises to be served;
- b. Failure to pay a bill to correct previous underbilling due to misapplication of rates more than six (6) months prior to the date of application;
- c. Violation of the Corporation's rules pertaining to operation of non-standard equipment or unauthorized attachments which interferes with the service of others, unless the customer has first been notified and been afforded reasonable opportunity to comply with said requirements;
- d. Failure to pay a bill of another customer as guarantor thereof unless the guarantee was made in writing to the Corporation as a condition precedent to service;
- e. Failure to pay the bill of another customer at the same address except where the change of customer identity is made to avoid or evade payment of a utility bill;
- f. Failure to comply with regulations or rules for anything other than the type of utility service specifically requested including failure to comply with septic tank regulations.

9. Deferred Payment Agreement. The Corporation may offer a deferred payment plan to a Member who cannot pay an outstanding balance in full and is willing to pay the balance in reasonable installments as determined by the Corporation, including any Late Penalty Fees or interest on the monthly balance to be determined as per agreement. (See Miscellaneous Transaction Forms)

10. Charge Distribution and Payment Application.

- a. **The Service Availability Charge or the Reserved Service Charge** is for the billing period from the first of the month to the end of the month. Charges shall be prorated for meter installations and service termination's falling during the billing period. Billings for this amount shall be mailed on or about the 1st of the month preceding the month for which this charge is due. All services shall be subject to this charge whether or not the service is in use by the Member.
- b. **Gallonage Charge** shall be billed at the rate specified in Section G and billing shall be calculated in one thousand (1000) gallon increments. Water charges are based on monthly meter readings and are calculated from reading date to reading date. Readings used in all billing calculations shall be taken by the Corporation's employees or designated representative.
- c. **Posting of Payments** -- All payments shall be posted against previous balances prior to posting against current billings.

11. Due Dates, Delinquent Bills, and Service Disconnection Date. The Corporation shall mail all bills on or about the 1st of the month. All bills shall be due and payable upon receipt and are past due beyond the date indicated on the bill (allowing approximately fifteen (15) days to pay), after which time a penalty shall be applied as described in Section G. A bill is delinquent if not paid on or before the past due date. Payments made by mail will be considered late if postmarked after the past due date. A 5 day grace period may then be allowed for delayed payments prior to mailing of final notices. Final notices shall be mailed allowing ten (10) additional days for payment prior to disconnection. The ten (10) additional days shall begin on the day the final notice is deposited with the U.S. Postal Service with sufficient postage. If the past due date for the regular or final billing is on a weekend or holiday, the past due date for payment purposes shall be the next day the Corporation office is open for business after said weekend or holiday. For all disputed payment deadlines, the date postmarked on each bill will determine the beginning of each billing cycle or final notice mailings.

12. Rules for Disconnection of Service. The following describes the rules and conditions for disconnection of service.

- a. **Disconnection with Notice** -- Water utility service may be disconnected for any of the following reasons after proper notification has been given allowing at least 10 days from mailing date (unless other arrangements or extensions have been granted).
- 1) Returned Checks -- The Corporation shall mail, via the U.S. Postal Service, a notice requiring redemption of the returned instrument within ten (10) days of the date of the notice to be made in the Corporation office. Redemption of the returned instrument shall be made by cash, money order, or certified check. Failure to meet these terms shall initiate disconnection of service. (see Miscellaneous Transaction Forms) Any such instruments returned as insufficient or non-negotiable for any reason for any two billing periods within a 12-month period shall be considered evidence of bad credit risk by the Corporation. The Member/Customer in violation shall be placed on a "cash-only" basis for a period of 12 months. **NOTE:** "cash only," means certified check, money order.
 - 2) Failure to pay a delinquent account for utility service, failure to timely provide a deposit or other security under Section E (4) (i), or failure to comply with the terms of a deferred payment agreement (Miscellaneous Transaction Forms);
 - 3) Violation of the Corporation's rules pertaining to the use of service in a manner which interferes with the service of others or the operation of non-standard equipment if a reasonable attempt has been made to notify the Member and the Member is provided with a reasonable opportunity to remedy the situation;
 - 4) Failure of the Member to comply with the terms of the Corporation's Service Agreement, Tariff, Bylaws, or Special Contract provided that the Corporation has given notice of said failure to comply, and Member has failed to comply within a specified amount of time after notification. (Including but not limited to Failure to provide: an Easement, properly completed documents, etc.)
 - 5) Failure to provide access to the meter under the terms of this Tariff or to property at which water service is received when there is reason to believe that a hazardous condition or policy violation exists for which access is necessary to verify.
 - 6) Misrepresentation by any Applicant or Transferee of any fact on any form, document, or other agreement required to be executed by the Corporation.
 - 7) Failure to pay charges for repairs made by the Corporation according to SIGNED "MEMBER'S EMERGENCY REPAIR REQUEST AGREEMENT" with the next monthly water service bill or by entering into a payment extension agreement within the prescribed payment period. (See Miscellaneous Transaction Forms— Member/Applicant Emergency/Repair Request Agreement. Ref. TNRCC 291.88.(c)(3))
- b. **Disconnection Without Notice** -- Water utility service may be disconnected without notice for any of the following conditions:
- 1) A known dangerous or hazardous condition exists for which service may remain disconnected for as long as the condition exists, including but not limited to a violation of the Texas Sanitation and Health Protection Law 4477-1, or there is reason to believe a dangerous or hazardous condition exists and the Member refuses to allow access for the purpose of confirming the existence of such condition and/or removing the dangerous or hazardous condition (Section E. 3. d., E. 21, 30 TAC 290.46 (j));
 - 2) Service is connected without authority by a person who has not made application for service or who has reconnected service without authority following termination of service for nonpayment; and
 - 3) In instances of tampering with the Corporation's meter or equipment, by-passing the meter or equipment, or other diversion of service. **NOTE:** Where reasonable, given the nature of the reason for disconnection, a written statement providing notice of disconnection and the reason therefore shall be posted at the place of common entry or upon the front door of each affected residential unit as soon as possible after service has been disconnected.
- c. **Disconnection Prohibited** -- Utility service may not be disconnected for any of the following reasons:
- 1) Failure of the Member to pay for merchandise or charges for non-utility service provided by the Corporation, unless an agreement exists between the Applicant and the Corporation whereby the Member guarantees payment of non-utility service as a condition of service (TNRCC 291.88(c)(3);
- NOTE: In addition to other charges this would apply to charges as per the "Member/Applicant Emergency/Repair Request Agreement (See Miscellaneous Transaction Forms)
- 2) Failure of the Member to pay for a different type or class of utility service unless a fee for such service is included in the same bill;
 - 3) Failure of the Member to pay charges arising from an underbilling occurring due to any misapplication of rates more than six (6) months prior to the current billing;

- 4) Failure of the Member to pay the account of another Member as guarantor thereof, unless the Corporation has in writing the guarantee as a condition precedent to service;
 - 5) Failure of the Member to pay charges arising from an underbilling due to any faulty metering, unless the meter has been tampered with or unless such underbilling charges are due under the Inoperative Meters subsection E. 16. of this tariff.
 - 6) Failure of the Member to pay estimated bill other than a bill rendered pursuant to an approved meter reading plan, unless the Corporation is unable to read the meter due to circumstances beyond its control;
 - 7) In response to a request for disconnection by an Owner/Member of rental property where the renter is billed directly by the Corporation as authorized by the owner, and the renter's account is not scheduled for disconnection under the Rules for Disconnection of Service in this Tariff.
- d. **Disconnection on Holidays and Weekends** -- Unless a dangerous condition exists or the Member requests disconnection, service shall not be disconnected on a day, or on a day preceding a day, when personnel of the Corporation are not available to the public for the purpose of making collections and reconnecting service.
 - e. **Disconnection Due to Utility Abandonment** -- The Corporation may not abandon a Member or a Certificated Service Area without written notice to its Members and all similar neighboring utilities and approval from the Texas Natural Resource Conservation Commission.
 - f. **Disconnection for Ill and Disabled** -- The Corporation may not discontinue service to a delinquent residential Member permanently residing in an individually metered dwelling unit when that Member establishes that discontinuance of service will result in some person at that residence becoming seriously ill or more seriously ill if service is discontinued. Each time a Member seeks to avoid termination of service under this Sub-section, the Member must have the attending physician call or contact the Corporation within sixteen (16) days of issuance of the bill. A written statement must be received by the Corporation from the physician within twenty-six (26) days of the issuance of the utility bill. The prohibition against service termination shall last sixty-three (63) days from the issuance of the utility bill or such lesser period as may be agreed upon by the Corporation and Member's physician. The Member shall enter into a Deferred Payment Agreement (see Miscellaneous Transaction Forms).
 - g. **Disconnection of Temporary Service** -- When an applicant with a Temporary service fails to comply with the conditions stated in the Service Application and Agreement Form or other rules of this Tariff service may be terminated with notice.

13. Billing Cycle Changes. The Corporation reserves the right to change its billing cycles if the workload requires such practice. After a billing period has been changed, the billings shall be sent on the new change date unless otherwise determined by the Corporation.

14. Back-billing. The Corporation may back-bill a Member for up to 6 months for meter error, misapplied meter multiplier, incorrect meter readings, or error in computing a Member's bill. Failure to pay the most recent six (6) months billing will result in disconnection of service. Back-billing shall not extend beyond current Membership except in cases involving the transfer of a Membership conditioned upon payment of delinquent obligations by the Transferee, as provided in Section E. Sub-Section 4.h.

15. Disputed Bills. In the event of a dispute between the Member and the Corporation regarding any bill, the Corporation shall forthwith make and conduct an investigation as shall be required by the particular case, and report the results in writing thereof to the Member. All disputes under this Subsection must be submitted to the Corporation, in writing, prior to the due date posted on said bill except in cases involving the transfer of a Membership conditioned on payment of delinquent obligations by the Transferee, as provided under Sub-Section 4.h.

16. Inoperative Meters. Water meters found inoperative will be repaired or replaced within a reasonable time. If a meter is found not to register for any period, unless by-passed or tampered with, the Corporation shall make a charge for units used, but not metered, for a period not to exceed three (3) months, based on amounts used under similar conditions during the period preceding or subsequent thereto, or during corresponding periods in previous years.

17. Bill Adjustment Due To Meter Error. The Corporation shall test any Member's meter upon written request of the Member. In the event the meter tests within the accuracy standards of The American Water Works Association, a test fee as prescribed in Section F of this Tariff shall be imposed. In the event the test results indicate that the meter is faulty or inaccurate, the test fee shall be waived, the meter shall be calibrated or replaced, and a billing adjustment may be made as far back as six (6) months but not extending beyond current Membership except in cases involving the transfer of a Membership conditioned on payment of delinquent obligations by the Transferee, as provided under Sub-Section 4.h. The billing adjustment shall be made to the degree of the meter's inaccuracy as determined by the test. The Member shall complete a Meter Test Request Form prior to the test. (See Misc. Transaction Forms.)

18. Meter Tampering and Diversion. For purposes of these Sections, meter-tampering, by-passing, or diversion shall all be defined as tampering with the Corporation's service equipment, by-passing the same, or other instances of diversion, such as:

- a. removing a locking or shut-off device used by the Corporation to discontinue service,
- b. physically disorienting the meter,
- c. attaching objects to the meter to divert service or to by-pass,
- d. inserting objects into the meter, and
- e. other electrical and mechanical means of tampering with, by-passing, or diverting service.
- f. the use of unauthorized taps or connections to any Corporation pipe(s) or appurtenances to acquire water or service.
(Flush Valves, tanks, wells, treatment plants and main or service lines)

The burden of proof of meter-tampering, by-passing, or diversion is on the Corporation. Photographic evidence or any other reliable and credible evidence may be used; however, any evidence shall be accompanied by a sworn affidavit by the Corporation's staff when any action regarding meter-tampering as provided for in these Sections is initiated. A court finding of meter tampering may be used instead of photographic or other evidence, if applicable. Unauthorized users of services of the Corporation shall be prosecuted to the extent allowed by law under the Texas Penal Code 28.03.

19. Meter Relocation. Relocation of services shall be allowed by the Corporation provided that:

- a. No transfer of Membership is involved;
- b. An easement for the proposed location has been granted to the Corporation;
- c. The Member pays the actual cost of relocation plus administrative fees, and
- d. Service capacity is available at proposed location.

20. Prohibition of Multiple Connections To A Single Tap. No more than one (1) residential service connection is allowed per meter. Any unauthorized submetering or diversion of service shall be considered a Multiple Connection and subject to disconnection of service. If the Corporation has sufficient reason to believe a Multiple Connection exists, the Corporation shall discontinue service under the Disconnection with Notice provisions of this Tariff. (see Sample Application Packet RUS-TX Bulletin 1780-9 (Rev. 5/99))

21. Member's Responsibility.

- a. The Member shall provide access to the meter as per service agreement. If access to the meter is hindered or denied preventing the reading of the meter, an estimated bill shall be rendered to the Member for the month; and a notice shall be sent to the effect that access could not be gained. If access is denied for three (3) consecutive months after proper notification to the Member, then service shall be discontinued and the meter removed with no further notice. (Section E. 3. d.)
- b. The Member shall be responsible for compliance with all utility, local, and state codes, requirements, and regulations concerning on-site service and plumbing facilities.
 - 1) All connections shall be designed to ensure against back-flow or siphonage into the Corporation's water supply. In particular, livestock water troughs shall be plumbed above the top of the trough with air space between the discharge and the water level in the trough. (30 TAC 290.46)
 - 2) The use of pipe and pipe fittings that contain more than 8.0% lead or solder and flux that contain more than 0.2% lead is prohibited for any plumbing installation or repair of any residential or non-residential facility providing water for human consumption and connected to the Corporation's facilities. Customer service pipelines shall be installed by the applicant and shall be a minimum of SDR-26 PVC pipe. (30 TAC 290.46)
- c. A Member owning more than one (1) Membership Certificate shall keep all payments current on all accounts. Failure to maintain current status on all accounts shall be enforceable as per Service Application and Agreement executed by the Member.
- d. The Corporation's ownership and maintenance responsibility of water supply and metering equipment shall end at the meter or other service equipment. Therefore, all water usage registering upon and/or damages occurring to the metering equipment owned and maintained by the Corporation shall be subject to charges as determined by the Corporation's Tariff as amended from time to time by the Board of Directors.
- e. The Corporation shall require each Member to have a cut-off valve on the Member's side of the meter for purposes of isolating the Member's service pipeline and plumbing facilities from the Corporation's water pressure. The valve shall meet AWWA standards (a ball valve is preferred). The Member's use of the Corporation's curb stop or other similar valve for such purposes is prohibited. Any damage to the Corporation's equipment shall be subject to service

RATES AND SERVICE FEES

Unless specifically defined in this Tariff, all fees, rates, and charges as stated shall be non-refundable.

1. **Service Investigation Fee.** The Corporation shall conduct a service investigation for each service application submitted at the Corporation office. An initial determination shall be made by the Corporation, without charge, as to whether the service request is Standard or Non-Standard. Non-standard service will not be allowed. An investigation shall then be conducted and the results reported under the following terms:
 - a. All Standard Service requests shall be investigated without charge and all applicable costs for providing service shall be quoted in writing to the Applicant within ten (10) working days of application.
2. **Membership Fee.** At the time the application for service is approved, a non-refundable Membership Fee must be paid before service shall be provided or reserved for the Applicant by the Corporation.
 - a. The Membership Fee for water service is \$180.00 for each service unit.
3. **Easement Fee.** When the Corporation determines that private right-of-way easements and/or facilities sites are necessary to provide service to the Applicant, the Applicant shall be required to make good faith efforts to secure easements in behalf of the Corporation and/or pay all costs incurred by the Corporation in validating, clearing, and retaining such right-of-way in addition to tap fees otherwise required pursuant to the provisions of this Tariff. The costs may include all legal fees and expenses necessary to attempt to secure such right-of-way and/or facilities sites in behalf of the Applicant. (See Section E. 2. c. (2), Section F. 7. a.)
4. **Installation Fee.** The Corporation shall charge an installation fee for service as follows:
 - a. **Standard Service** shall include all current labor, materials, engineering, legal, customer service inspection, and administrative costs necessary to provide individual metered water and shall be charged on a per tap basis as computed immediately prior to such time as metered service is requested and installed.
 - b. Standard Installations shall include all costs of any pipeline relocations as per Section E.1.c.(6) of this Tariff.
5. **Capital Improvement Fee.** In addition to the Membership Fee, each Applicant shall be required to achieve parity with existing Members by contributing capital in an amount projected to defray the cost of up-grading system facilities.
 - a. Capital Improvement Fee is \$2500.00

6. **Monthly Charges.**

a. **Service Availability Charge**

- (1) **Water Service** - The monthly charge for metered water service, which may or may not include allowable gallonage, is based on demand by meter size. Each charge is assessed based on the number of 5/8" X 3/4" meters (as per American Water Works Association maximum continuous flow specifications (see Miscellaneous) equivalent to the size indicated and is used as a base multiplier for the Service Availability Charge and allowable gallonage. Rates and equivalents are as follows:

METER SIZE	5/8" X 3/4" METER EQUIVALENTS	MONTHLY RATE
5/8" X 3/4"	1.0	\$15.00
3/4"	1.5	\$22.50
1"	2.5	\$32.50

- b. **Reserved Service Charges** -- The monthly charge for each active account at a specific location for which a meter has not been installed but for which the Corporation and the Applicant have entered into agreement and/or contract for reserved service. This monthly charge shall be based on the Corporation's fixed costs to service the Applicant's dedicated facilities on a per Service Unit basis. This charge reserves service to the Applicant's real estate designated to receive service. This

fee is determined on a case by case basis but shall never exceed the Service Availability Charge for Metered Service on a per Service Unit basis.

c. **Gallage Charge** - In addition to the Service Availability Charge, a gallage charge shall be added at the following rates for usage during any one (1) billing period.

- (1) Water \$2.00 per 1,000 gallons for any gallage up to 15,000 gallons.
 \$2.50 per 1,000 gallons for any gallage over 15,000 gallons and up to 25,000 gallons.
 \$4.50 per 1,000 gallons for any gallage over 25,000 gallons and up to 50,000 gallons.
 \$6.00 per 1,000 gallons for any gallage over 50,000gallons.

(2) The Corporation shall, as required by Section 5.235, Water Code of the State of Texas, collect from each of its retail customers a regulatory assessment equal to one-half of one percent of the charge for retail water or wastewater service. This charge shall be collected in addition to other charges for utility service. This fee is collected on all charges pertaining to Section G.6. Monthly Charges of this tariff. (30 TAC 291.76 d.(3) (i))

7. **Late Payment Fee.** Once per billing period, a penalty of \$10.00 shall be applied to delinquent bills. This late payment penalty shall not be applied to any balance to which the penalty was applied in a previous billing, but shall be applied to any unpaid balance during the current billing period.
8. **Owner Notification Fee.** The Corporation may, at the expense of the Member, notify said Member of a renter/lessee delinquent account status prior to disconnection of service. The Owner Notification Fee shall be \$2.00 per notification. (See Miscellaneous Transaction Forms.)
9. **Alternate Billing Agreements.** A member renting or leasing real estate property who requests the corporation to bill the renter or lessee as a third party must sign an Alternate Billing Agreement (see Miscellaneous Transaction Forms) and pay an Alternate Billing Fee of \$10.00
10. **Returned Check Fee.** In the event a check, draft, or any other similar instrument is given by a person, firm, corporation, or partnership to the Corporation for payment of services provided for in this Tariff, and the instrument is returned by the bank or other similar institution as insufficient or non-negotiable for any reason, the account for which the instrument was issued shall be assessed a return check charge of \$25.00. (see Miscellaneous Transaction Forms)
11. **Reconnect Fee.** The Corporation shall charge a fee of \$40.00 for reconnecting service after the Corporation has previously disconnected the service for any reason provided for in this Tariff except for activation of service under Section E.3.b. Re-Service.
12. **Service Trip Fee.** The Corporation shall charge a trip fee of \$30.00 for any service call or trip to the Member's tap as a result of a request by the Member or resident (unless the service call is in response to damage of the Corporation's or another Member's facilities) or for the purpose of disconnecting or collecting payment for services.
13. **Equipment Damage Fee.** If the Corporation's facilities or equipment have been damaged by tampering, by-passing, installing unauthorized taps, reconnecting service without authority, or other service diversion, a fee shall be charged equal to the actual costs for all labor, material, and equipment necessary for repair, replacement, and other Corporation actions. This fee shall be charged and paid before service is re-established. If the Corporation's equipment has not been damaged, a fee equal to the actual costs for all labor, material, equipment, and other actions necessary to correct service diversions, unauthorized taps, or reconnection of service without authority shall be charged. All components of this fee will be itemized, and a statement shall be provided to the Member. If the Corporation's facilities or equipment have been damaged due to negligence or unauthorized use of the Corporation's equipment, right-of-way, or meter shut-off valve, or due to other acts for which the Corporation incurs losses or damages, the Member shall be liable for all labor and material charges incurred as a result of said acts or negligence.
14. **Customer History Report Fee.** A fee of \$10.00 shall be charged to provide a copy of the Members record of past water purchases in response to a Member's request for such a record.
15. **Meter Test Fee.** The Corporation shall test a Member's meter upon written request of the Member. Under the terms of Section E of this Tariff, a charge of \$30.00 (service trip fee) shall be imposed on the affected account. If the meter is found to be in error no charge shall be assessed.
16. **Transfer Fee.** An Applicant for service who is a Transferee shall complete all required application forms, etc., and pay a Transfer Fee of \$10.00.

SECTION G.
DROUGHT CONTINGENCY
AND
EMERGENCY WATER DEMAND MANAGEMENT PLAN

1 INTRODUCTION

The goal of this plan is to cause a reduction in water use in response to drought or emergency conditions so that the water availability can be preserved. Since emergency conditions can occur rapidly, responses must also be enacted quickly. This plan has been prepared in advance considering conditions that will initiate and terminate the rationing program.

A Drought/Emergency Management Committee consisting of two Board Members and the System Manager will monitor usage patterns and public education efforts and will make recommendations to the Board on future conservation efforts, demand management procedures or any changes to this plan. The Committee will develop public awareness notices, bill stuffers, and other methods that will begin and continue as a constant type of reminder that water should be conserved at all times, not just during a drought or emergency. This Committee will also review and evaluate any needed amendments or major changes due to changes in the WSC service area population, distribution system or supply. This review and evaluation will be done on a regular basis of five years unless conditions necessitate more frequent amendments.

The plan will be implemented according to the three stages of rationing as imposed by the Board. Section D describes the conditions that will trigger these stages.

2. PUBLIC INVOLVEMENT

Opportunity for the public to provide input into the preparation of the Plan was provided by the Board by scheduling and providing public notice of a public meeting to accept input on the Plan. Notice of the meeting was provided to all customers. In the adoption of this plan, the Board considered all comments from customers.

3. COORDINATION WITH REGIONAL WATER PLANNING GROUP

Being located within the Edwards Aquifer Authority, a copy of this Plan has been provided to that Regional Water Planning Group.

4. TRIGGER CONDITIONS

The Drought Emergency Management Committee is responsible for monitoring water supply and demand conditions on a monthly basis (or more frequently if conditions warrant) and shall determine when conditions warrant initiation or termination of each stage of the plan, that is, when the specified triggers are reached. The Committee will monitor monthly operating reports, water supply or storage tank levels and/or rainfall as needed to determine when trigger conditions are reached. The triggering conditions described below take into consideration: the vulnerability of the water source under drought of record conditions; the production, treatment and distribution capacities of the system, and member usage based upon historical patterns.

a. Stage I - Mild Condition: Stage I water allocation measures may be implemented when one or more of the following conditions exist:

- 1) Water consumption has reached 80 percent of daily maximum supply for three (3) consecutive days.
- 2) Water supply is reduced to a level that is only 20 percent greater than the average consumption for the previous month.
- 3) There is an extended period (at least eight (8) weeks) of low rainfall and daily use has risen 20 percent above the use for the same period during the previous year.

- 4) The TD 69-47-306 Medina Well level is at or below 670ft. m.s.l. and above 660ft.m.s.l.

b. Stage II - Moderate Conditions: Stage II water allocation measures may be implemented when one of the following conditions exist:

- 1) Water consumption has reached 90 percent of the amount available for three consecutive days.
- 2) The water level in any of the water storage tanks cannot be replenished for three (3) consecutive days.
- 3) The TD 69-47-306 Medina Well level is at or below 660ft. m.s.l. and above 655ft.m.s.l.

c. Stage III - Severe Conditions: Stage III water allocation measures may be implemented when one of the following five conditions exist:

- 1) Failure of a major component of the system or an event which reduces the minimum residual pressure in the system below 20 psi for a period of 24 hours or longer.
- 2) Water consumption of 95 percent or more of the maximum available for three (3) consecutive days.
- 3) Water consumption of 100 percent of the maximum available and the water storage levels in the system drop during one 24-hour period.
- 4) Natural or man-made contamination of the water supply source(s).
- 5) The declaration of a state of disaster due to drought conditions in a county or counties served by the Corporation.
- 6) Reduction of wholesale water supply due to drought conditions.
- 7) Other unforeseen events which could cause imminent health or safety risks to the public.
- 8) The TD 69-47-306 Medina Well level is at or below 655ft. m.s.l.

5. STAGE LEVELS OF WATER ALOCATIONS

The stage levels of water allocations are to be placed in effect by the triggers in Section D. The System shall institute monitoring and enforce penalties for violations of the Drought Plan for each of the Stages listed below. The water allocation measures are summarized below.

a. Stage I - Mild Conditions

- 1) Alternate day, time of day, or duration restrictions for outside water usage will be implemented. (System will notify Customers which restriction is in effect)
- 2) The system will reduce flushing operations.
- 3) Reduction of customers' water use will be encouraged through notices on bills or other method.

b. Stage II - Moderate Conditions

- 1) Alternate day, time of day, or duration restrictions for outside water usage will be continued. (System will notify Customers which restriction is in effect)
- 2) Filling of new and existing swimming pools is prohibited unless the water is obtained from a source other then the Edwards Aquifer.
- 3) Make public service announcements as conditions change via local media (TV, radio, newspapers, etc.).

c. Stage III - Severe Conditions

- 1) All outside water use is prohibited (except for livestock variances).
- 2) Water use will be restricted to a percentage of each member's prior month usage. This percentage may be adjusted as needed according to demand on the system. Notice of this amount will be sent to each customer.
- 3) Corporation shall continue enforcement and educational efforts.

- Refer to your water purchase contract for additional restrictions/requirements that may be imposed by stipulations from the wholesale supplier.
- There may be additional restrictions imposed by Governmental Entities.
- Meters will be read as often as necessary to insure compliance with this program for the benefit of all the customers.

6. INITIATION AND TERMINATION PROCEDURES

Once a trigger condition occurs, the Corporation, or its designated responsible representative, shall, based on recommendation from the Chairperson of the Drought/Emergency Management Committee, decide if the appropriate stage of rationing shall be initiated. The initiation may be delayed if there is a reasonable possibility the water system performance will not be compromised by the condition. If water allocation is to be instituted, written notice to the customers shall be given.

Written notice of the proposed water allocation measure shall be mailed or delivered to each affected customer upon the initiation of each stage. In addition, upon adoption of Stage II or Stage III, a notice will be placed in a local newspaper or announced on a local radio or television station. The customer notice shall contain the following information:

- a. The date water allocation shall begin,
- b. The expected duration,
- c. The stage (level) of water allocations to be employed,
- d. Penalty for violations of the water allocation program, and
- e. Affected area or areas.

A sample Customer Notice of water allocation conditions is included in Miscellaneous Transaction Forms of this tariff.

If the water allocation program extends 30 days then the Chairperson of the Drought/Emergency Management Committee or manager shall present the reasons for the allocations at the next scheduled Board Meeting and shall request the concurrence of the Board to extend the allocation period.

When the trigger condition no longer exists then the responsible official may terminate the water allocations provided that such an action is based on sound judgment. Written notice of the end of allocations shall be given to customers. A water allocation period may not exceed 60 days without extension by action of the Board.

7. PENALTIES FOR VIOLATIONS

- a. **First Violation** – The customer/member will be notified by a written notice of their specific violation.
- b. **Second Violation** - The Corporation may install a flow restricting device in the customer's service line to limit the amount of water that will pass through the meter in a 24 hour period. The cost of this shall be the actual cost to do the work and shall be paid by the customer.
- c. **Subsequent Violations** - The Corporation may terminate service for up to 7 days and charge for the service call to restore service.

These provisions apply to all customers of the Corporation.

8. EXEMPTIONS OR WAIVERS

The Drought/Emergency Management Committee may, in writing, grant temporary variance for existing water uses otherwise prohibited under this Plan if it is determined that failure to grant such variance would cause an emergency condition adversely affecting the health or sanitation for the public or the person requesting such variance and if one or more of the following conditions are met:

TELEPHONE
EMERGENCY

- a. Compliance with this Plan cannot be technically accomplished during the duration of the water supply shortage or other condition for which the Plan is in effect.
- b. Alternative methods can be implemented which will achieve the same level of reduction in water use.

Persons requesting an exemption from the provisions of this Ordinance shall file a petition for variance with the Drought/Emergency Management Committee within 5 days after the Plan or a particular drought response stage has been invoked or after a condition justifying the variance first occurs. All petitions for variances shall be reviewed by the Committee and shall include the following:

- Name and address of the petitioner(s).
- Purpose of water use.
- Specific provision(s) of the Plan from which the petitioner is requesting relief.
- Detailed statement as to how the specific provision of the Plan adversely affects the petitioner or what damage or harm will occur to the petitioner or others if petitioner complies with this Plan.
- Description of the relief requested.
- Period of time for which the variance is sought.
- Alternative water use restrictions or other measures the petitioner is taking or proposes to take to meet the intent of this Plan and the compliance date.
- Other pertinent information, as requested by the Committee.

Variances granted by the Committee shall be subject to the following conditions, unless specifically waived or modified by the Committee or Board of Directors:

- Variances granted shall include a timetable for compliance.
- Variances granted shall expire when the water allocation is no longer in effect, unless the petitioner has failed to meet specified requirements. No variance allowed for a condition requiring water allocation will continue beyond the termination of water allocation under Section F. Any variance for a subsequent water allocation must be petitioned again. The fact that a variance has been granted in response to a petition will have no relevance to the Committee's decision on any subsequent petition.

No variance shall be retroactive or otherwise justify any violation of this Plan occurring prior to the issuance of the variance.

9. IMPLEMENTATION

The Board establishes a Drought/Emergency Management Committee by Resolution, the chairperson of which will be the responsible representative to make Drought and Emergency Water Management actions. This Committee will review the procedures in this plan annually or more frequently. Modifications may be required to accommodate system growth, changes in water use demand, available water supply and/or other circumstances.

This Plan was adopted by the Board at a properly noticed meeting held on 3/05/04.
