**Re: *Petition of 2021 FII Walnut Springs, LLC to Amend Springs Hill Water Supply Corporation's CCN No. 10666 in Guadalupe County by Streamlined Expedited Release***

Dear Mr. Journeay:

Petitioner 2021 FII Walnut Springs, LLC filed a petition to amend the water CCN of Springs Hill Water Supply Corporation ("Springs Hill") by streamlined expedited release ("SER") on February 8, 2022. On March 11, 2022, the Commission ALJ declared the petition administratively complete. While Springs Hill intervened in this case, it filed no other pleading opposing the SER and the ALJ issued her Proposed Order on May 4, 2022 recommending release of the requested tracts. Thereafter, Commission Staff recommended non-substantive corrections to the order on May 18, which the ALJ incorporated by memo the following day. This was the last action taken in this docket.

It has now been 175 days since the SER petition was declared administratively complete.<sup>1</sup> Accordingly, Petitioner requests that this docket be scheduled for Commission consideration at the next-available open meeting. Alternatively, Petitioner requests that OPDM issue the Proposed Order, as corrected by the ALJ's May 19, 2022 memo, as it has done in other SER cases, some of which were filed after this docket.<sup>2</sup>

Thank you for your consideration.
