## **Memorandum**

**TO:** Brad Reynolds, Attorney  
Legal Division

**FROM:** Patricia Garcia, Infrastructure Analysis Section Director  
Infrastructure Division

**DATE:** August 24, 2022

**RE:** Docket No. 53215 – *Application of Monarch Utilities I L.P. to Amend its Certificates of Convenience and Necessity in Harris, Liberty, and Montgomery Counties*

---

On February 11, 2022, Monarch Utilities I L.P. (Monarch) filed with the Public Utility Commission of Texas (Commission) an application to amend its water Certificate of Convenience and Necessity (CCN) No. 12983 and sewer CCN No. 20899 in Harris, Liberty, and Montgomery Counties, Texas under Texas Water Code (TWC) §§ 13.242 through 13.250 and 16 Texas Administrative Code (TAC) §§ 24.225 through 24.237.

On July 25, 2022, Monarch filed revised mapping and digital data to reduce the requested area, which originally requested 1,431 acres for phases 1 through 7 of a subdivision development, to only include the requested area for phases 1 and 2 which have been approved for construction by the Texas Commission on Environmental Quality.

Based on the mapping review by Dave Babicki, Infrastructure Division, the maps submitted with Item 21 on July 25, 2022 are sufficient.

- The requested area includes 0 customer connections and approximately 220 acres, comprised of uncertificated area.
- The application proposes the addition of approximately 220 acres to CCN Nos. 12983 and 20899.

Based on the above, I recommend that the revised mapping and digital data is sufficient.
