Dear Mr. Timmerman,

On February 22, 2022, Round Rock Ranch PUD Utility Company, Inc. (Round Rock Ranch) filed an application for a Class D rate adjustment for its Certificate of Convenience and Necessity (CCN) Nos. 12797 and 20805 with the Public Utility Commission of Texas (Commission). In order to continue processing the application, Commission Staff (Staff) requires some additional information. Specifically, Staff requests that Round Rock Ranch address the following issues:

- The proposed notice submitted with the application does not show the date on which meters are read. Please amend the notice to include this date. For example, “15<sup>th</sup> of the month.”
- The proposed notice does not include the delivery date of the notice. Please amend the notice to include this date. Please note that the effective date of the approved rate increase must be at least 30 days from the delivery date of the notice.

Please do not implement the rate increase or provide notice of the rate increase to your customers until the Commission indicates that your application has been approved.

In order to ensure timely review of your application, please file the additional information requested above no later than 10 business days. If you have any questions, please contact me at [merritt.lander@puc.texas.gov](mailto:merritt.lander@puc.texas.gov).
