Dear Sir:

RECEIVED

2022 JUL 11 AM 9:12

PUBLIC UTILITY COMMISSION  
FILING CLERK

After reading the Notice for Publication published in the Blanco County News for docket no. 53300, I would like to express my concern. Why would anyone consider adding more consumers when your existing consumers are being required to restrict their water usage? If we remain in a drought, how long can Canyon Lake supply its existing customers? Thank you for your time and consideration.

Sincerely,

Dorothea Schneider
