APPLICATION OF BIG EASY AGUA § PUBLIC UTILITY COMMISSION
LLC FOR A CERTIFICATE OF §
CONVENIENCE AND NECESSITY IN § OF TEXAS
COLORADO COUNTY §

MOTION TO ADMIT EVIDENCE

I. INTRODUCTION

On March 11, 2022, Big Easy Agua LLC (Big Easy) filed an application to obtain a water Certificate of Convenience and Necessity (CCN) in Colorado County. The requested service area consists of 1, 039 acres and 0 connections.

On April 27, 2023, the Office of Policy and Docket Management (OPDM) filed a request for additional evidence to be filed into the record. Specifically, the OPDM asked for a capital improvements plan and firm capital commitment verification by May 19, 2023 by 3:00 p.m. Technical issues have kept this filing from being filed by 3:00 p.m., but is now being filed by end of business.

II. MOTION TO ADMIT EVIDENCE

Big Easy requests that the following evidence be admitted into the record:

- (1) Letter answering request including attachments (Explanation and pictures)

III. CONCLUSION

Big Easy respectfully request that the items listed above be admitted into the record of this proceeding as evidence.

Dated: May 19, 2023

Respectfully Submitted,
BIG EASY AGUA, LLC

Re: APPLICATION OF BIG EASY AGUA LLC FOR A CERTIFICATE OF CONVENIENCE
AND NECESSITY IN COLORADO COUNTY
DOCKET NO. 53336

Dear Public Utility Commission of Texas:

Please accept this letter as response to requests from the Office of Policy and Docket Management (OPDM) dated April 27, 2023.

OPDM asked for clarification of the location in the record or submission of a capital improvements plan and firm capital commitments: The water plant and distribution system have already been constructed and paid for. Please find attached, in Attachment A, photos of the constructed water plant. The water plant is sized to provide water for the entire proposed development.

Please feel free to contact me if you require any additional information or if you have any questions regarding this submittal.

Sincerely,
WATERENGINEERS, INC.

Shelley Young

A large, grey, rectangular electrical panel mounted on the wall. It has a single door with a handle and a lock. Several conduits and wires enter and exit the bottom of the panel.

A smaller, grey, rectangular control box with its door open. Inside, a white device labeled 'SENTINEL' is visible, with various colored wires connected to it. The box is mounted on the wall.

A large, grey, rectangular transformer or power supply unit. It has a 'HPS' logo on the front. Below the logo are several warning labels, including one that says 'DANGER PELIGRO'. On top of the unit, there is a white box and some papers.

Two cardboard boxes on the floor. The one in the foreground is partially open and has the name 'kamstrup' printed on its side.
