RE: 15 June, 2023 Open Meeting – Item No. XX
Docket No. 53336 – *Application of Big Easy Agua LLC for a Certificate of Convenience and Necessity in Colorado County*

A revised proposed order in the above-referenced docket is posted for consideration and action by the Commission. If the Commission approves the revised proposed order, I recommend the following change

Conclusion of law 30 should be amended for accuracy.

30. Big Easy Agua provided subdivision plats, engineering planning maps, and other large-scale maps that show all its water facilities and illustrate, separately, facilities for production, transmission, and distribution of its services for the first 40 lots that will be developed.

Additionally, the Commission should delegate to the Office of Policy and Docket Management the authority to modify the order to conform to the Citation and Style Guide for the Public Utility Commission of Texas and to make other non-substantive changes to the order for such matters as capitalization, spelling, grammar, punctuation, style, correction of numbering, and readability.
