Re: APPLICATION OF BIG EASY AGUA LLC FOR A CERTIFICATE OF CONVENIENCE
AND NECESSITY IN COLORADO COUNTY
DOCKET NO. 53336

Dear Public Utility Commission of Texas:

We are in receipt of Order No. 19 requiring information and establishing deadlines for continued processing. On June 22, 2023, a request to extend the deadline for responding to Order No. 19 to July 10, 2023 was filed and approved. As mentioned in the previous request, some of the parties associated with providing and filing the required information have been out of the office and additional time is required to completely answer the requested information.

We respectfully request that the deadline for submittal of the required information, along with the motion to admit supplemental evidence, be extended to July 17, 2023. We have spoken with PUC Staff and they are unopposed to this extension request.

Please feel free to contact me if you require any additional information or if you have any questions.

Sincerely,
WATERENGINEERS, INC.

Shelley Young
