I attest that I am the highest-ranking representative, official, or officer with binding authority over the Resource Entities identified above.

I attest that the following activities described in Tex. Admin. Code § 25.53 (c) (4) (C)(i – vi) have been completed for the above-identified Generation Resource or Energy Storage Resource.

(c)(4)(C)(i) – Relevant operating personnel are familiar with and have received training on the applicable contents and execution of the EOP, and such personnel are instructed to follow the applicable portions of the EOP except to the extent deviations are appropriate as a result of specific circumstances during the course of an emergency;

(c)(4)(C)(ii) – The EOP has been reviewed and approved by the appropriate executives;

(c)(4)(C)(iii) – Drills have been conducted to the extent required by subsection (f) of this section;

(c)(4)(C)(iv) – The EOP or an appropriate summary has been distributed to local jurisdictions as needed;

(c)(4)(C)(v) – The entity maintains a business continuity plan that addresses returning to normal operations after disruptions caused by an incident;

(c)(4)(C)(vi) – The entity's emergency management personnel who are designated to interact with local, state, and federal emergency management officials during emergency events have received the latest IS-100, IS-200, IS-700, and IS-800 National Incident Management System training.

I also attest that no Emergency Operations Plan (EOP) changes were made that materially affect how the Resource Entities would respond to an emergency.

The primary emergency contact who can immediately address urgent requests and questions from the commission during an emergency is:
