Austin, Texas 78711-3326

Per 25.53(f) of Substantive Rules Applicable to Electric Service Providers, an electric cooperative must perform an annual drill of its emergency operations plan unless the plan has been implemented in response to an actual event within the last 12 months. The hurricane annex for Jasper-Newton Electric Cooperative's Emergency Operation Plan was executed on Wednesday, September 27, 2023, due to Disturbance 42 forecasted to develop into a tropical storm within 48 hours and continue moving toward the Gulf of Mexico on a west-northwest track. The forecast called for a 100 percent chance of tropical development within the week.

This letter shall serve as official notice that the 2023 annual drill of Jasper-Newton Electric Cooperative's emergency operations plan – hurricane annex shall not be conducted per the above-referenced rule.

Thank you,

A handwritten signature in black ink that reads "Joey Davis".
