

Unusual and Suspicious Activity

LCRA has adopted the federal suspicious activity reporting guidelines. Reporting should be based on these indicators and behaviors, not race or ethnicity.

Behavior	Description
Breach/Attempted Intrusion	Unauthorized personnel attempting to enter or actually entering a restricted area, secured protected site, or nonpublic area. Impersonation of authorized personnel (e.g., police/security officers, janitor, or other personnel).
Misrepresentation	Presenting false information or misusing insignia, documents, and/or identification to misrepresent one's affiliation as a means of concealing possible illegal activity.
Theft/Loss/Diversion	Stealing or diverting something associated with a facility/infrastructure or secured protected site (e.g., badges, uniforms, identification, emergency vehicles, technology, or documents), which are proprietary to the facility/infrastructure or secured protected site.
Sabotage/Tampering/Vandalism	Damaging, manipulating, defacing, or destroying part of a facility/infrastructure or secured protected site.
Cyberattack	Compromising or attempting to compromise or disrupt an organization's information technology infrastructure.
Expressed or Implied Threat	Communicating a spoken or written threat to commit a crime that will result in death or bodily injury to another person or persons or to damage or compromise a facility/infrastructure or secured protected site.
Aviation Activity	Learning to operate, or operating an aircraft, or interfering with the operation of an aircraft in a manner that poses a threat of harm to people or property and that would arouse suspicion of terrorism or other criminality in a reasonable person. Such activity may or may not be a violation of Federal Aviation Regulations. <i>Note: "aircraft" includes unmanned aircraft systems, also known as UAS or drones.</i>
Eliciting Information	Questioning individuals or otherwise soliciting information at a level beyond mere curiosity about a public or private event or particular facets of a facility's or building's purpose, operations, security procedures, etc., in a manner that would arouse suspicion of terrorism or other criminality in a reasonable person.
Testing or Probing of Security	Deliberate interactions with, or challenges to, installations, personnel, or systems that reveal physical, personnel, or

	cybersecurity capabilities in a manner that would arouse suspicion of terrorism or other criminality in a reasonable person.
Recruiting/Financing	Providing direct financial support to operations teams and contacts or building operations teams and contacts; compiling personnel data, banking data, or travel data in a manner that would arouse suspicion of terrorism or other criminality in a reasonable person.
Photography	Taking pictures or video of persons, facilities, buildings, or infrastructure in an unusual or surreptitious manner that would arouse suspicion of terrorism or other criminality in a reasonable person. Examples include taking pictures or video of infrequently used access points, the superstructure of a bridge, personnel performing security functions (e.g., patrols, badge/vehicle checking), security-related equipment (e.g., perimeter fencing, security cameras), etc.
Observation/ Surveillance	Demonstrating unusual or prolonged interest in facilities, buildings, or infrastructure beyond mere casual (e.g., tourists) or professional (e.g., engineers) interest and in a manner that would arouse suspicion of terrorism or other criminality in a reasonable person. Examples include observation through binoculars, taking notes, attempting to mark off or measure distances, etc.
Materials Acquisition/ Storage	Acquisition and/or storage of unusual quantities of materials such as cell phones, pagers, radio control toy servos or controllers; fuel, chemicals, or toxic materials; and timers or other triggering devices, in a manner that would arouse suspicion of terrorism or other criminality in a reasonable person.
Acquisition of Expertise	Attempts to obtain or conduct training or otherwise obtain knowledge or skills in security concepts, military weapons or tactics, or other unusual capabilities in a manner that would arouse suspicion of terrorism or other criminality in a reasonable person.
Weapons Collection/ Discovery	Collection or discovery of unusual amounts or types of weapons, including explosives, chemicals, and other destructive materials, or evidence, detonations or other residue, wounds, or chemical burns, that would arouse suspicion of terrorism or other criminality in a reasonable person.

Workers may watch the If You See Something, Say Something® video by the U.S. Department of Homeland Security for additional information about unusual and suspicious activity.

[REDACTED]

Workers should be aware of and report [REDACTED]
[REDACTED]. The following are indicators of [REDACTED] that should be reported for evaluation.

- [REDACTED]
- [REDACTED]
- [REDACTED]
- [REDACTED]
- [REDACTED]
- [REDACTED]
- [REDACTED]
- [REDACTED]
- [REDACTED]
- [REDACTED]
- [REDACTED]
- [REDACTED]
- [REDACTED]
- [REDACTED]
- [REDACTED]

Observing Details for Reporting

[REDACTED]

[REDACTED]

- [REDACTED]
- [REDACTED]
- [REDACTED]
- [REDACTED]

Workers have a duty to report suspected criminal activity and emergencies involving LCRA facilities, property, and workers, as well as any violations of the physical security procedures.

Emergencies and Physical Security Incidents

Emergencies and physical security incidents [REDACTED]

[REDACTED]

Violations of LCRA Security Policies

Policy violations not requiring an emergency response may be reported to any of the following:

- Your supervisor or manager
- LCRA Public Safety Dispatch – 512-730-6322
- Human Resources – 512-473-4004
- LCRA Ethics Hotline – 877-820-0535

Physical Security Issues

Non-emergency issues with physical security systems, such as malfunctioning badge readers, cameras, and alarm systems, shall be reported to LCRA Public Safety Dispatch at 512-730-6322.

RESPONSE

Workers will follow any directions provided by LCRA Public Safety Dispatch or a 911 operator when reporting an emergency. The following additional guidelines will assist with responding to certain types of events.

General Crime Scene Preservation

Workers may encounter a crime scene in the course of their work. A crime scene is any location that may contain evidence. Crime scenes may include buildings, vehicles, outdoor areas, technology devices, a person's body, or any object found in those places. Preserving evidence of a crime is essential to the criminal investigation process.

Crime scenes should be presumed to exist at any location where a crime has been committed. Workers locating a crime scene shall not touch or move any objects unless there is an immediate need to provide lifesaving care. Workers shall move outside the crime scene and secure the area against entry until law enforcement arrives. Be sure to note everyone that entered the area, why they were present, and what they touched or moved.

LCRA GENERATION OPERATIONS			
Thomas C. Ferguson: Facility Emergency Operations Plan 2001 Ferguson Road Horseshoe Bay, Texas 78657 Llano County Control Room: (830) 596-7105 Public Safety Dispatch at x8911 or (512) 730-8911			
Approval Date	3/23/2022	Owner	Plant Director
Effective Date	2022	Owner Review	Annual
Revision Date	3/23/2022	Next Review	3/23/2023

Confidentiality Statement

This document contains confidential emergency response information and response plans pertaining to critical infrastructure and the protection of critical infrastructure as defined in the Critical Infrastructure Information Act of 2002 (6 U.S.C. 131 et seq.). It contains information that may be exempt from public release under the Freedom of Information Act (5 U.S.C. 552) and the Texas Public Information Act (Chapter 552, Texas Government Code). This information is shared with certain governmental entities in expectation of protection from disclosure as provided by the provisions of the Critical Infrastructure Information Act of 2002; Chapter 421, Texas Government Code, Texas Homeland Security; and Section 418.176 - 418.183, Chapter 418, Texas Government Code relating to the protection of certain information pertaining to emergency response providers, vulnerability assessments and critical infrastructure. Information is confidential if the information is collected, assembled or maintained by or for a governmental entity for the purpose of preventing, detecting, responding to or investigating an act of terrorism or related criminal activity. Any requests for release of all or any portion of this document should be referred to LCRA's Legal Department.

Documentation Protection

LCRA is required to identify and protect essential records, according to the Texas Local Government Records Act. The Plan Approver is responsible for ensuring staff identify and protect essential records appropriately. The electronic version of the plan, links and corresponding annexes will be maintained on Generation's SharePoint site. Personnel may view basic information on facility emergency operations plans on [REDACTED]. Although the information on this site is available to all employees, it is confidential and is intended for internal use only. Permissions are granted by the plan administrator. The Hub entry includes a date when this plan was last reviewed, revised, exercised and/or activated for an event. A hard copy of the Facility Emergency Operations Plan and a LCRA-issued media, such as an IronKey drive, of this plan shall be kept in the following locations:

This image consists of approximately 18 horizontal black bars of different lengths, stacked vertically. These bars represent redacted text from a document. The bars vary significantly in width, with some spanning most of the page and others being much narrower. There are no visible markings, text, or patterns other than the solid black rectangles themselves.

Approval Date	3/25/2022	Owner	Plant Director
Effective Date	2022	Owner Review	Annual
Revision Date	3/23/2022	Next Review	3/23/2023

CONFIDENTIALITY STATEMENT

This document contains confidential emergency response information and response plans pertaining to critical infrastructure and the protection of critical infrastructure as defined in the Critical Infrastructure Information Act of 2002 (6 U.S.C. 131 et seq.). It contains information that may be exempt from public release under the Freedom of Information Act (5 U.S.C. 552) and the Texas Public Information Act (Chapter 552, Texas Government Code). This information is shared with certain governmental entities in expectation of protection from disclosure as provided by the provisions of the Critical Infrastructure Information Act of 2002; Chapter 421, Texas Government Code, Texas Homeland Security; and Section 418.176 - 418.183, Chapter 418, Texas Government Code relating to the protection of certain information pertaining to emergency response providers, vulnerability assessments and critical infrastructure. Information is confidential if the information is collected, assembled or maintained by or for a governmental entity for the purpose of preventing, detecting, responding to, or investigating an act of terrorism or related criminal activity. Any requests for release of all or any portion of this document should be referred to LCRA's Legal Department.

DOCUMENTATION PROTECTION

LCRA is required to identify and protect essential records, according to the Texas Local Government Records Act. The plan approver is responsible for ensuring staff identify and protect essential records appropriately. The electronic version of the plan, links and

Lost Pines Power Park

corresponding annexes will be maintained on Generation's Lost Pines Power Park SharePoint site. Workers may view basic information on facility emergency operations plans on LCRA's [REDACTED] SharePoint site. Permissions are granted by the plan administrator. The Hub entry includes a date when this plan was last reviewed, revised, exercised and/or activated for an event.
