## **Longbow Solar, LLC - Emergency Operations Plan**

Rev 1.0

---

---

## 0.0 REVISION CONTROL

---

Version	Approval Date	Effective Date	Name	Title
1.0	4/13/2022	Upon COD 9/1/2022 (est.)	Matthew Kosakowski	Owner's Representative

---

## 1.0 INTRODUCTION TO FACILITY

---

### 1.1 Facility Information

Longbow Solar (Facility) is a 87.0 MWac (nameplate) solar facility located in Brazoria County, TX. Facility is expected to commence commercial operations in Q4 2022 and is interconnected to ERCOT at the Danbury Substation (owned and operated by CenterPoint Energy). Longbow Solar, LLC (Longbow) is the registered Generator Owner (GO) for the Facility. The registered Generator Operator (GOP) for the Facility is ACT Power Services, LLC.

---

## 2.0 PURPOSE

---

### ERCOT and Public Utilities Commission of Texas

This Plan provides guidance and direction to Longbow regarding compliance with the emergency operations requirements for power generation companies (PGC) under §25.53 of the Public Utilities Commission of Texas (PUCT) Electric Substantive Rules.

*This procedure does not manage nor address Emergency Preparedness and Operations (EOP) processes relating to NERC standard requirements (such as EOP-004 and EOP-005).*

### Occupational Safety and Health Administration

This plan has been developed to ensure compliance with Occupational Safety and Health Administration (OSHA) 29 CFR 1910.38 (Emergency Action Plans). Longbow acknowledges awareness that any significant changes in types or quantities of chemicals or other hazards on the site will necessitate review of this plan. Any such revisions to this plan will be communicated with appropriate agencies and organizations.

Beyond compliance with the rules noted above, Longbow recognizes that proper planning for emergency operations is critical to provide a coordinated response that protects life, property, and the environment.

---

## 3.0 SCOPE

---

This Plan covers all in-scope *Subchapter C. Infrastructure and Reliability* requirements. Longbow will maintains separate Winter and Summer Weatherization Plans that help meet

compliance with the severely hot and severely cold weather planning required by the PUCT.
