Ector County Generation, LLC

Emergency Operations Plan – Executive Summary

Pursuant to the Public Utility Commission of Texas substantive rule 16 Texas Administrative Code (“TAC”) § 25.53, Electric Service Emergency Operations Plans, Ector County Generation, LLC (“ECEC”) as Power Generation Company (“PGC”) No. 20334 submits this Executive Summary.

In compliance with § 25.53(c)(1)(A), ECEC additionally submits the below documents, attached hereto:

- Record of Distribution. § 25.53(c)(1)(A)(i)(III)
- An executed affidavit from its highest-ranking officer. § 25.53(c)(1)(A)(i)(IV)
- A complete copy of its Emergency Operations Plan, with the confidential sections redacted. § 25.53(c)(1)(A)(ii)

The purpose of the Emergency Operations Plan is to detail the requirements and actions for emergency operations of the thermal electric generation facility in Texas, along with weather emergency preparedness measures undertaken at the facility. The Emergency Operations Plan consists of direct actions to be taken by site staff during emergency conditions as well as references to existing procedures and policies which staff should utilize during emergency conditions.

EOP Section Title/Content	EOP Section Reference & Page Number	25.53 Rule Requirement
Approval and Implementation: Purpose	Section 1, Page 3	(d)(1)(A)
Approval and Implementation: Applicability	Section 2, Page 3	(d)(1)(A), (d)(1)(D), & (d)(1)(E)
Weather Emergency Annex: Operations During Cold or Hot Weather Emergency	Section 4.1, Page 3	(e)(2)(A)(i), (e)(2)(A)(iii)
Weather Emergency Preparedness	Section 4.2, Page 4	25.55
