1. Executive Summary

This document outlines steps to be taken in the event of an emergency at the Byrd Ranch Storage site ("Project") owned by Byrd Ranch Storage LLC ("Owner") (the "Plan"). This Plan satisfies the requirements of the Public Utility Commission of Texas (PUCT) Emergency Operations Plan (Substantive Rule 25, §25.53 & §25.55) and ERCOT Nodal Protocol Section 3.21. See Section 4 of this document for the officer affidavit required under §25.53(c)(1)(A)(i)(IV). This Plan also presents seasonal weather preparedness plan required under the ERCOT Nodal Protocols.

In addition to the procedures outlined in this Plan, personnel should always observe that the current version of the Plan supersedes any previously approved versions.

Definition of Emergency

For the purposes of this Plan, an Emergency is an instance in which the known, potential consequences of a hazard or threat are sufficiently imminent and severe such that an entity should take prompt action to prepare for and reduce the potential impact of harm that may result from the hazard or threat. The term includes an emergency declaration as ordered by local, state, or federal government, or ERCOT or another reliability coordinator designated by the North American Electric Reliability Corporation and is applicable to the entity.

Record of Distribution and Training

The following table identifies the titles and names of the person's that have recently received access to and training on the Plan, as well as the dates of such access or training. Training will occur following every update of this Plan and/or annually as necessary and following the affidavit submittal.

3

Owner will review this Plan on an annual basis to confirm correct procedures and compliance with relevant PUCT, ERCOT, or other requirements.

Owner will ensure that appropriate National Incident Management System training requirements under IS-100, IS-200, IS-700, and IS-800 are completed by appropriate personnel as required by PUCT regulations before the facility reaches its Commercial Operations Date.

Other Responsibilities

Owner will review this Plan at least annually to confirm correct procedures and compliance with relevant PUCT, ERCOT, or other requirements. List of approved people to update and review this Plan is located at the start of this Plan.

4. Emergency Operating Plan Affidavit

The attached affidavit is presented in accordance with PUCT Substantive Rule $\S25.53(c)(2)(M)$.

EMERGENCY OPERATIONS PLAN AFFIDAVIT

STATE OF ILLINOIS)
COUNTY OF DUPAGE)
BEFORE ME, the undersigned authority, on this 28th day of July, 2022, personally appeared the undersigned who, after being duly sworn, stated on his oath that he is entitled to make this Affidavity and that the statements contained below are true and correct.
"My name is Chris McKissack. I am the Chief Executive Officer of Byrd Ranch Storage LLC. My business address is 132 N. York Street, Suite 3L, Elmhurst, IL 60126.
I swear or affirm that I have personal knowledge of the facts set forth in this Affidavit. I am over 18 years of age and competent to make this affidavit. Byrd Ranch Storage LLC, a registered Power Generation Company, has emergency operations procedures in accordance with Public Utility Commission of Texas Subst. Rule §25.53. Specifically;
 all relevant operating personnel are familiar with and have received training on the applicable contents and execution of the EOP, and such personnel are instructed to follow the applicable portions of the EOP except to the extent deviations are appropriate as a result of specific circumstances during the course of an emergency; the EOP has been reviewed and approved by the appropriate executives; drills have been conducted to the extent required by Texas Subst. Rule §25.53(f); the EOP or an appropriate summary has been distributed to local jurisdictions as needed; Byrd Ranch Storage LLC entity maintains a business continuity plan that addresses returning to normal operations after disruptions caused by an incident; and the emergency management personnel of Byrd Ranch Storage LLC who are designated to interact with local, state, and federal emergency management officials during emergency events will receive the latest IS-100, IS-200, IS-700, and IS-800 National Incident Management System training before the facility reaches commercial operations."
AND MAD
Name: Chris McKissack
