RE: 16 TAC § 25.53, ELECTRIC SERVICE EMERGENCY OPERATING PLAN

EXECUTIVE SUMMARY

PROENERGY Holding Company Inc. and its subsidiaries (collectively referred to as “PROENERGY”), established the Electric Service Emergency Operations Plan (EOP/Plan) to address power plant operations and response during Emergency Events.

Per the Texas Administrative Code §25.53, PROENERGY updated its Plan to reflect new operating entities. The PROENERGY Plan contains procedures for addressing weather related and non-weather-related emergencies. Specific sections of the EOP that correspond to requirements of 16 Texas Administrative Code §25.53 are as follows:

PUCT 25.53			PROENERGY EOP		Description
(d)	(1)	(A)	Page 2	Section 2	EOP introduction and applicability
(d)	(1)	(B)	Page 3	Section 3	EOP roles and responsibilities
(d)	(1)	(C)	Page 2	Section 2	Revision control
(d)	(1)	(D) (E)	Page 2	Section 2	Dated statements
(d)	(2)	(B)		Section H	Communications Plan
(d)	(3)		Page 6	Section F	Pre-identified supplies for emergency response
(d)	(4)		Page 5	Section C	Staffing during an emergency response
(d)	(5)		Page 5	Section B	Identification of emergencies and activation of EOP
(d)	(6)		Page 7	Section 8	Relevant Annexes
(f)			Page 7	Section 6	Drills

Contacts for questions and requests regarding the PROENERGY Plan are as follows:

**ELECTRIC SERVICE EMERGENCY OPERATIONS PLAN
SWORN ATTESTATION**

STATE OF MISSOURI)
COUNTY OF PETTIS)

Before me, the undersigned authority, on this day, personally, and who, after being duly sworn, stated he is entitled to make this Sworn Attestation, and the statements contained below are based on personal knowledge and true and correct.

I, Jeff Canon, swear or affirm the following on behalf of the below entities and generation resources, operating within the state of Texas.

I attest all activities described in 16 Texas Administrative Code §25.53(c)(4)(C) have been completed for the below-identified Generation Resources. Further, I attest that the statements contained in the Electric Service Emergency Operations Plan (Plan) are true and accurate. In addition, relevant operation personnel are familiar with and received training on the applicable contents and execution of the Plan.

Entities:

- HO Clarke Generating, LLC and HO Clarke II, LLC
- Topaz Generating, LLC and Topaz II, LLC
- Braes Bayou Generating, LLC and Braes Bayou II, LLC
- Mark One Generating, LLC and Mark One II, LLC
- Brotman Generating, LLC and Brotman II, LLC
- Remy Jade Generating, LLC and Remy Jade II, LLC

Generation Resources:

- HO Clarke (PRO) Unit 1 through Unit 6 and HO Clarke II (PRO) Unit 7 and Unit 8
- Topaz (TPZ) Unit 1 through Unit 7 and Topaz II (TPZ) Unit 8 through Unit 10
- Braes Bayou (RAB) Unit 3 through Unit 8 and Braes Bayou II (RAB) Unit 1 and Unit 2
- Mark One (BCH) Unit 1 through Unit 6 and Mark One II Unit 7 through 10
- Brotman (BTM) Unit 1 through Unit 6 and Brotman II (BTM) Unit 7 and Unit 8
- Remy Jade Unit 1 through 6 and Remy Jade II Unit 7 through 10

Jeff Canon, Chief Executive Officer
PROENERGY Holding Company Inc.

Sworn before me on this 22 day of February 2023

Notary Public Signature and Seal
