RE: Project No. 53388 - *Application of Elawan Pitts Dudik Solar, LLC for a Power Generation Company Registration*

### RECOMMENDATION

On March 22, 2022 Elawan Pitts Dudik Solar, LLC (Elawan Pitts or the Company) filed an application to register as a new power generation (PGC) company pursuant to 16 Texas Administrative Code (TAC) § 25.109. On March 28, and April 13, 2022 the Company filed supplemental information to clarify and correct its application. The facility being registered as a PGC is Pitts Dudik Solar.

After a review of Elawan Pitts’s registration request, I have concluded that the applicant has satisfactorily completed the registration requirements under 16 TAC § 25.109(d) by providing a description of the location of the facility used to generate electricity; a description of the types of services provided by the person that pertain to the generation of electricity; and all information requested on the Commission-prescribed form. An oath or affirmation signed by an owner, partner, or officer of the registering party was included with the application pursuant to 16 TAC § 25.109(f).

Therefore, I recommend that Elawan Pitts Dudik Solar, LLC’s registration request be granted and Commission records be revised to reflect the registration.
