RE: Project No. 53401 – Electric Weather Preparedness Standards-Phase II
Proposal for Adoption - Correction of error requested

A correction of error has been sent to the Texas Register/Secretary of State's office regarding the Proposal for Adoption filed in Central Records on September 29, 2022.

The Public Utility Commission of Texas requests a correction of error to:

TRD No. 202203933; submission date is Sept. 30, 2022.

Proposal for Adoption for issue of October 14, 2022.

We respectfully request that a correction be published in the next issue of the *Texas Register*.

The words “winter” should be replaced with “summer” as shown below.

- (c)(2)(E) Beginning in 2023, create a list of all hot weather critical components, review the list at least annually prior to the beginning of the summer ~~winter~~ season, and update the list as necessary.
- (f)(2)(E) Beginning in 2023, create a list of all hot weather critical components, review the list at least annually prior to the beginning of the summer ~~winter~~ season, and update the list as necessary.
