Request to Intervene in the Sale of Water Works I & II to CSWR – Texas Utility Operating Company, LLC; Public Utility Commission of Texas; Docket 53430;

I wish to intervene in the proceeding of the Sale of Water Works I & II to CSWR – Texas Utility Operating Company, LLC.

My name is Mark Blankenship. My wife, Joan Blankenship, and myself have a legally binding contract to purchase a portion of the property included in this sale. Our contract predates the contract between CSWR and Water Works I & II. The property was scheduled to close yesterday, June 16th, 2022 but Cody Lewis of Water Works I & II failed to sign and close as planned. I believe that Cody Lewis intentionally postponed the closing to allow the time to run out on our ability to intervene in the sale of Water Works I & II.

While the piece of property is inconsequential to the value of the business that CSWR is buying, it is of strategic importance to my wife and me.

Attached you will find an Affidavit of Contract that was filed on April 14, 2022 in Llano County Texas that supports my claim. The Title Company handling your purchase would surely come across this Affidavit of Contract when they do a final search of the County records just prior to closing.

I am requesting that the sale of Water Works I & II be postponed until this contract has closed and the claim settled. Cody Lewis is unable or unwilling to comply with the terms of the contract, then I would like to suggest that CSWR agree in writing to sell Tract H to Mark & Joan Blankenship within 60 days of the closing of the sale of Water Works I and II to CSWR.

This same information is being forwarded to the Public Utility Commission of Texas for their consideration.
