

## **Filing Receipt**

**Filing Date - 2023-05-09 09:19:00 AM**

**Control Number - 53445**

**Item Number - 54**

**DOCKET NO. 53445**

**APPLICATION OF UNDINE TEXAS           §       PUBLIC UTILITY COMMISSION  
LLC TO AMEND ITS CERTIFICATE       §  
OF CONVENIENCE AND NECESSITY     §   OF TEXAS  
IN FORT BEND COUNTY               §**

**ORDER NO. 15  
REQUIRING CLARIFICATION**

This Order requires Undine and Commission Staff to clarify whether the public water system that will provide service to the requested area in this application is the Tejas Lakes Subdivision water system, Texas Commission on Environmental Quality (TCEQ) identification number 0790504, or if a new public water system will be or is being constructed. If a new public water system is required, what will be the name and identification number and is construction underway or complete?

The application requests the addition of 90 uncertificated acres to Undine's certificate service area with zero existing customers but indicates that growth in the area is anticipated and construction of facilities will be needed to serve the requested area. The joint proposed notice of approval and Commission Staff's final recommendation say the Tejas Lakes Subdivision water system will serve the requested area. Commission Staff states that no additional construction is necessary for Undine to serve the requested area. Both the application and proposed NOA also say TCEQ has approved plans for Undine to build facilities in the requested area to serve future customers.

On or before May 15, 2023, Undine and Commission Staff must jointly provide the requested clarification.

**Signed at Austin, Texas the 9th day of May 2023.**

**PUBLIC UTILITY COMMISSION OF TEXAS**
