

**Pelican Isle**

**(Formerly THRC Utility, LLC)**

(Utility Name)

**SECTION 1.0 - RATE SCHEDULE (Continued)**

**COMMERCIAL & NON-RESIDENTIAL DEPOSIT ..... 1/6TH OF ESTIMATED ANNUAL BILL**

**GOVERNMENTAL TESTING, INSPECTION AND COSTS SURCHARGE**

WHEN AUTHORIZED IN WRITING BY PUC AND AFTER NOTICE TO CUSTOMERS, THE UTILITY MAY INCREASE RATES TO RECOVER INCREASED COSTS FOR INSPECTION FEES AND WATER TESTING. [16 TAC § 24.25(b)(2)(G)]

**LINE EXTENSION AND CONSTRUCTION CHARGES**

REFER TO SECTION 3.0--EXTENSION POLICY FOR TERMS, CONDITIONS, AND CHARGES WHEN NEW CONSTRUCTION IS NECESSARY TO PROVIDE SERVICE.

**Leon Springs Utility Company**

**(Leon Springs Utility)**

Total service area is inside the city. Rates are subject to San Antonio’s jurisdiction

(Utility Name)

**SECTION 1.0 - RATE SCHEDULE**

Section 1.01 - Rates

<u>Meter Size</u>	<u>Monthly Minimum Charge</u>	<u>Gallonge Charge</u>
5/8" or 3/4"	\$11.93 (Includes 1,500 gallons)	\$2.748 per 1,000 over the minimum

FORM OF PAYMENT: The utility will accept the following forms of payment:

Cash X, Check X, Money Order X, Credit Card    , Other (specify)      
 THE UTILITY MAY REQUIRE EXACT CHANGE FOR PAYMENTS AND MAY REFUSE TO ACCEPT PAYMENTS MADE USING MORE THAN \$1.00 IN SMALL COINS. A WRITTEN RECEIPT WILL BE GIVEN FOR CASH PAYMENTS.

REGULATORY ASSESSMENT ..... 1.0%  
 PUC RULES REQUIRE THE UTILITY TO COLLECT A FEE OF ONE PERCENT OF THE RETAIL MONTHLY BILL AND TO REMIT THE FEE TO THE TCEQ.

Section 1.02 - Miscellaneous Fees

TAP FEE ..... \$40.00  
 TAP FEE COVERS THE UTILITY’S COSTS FOR MATERIALS AND LABOR TO INSTALL A STANDARD RESIDENTIAL 5/8" or 3/4" METER. AN ADDITIONAL FEE TO COVER UNIQUE COSTS IS PERMITTED IF LISTED ON THIS TARIFF.

TAP FEE (Unique costs) ..... Actual Cost  
 FOR EXAMPLE, A ROAD BORE FOR CUSTOMERS OUTSIDE OF SUBDIVISIONS OR RESIDENTIAL AREAS.

TAP FEE (Large meter) ..... Actual Cost  
 TAP FEE IS THE UTILITY’S ACTUAL COST FOR MATERIALS AND LABOR FOR METER SIZE INSTALLED.

METER RELOCATION FEE ..... Actual Relocation Cost, Not to Exceed Tap Fee  
 THIS FEE MAY BE CHARGED IF A CUSTOMER REQUESTS THAT AN EXISTING METER BE RELOCATED.

METER TEST FEE ..... \$0.00  
 THIS FEE WHICH SHOULD REFLECT THE UTILITY’S COST MAY BE CHARGED IF A CUSTOMER REQUESTS A SECOND METER TEST WITHIN A TWO-YEAR PERIOD AND THE TEST INDICATES THAT THE METER IS RECORDING ACCURATELY. THE FEE MAY NOT EXCEED \$25.

**Leon Springs Utility Company**

**(Leon Springs Utility)**

Total service area is inside the city. Rates are subject to San Antonio’s jurisdiction

(Utility Name)

**SECTION 1.0 - RATE SCHEDULE (Continued)**

**RECONNECTION FEE**

THE RECONNECT FEE MUST BE PAID BEFORE SERVICE CAN BE RESTORED TO A CUSTOMER WHO HAS BEEN DISCONNECTED FOR THE FOLLOWING REASONS (OR OTHER REASONS LISTED UNDER SECTION 2.0 OF THIS TARIFF):

- a) Nonpayment of bill (Maximum \$25.00) ..... \$25.00
- b) Customer's request that service be disconnected ..... \$25.00

**TRANSFER FEE** ..... \$10.00

THE TRANSFER FEE WILL BE CHARGED FOR CHANGING AN ACCOUNT NAME AT THE SAME SERVICE LOCATION WHEN THE SERVICE IS NOT DISCONNECTED.

**LATE CHARGE (EITHER \$5.00 OR 10% OF THE BILL)** ..... 10%

PUC RULES ALLOW A ONE-TIME PENALTY TO BE CHARGED ON DELINQUENT BILLS. A LATE CHARGE MAY NOT BE APPLIED TO ANY BALANCE TO WHICH THE PENALTY WAS APPLIED IN A PREVIOUS BILLING.

**RETURNED CHECK CHARGE** ..... \$35.00

RETURNED CHECK CHARGES MUST BE BASED ON THE UTILITY’S DOCUMENTABLE COST.

**CUSTOMER DEPOSIT RESIDENTIAL (Maximum \$50)**..... \$0.00

**COMMERCIAL & NON-RESIDENTIAL DEPOSIT** ..... 1/6TH OF ESTIMATED ANNUAL BILL

**GOVERNMENTAL TESTING, INSPECTION AND COSTS SURCHARGE:**

WHEN AUTHORIZED IN WRITING BY PUC AND AFTER NOTICE TO CUSTOMERS, THE UTILITY MAY INCREASE RATES TO RECOVER INCREASED COSTS FOR INSPECTION FEES AND WATER TESTING. [16 TAC § 24.25(b)(2)(G)]

**LINE EXTENSION AND CONSTRUCTION CHARGES:**

REFER TO SECTION 3.0--EXTENSION POLICY FOR TERMS, CONDITIONS, AND CHARGES WHEN NEW CONSTRUCTION IS NECESSARY TO PROVIDE SERVICE.

**SECTION 1.0 - RATE SCHEDULE**

Section 1.01 - Rates

<u>Meter Size</u>	<u>Monthly Minimum Charge</u>	<u>Gallonge Charge</u>
5/8"	\$46.24 (Includes <u>1,500</u> gallons)	\$4.47 per 1,000 gallons
3/4"	\$69.36	
1"	\$115.60	
1 1/2"	\$231.20	
2"	\$369.92	
3"	\$693.60	

Volume charges are determined based on average winter water consumption the months: December, January and February. Customers without a previous winter month's average will be billed at the system wide average until a winter's month average is established.

FORM OF PAYMENT: The utility will accept the following forms of payment:

Cash X, Check X, Money Order X, Credit Card    , Other (specify)      
 THE UTILITY MAY REQUIRE EXACT CHANGE FOR PAYMENTS AND MAY REFUSE TO ACCEPT PAYMENTS MADE USING MORE THAN \$1.00 IN SMALL COINS. A WRITTEN RECEIPT WILL BE GIVEN FOR CASH PAYMENTS.

REGULATORY ASSESSMENT ..... 1.0%  
 PUC RULES REQUIRE THE UTILITY TO COLLECT A FEE OF ONE PERCENT OF THE RETAIL MONTHLY BILL AND TO REMIT THE FEE TO THE TCEQ.

Section 1.02 - Miscellaneous Fees

TAP FEE ..... \$700.00  
 TAP FEE COVERS THE UTILITY'S COSTS FOR MATERIALS AND LABOR TO INSTALL A STANDARD RESIDENTIAL 5/8" or 3/4" METER. AN ADDITIONAL FEE TO COVER UNIQUE COSTS IS PERMITTED IF LISTED ON THIS TARIFF.

TAP FEE (Unique costs) ..... Actual Cost  
 FOR EXAMPLE, A ROAD BORE FOR CUSTOMERS OUTSIDE OF SUBDIVISIONS OR RESIDENTIAL AREAS.

TAP FEE (Large meter) ..... Actual Cost  
 TAP FEE IS THE UTILITY'S ACTUAL COST FOR MATERIALS AND LABOR FOR METER SIZE INSTALLED.

SECTION 1.0 - RATE SCHEDULE (Continued)

RECONNECTION FEE

THE RECONNECT FEE MUST BE PAID BEFORE SERVICE CAN BE RESTORED TO A CUSTOMER WHO HAS BEEN DISCONNECTED FOR THE FOLLOWING REASONS (OR OTHER REASONS LISTED UNDER SECTION 2.0 OF THIS TARIFF):

- a) Nonpayment of bill (Maximum \$25.00) ..... \$25.00
- b) Customer's request that service be disconnected ..... \$50.00

TRANSFER FEE ..... \$20.00

THE TRANSFER FEE WILL BE CHARGED FOR CHANGING AN ACCOUNT NAME AT THE SAME SERVICE LOCATION WHEN THE SERVICE IS NOT DISCONNECTED.

LATE CHARGE (EITHER \$5.00 OR 10% OF THE BILL) ..... \$5.00

PUC RULES ALLOW A ONE-TIME PENALTY TO BE CHARGED ON DELINQUENT BILLS. A LATE CHARGE MAY NOT BE APPLIED TO ANY BALANCE TO WHICH THE PENALTY WAS APPLIED IN A PREVIOUS BILLING.

RETURNED CHECK CHARGE ..... \$30.00

RETURNED CHECK CHARGES MUST BE BASED ON THE UTILITY'S DOCUMENTABLE COST.

CUSTOMER DEPOSIT RESIDENTIAL (Maximum \$50)..... \$50.00

COMMERCIAL & NON-RESIDENTIAL DEPOSIT ..... 1/6TH OF ESTIMATED ANNUAL BILL

GOVERNMENTAL TESTING, INSPECTION AND COSTS SURCHARGE:

WHEN AUTHORIZED IN WRITING BY PUC AND AFTER NOTICE TO CUSTOMERS, THE UTILITY MAY INCREASE RATES TO RECOVER INCREASED COSTS FOR INSPECTION FEES AND WATER TESTING. [16 TAC § 24.25(b)(2)(G)]

LINE EXTENSION AND CONSTRUCTION CHARGES:

REFER TO SECTION 3.0--EXTENSION POLICY FOR TERMS, CONDITIONS, AND CHARGES WHEN NEW CONSTRUCTION IS NECESSARY TO PROVIDE SERVICE.

SECTION 1.0 -- RATE SCHEDULE

<u>Meter Size</u>	<u>Monthly Minimum Charge</u>	<u>Gallonge Charge</u>
5/8" or 3/4"	\$22.00 (Includes unlimited gallons)	<u>N/A</u> None

Volume charges are determined based on average consumption for winter period which includes the following months: \_\_\_\_\_

FORM OF PAYMENT: The utility will accept the following form(s) of payment:

Cash X, Check X, Money Order X, Credit Card \_\_\_\_\_, Other (specify) \_\_\_\_\_

THE UTILITY MAY REQUIRE EXACT CHANGE FOR PAYMENTS AND MAY REFUSE TO ACCEPT PAYMENTS MADE USING MORE THAN \$1.00 IN SMALL COINS. A WRITTEN RECEIPT WILL BE GIVEN FOR CASH PAYMENTS.

REGULATORY ASSESSMENT ..... 1.0%  
 PUC RULES REQUIRE THE UTILITY TO COLLECT A FEE OF ONE PERCENT OF THE RETAIL MONTHLY BILL.

Section 1.02 - Miscellaneous Fees

TAP FEE ..... \$1000.00  
 TAP FEE COVERS THE UTILITY’S COSTS FOR MATERIALS AND LABOR TO INSTALL A STANDARD RESIDENTIAL CONNECTION. AN ADDITIONAL FEE TO COVER UNIQUE COSTS IS PERMITTED IF LISTED ON THIS TARIFF.

TAP FEE (Large Connection Tap) ..... Actual Cost  
 TAP FEE IS THE UTILITY’S ACTUAL COST FOR MATERIALS AND LABOR FOR TAP SIZE INSTALLED.

RECONNECTION FEE  
 THE RECONNECT FEE MUST BE PAID BEFORE SERVICE CAN BE RESTORED TO A CUSTOMER WHO HAS BEEN DISCONNECTED FOR THE FOLLOWING REASONS (OR OTHER REASONS LISTED UNDER SECTION 2.0 OF THIS TARIFF):

- a) Nonpayment of bill (Maximum \$25.00) ..... \$25.00
- b) Customer’s request that service be disconnected ..... \$30.00

TRANSFER FEE ..... \$50.00  
 THE TRANSFER FEE WILL BE CHARGED FOR CHANGING AN ACCOUNT NAME AT THE SAME SERVICE LOCATION WHEN THE SERVICE IS NOT DISCONNECTED.

LATE CHARGE (EITHER \$5.00 OR 10% OF THE BILL) ..... \$5.00  
 PUC RULES ALLOW A ONE-TIME PENALTY TO BE CHARGED ON DELINQUENT BILLS. A LATE CHARGE MAY NOT BE APPLIED TO ANY BALANCE TO WHICH THE PENALTY WAS APPLIED IN A PREVIOUS BILLING.

GOVERNMENTAL TESTING, INSPECTION AND COSTS SURCHARGE:

WHEN AUTHORIZED IN WRITING BY PUC AND AFTER NOTICE TO CUSTOMERS, THE UTILITY MAY INCREASE RATES TO RECOVER INCREASED COSTS FOR INSPECTION FEES AND WATER TESTING. [16 TAC § 24.25(b)(2)(G)]

LINE EXTENSION AND CONSTRUCTION CHARGES:

REFER TO SECTION 3.0--EXTENSION POLICY FOR TERMS, CONDITIONS, AND CHARGES WHEN NEW CONSTRUCTION IS NECESSARY TO PROVIDE SERVICE.

## SECTION 2.0 -- SERVICE RULES AND POLICIES

The utility will have the most current Public Utility Commission of Texas (PUC or Commission) Rules, Chapter 24, available at its office for reference purposes. The Rules and this tariff shall be available for public inspection and reproduction at a reasonable cost. The latest Rules or Commission approved changes to the Rules supersede any rules or requirements in this tariff.

### Section 2.01 - Application for Sewer Service

All applications for service will be made on the utility's standard application or contract form (attached in the Appendix to this tariff), will be signed by the applicant, any required fees (deposits, reconnect, tap, extension fees, etc. as applicable) will be paid and easements, if required, will be granted before service is provided by the utility. A separate application or contract will be made for each service location.

### Section 2.02 - Refusal of Service

The utility may decline to serve an applicant until the applicant has complied with the regulations of the regulatory agencies (state and municipal regulations) and for the reasons outlined in the PUC Rules. In the event that the utility refuses to serve an applicant, the utility will inform the applicant in writing of the basis of its refusal. The utility is also required to inform the applicant that a complaint may be filed with the Commission.

### Section 2.03 - Fees and Charges & Easements Required Before Service Can Be Connected

#### (A) Customer Deposits

If a residential applicant cannot establish credit to the satisfaction of the utility, the applicant may be required to pay a deposit as provided for in Section 1.02 - Miscellaneous Fees of this tariff. The utility will keep records of the deposit and credit interest in accordance with PUC Rules.

Residential applicants 65 years of age or older may not be required to pay deposits unless the applicant has an outstanding account balance with the utility or another water or sewer utility which accrued within the last two years.

Nonresidential applicants who cannot establish credit to the satisfaction of the utility may be required to make a deposit that does not exceed an amount equivalent to one-sixth of the estimated annual billings.

Refund of deposit. If service is not connected, or after disconnection of service, the utility will promptly refund the customer's deposit plus accrued interest or the balance, if any, in excess of the unpaid bills for service furnished. The utility may refund the deposit at any time prior to termination of utility service but must refund the deposit plus interest for any residential customer who has paid 18 consecutive billings without being delinquent.

## SECTION 2.0 – SERVICE RULES AND POLICIES (Continued)

### (B) Tap or Reconnect Fees

A new customer requesting service at a location where service has not previously been provided must pay a tap fee as provided in Section 1. A customer requesting service where service has previously been provided must pay a reconnect fee as provided in Section 1. Any applicant or existing customer required to pay for any costs not specifically set forth in the rate schedule pages of this tariff shall be given a written explanation of such costs prior to request for payment and/or commencement of construction.

If the applicant or existing customer does not believe that these costs are reasonable or necessary, the applicant or existing customer shall be informed of their right to appeal such costs to the PUC or such other regulatory authority having jurisdiction over the utility's rates in that portion of the utility's service area in which the applicant's or existing customer's property(ies) is located.

Fees in addition to the regular tap fee may be charged if listed specifically in Section 1 to cover unique costs not normally incurred as permitted by 16 TAC § 24.163(b)(1)(C). For example, a road bore for customers outside a subdivision or residential area could be considered a unique cost.

### (C) Easement Requirement

Where recorded public utility easements on the service applicant's property do not exist or public road right-of-way easements are not available to access the applicant's property, the Utility may require the applicant to provide it with a permanent recorded public utility easement on and across the applicant's real property sufficient to provide service to that applicant. Such easement(s) shall not be used for the construction of production, storage, transmission or pressure facilities unless they are needed for adequate service to that applicant.

### Section 2.04 - Utility Response to Applications for Service

After the applicant has met all the requirements, conditions and regulations for service, the utility will install tap, meter and utility cut-off valve and/or take all necessary actions to initiate service. The utility will serve each qualified applicant for service within 5 working days unless line extensions or new facilities are required. If construction is required to fill the order and if it cannot be completed within 30 days, the utility will provide the applicant with a written explanation of the construction required and an expected date of service.

Except for good cause where service has previously been provided, service will be reconnected within one working day after the applicant has met the requirements for reconnection.

### Section 2.05 - Customer Responsibility

The customer will be responsible for furnishing and laying the necessary customer service pipe from the meter location to the place of consumption. Customers will not be allowed to use the utility's cutoff valve on the utility's side of the meter. Existing customers may install cutoff valves on their side of the meter and are encouraged to do so. All new customers may be required to install and maintain a cutoff valve on their side of the meter.

## SECTION 2.0 – SERVICE RULES AND POLICIES (Continued)

### Section 2.06 - Customer Service Inspections

Applicants for new service connections or facilities which have undergone extensive plumbing modifications are required to furnish the utility a completed customer service inspection certificate. The inspection certificate shall certify that the establishment is in compliance with the Texas Commission on Environmental Quality (TCEQ) Rules and Regulations for Public Water Systems, 30 TAC § 290.46(j). The Utility is not required to perform these inspections for the applicant/customer but will assist the applicant/customer in locating and obtaining the services of a certified inspector.

### Section 2.07 - Access to Customer's Premises

The utility will have the right of access to the customer's premises at all reasonable times for the purpose of installing, testing, inspecting or repairing sewer mains or other equipment used in connection with its provision of sewer service, or for the purpose of removing its property and disconnecting lines, and for all other purposes necessary to the operation of the utility system including inspecting the customer's plumbing for code, plumbing or tariff violations.

The customer shall allow the utility and its personnel access to the customer's property to conduct any sewer quality tests or inspections required by law. Unless necessary to respond to equipment failure, leak or other condition creating an immediate threat to public health and safety or the continued provision of adequate utility service to others, such entry upon the customer's property shall be during normal business hours and the utility personnel will attempt to notify the customer that they will be working on the customer's property. The customer may require any utility representative, employee, contractor, or agent seeking to make such entry identify themselves, their affiliation with the utility, and the purpose of their entry.

All customers or service applicants shall provide access to utility cutoff valves at all times reasonably necessary to conduct ordinary utility business and after normal business hours as needed to protect and preserve the integrity of the public drinking water supply.

### Section 2.08 - Billing

#### (A) Regular Billing

Bills from the utility will be mailed monthly unless otherwise authorized by the Commission. The due date of bills for utility service will be at least sixteen (16) days from the date of issuance.

The postmark on the bill or, if there is no postmark on the bill, the recorded date of mailing by the utility will constitute proof of the date of issuance. Payment for utility service is delinquent if full payment, including late fees and the regulatory assessment, is not received at the utility or the utility's authorized payment agency by 5:00 p.m. on the due date. If the due date falls on a holiday or weekend, the due date for payment purposes will be the next workday after the due date.

#### (B) Late Fees

A late penalty of either \$5.00 or 10.0% will be charged on bills received after the due date. The penalty on delinquent bills will not be applied to any balance to which the penalty was applied in a previous billing. The utility must maintain a record of the date of mailing to charge the late penalty.

SECTION 2.0 -- SERVICE RULES AND POLICIES (Continued)

(C) Information on Bill

Each bill will provide all information required by the PUC Rules. For each of the systems it operates, the utility will maintain and note on the monthly bill a local or toll-free telephone number (or numbers) to which customers can direct questions about their utility service.

(D) Prorated Bills

If service is interrupted or seriously impaired for 24 consecutive hours or more, the utility will prorate the monthly base bill in proportion to the time service was not available to reflect this loss of service.

Section 2.09- Payments

All payments for utility service shall be delivered or mailed to the utility's business office. If the business office fails to receive payment prior to the time of noticed disconnection for non-payment of a delinquent account, service will be terminated as scheduled. Utility service crews shall not be allowed to collect payments on customer accounts in the field.

Payment of an account by any means that has been dishonored and returned by the payor or payee's bank, shall be deemed to be delinquent. All returned payments must be redeemed with cash or valid money order. If a customer has two returned payments within a twelve-month period, the customer shall be required to pay a deposit if one has not already been paid.

Section 2.10 - Service Disconnection

(A) With Notice

Utility service may be disconnected if the bill has not been paid in full by the date listed on the termination notice. The termination date must be at least 10 days after the notice is mailed or hand delivered.

The utility is encouraged to offer a deferred payment plan to a customer who cannot pay an outstanding bill in full and is willing to pay the balance in reasonable installments. However, a customer's utility service may be disconnected if a bill has not been paid or a deferred payment agreement entered within 26 days from the date of issuance of a bill and if proper notice of termination has been given.

Notice of termination must be a separate mailing or hand delivery in accordance with the PUC Rules.

B) Without Notice

Utility service may also be disconnected without notice for reasons as described in the PUC Rules.

Section 2.11 - Reconnection of Service

Utility personnel must be available during normal business hours to accept payments on the day service is disconnected and the following day unless service was disconnected at the customer's request or due to a hazardous condition.

## SECTION 2.0 -- SERVICE RULES AND POLICIES (Continued)

Service will be reconnected within 36 hours after the past due bill, reconnect fees and any other outstanding charges are paid or the conditions which caused service to be disconnected are corrected.

### Section 2.12 - Service Interruptions

The utility will make all reasonable efforts to prevent interruptions of service. If interruptions occur, the utility will re-establish service within the shortest possible time. Except for momentary interruptions due to automatic equipment operations, the utility will keep a complete record of all interruptions, both emergency and scheduled and will notify the Commission in writing of any service interruptions affecting the entire system or any major division of the system lasting more than four hours. The notice will explain the cause of the interruptions.

### Section 2.13 - Quality of Service

The utility will plan, furnish, and maintain production, treatment, storage, transmission, and collection facilities of sufficient size and capacity to provide a continuous and adequate service for all reasonable consumer uses and to treat sewage and discharge effluent of the quality required by its discharge permit issued by the TCEQ. Unless otherwise authorized by PUC and TCEQ, the utility will maintain facilities as described in the TCEQ Rules and Regulations for Public Water Systems.

### Section 2.14 - Customer Complaints and Disputes

If a customer or applicant for service lodges a complaint, the utility will promptly make a suitable investigation and advise the complainant of the results. Service will not be disconnected pending completion of the investigation. If the complainant is dissatisfied with the utility's response, the utility must advise the complainant that he has recourse through the PUC complaint process. Pending resolution of a complaint, the commission may require continuation or restoration of service.

The utility will maintain a record of all complaints which shows the name and address of the complainant, the date and nature of the complaint and the adjustment or disposition thereof, for a period of two years after the final settlement of the complaint.

In the event of a dispute between a customer and a utility regarding any bill for utility service, the utility will conduct an investigation and report the results to the customer. If the dispute is not resolved, the utility will inform the customer that a complaint may be filed with the Commission.

### Section 2.15 - Customer Liability

Customer shall be liable for any damage or injury to utility-owned property shown to be caused by the customer.

## SECTION 3.0 -- EXTENSION POLICY

### Section 3.01 - Standard Extension Requirements

Line Extension and Construction Charges. No Contribution in Aid of Construction may be required of any customer except as provided for in this approved tariff.

The Utility is not required to extend service to any applicant outside of its certified service area and will only do so under terms and conditions mutually agreeable to the Utility and the applicant, in compliance with PUC rules and policies, and upon extension of the Utility's certified service area boundaries by the PUC.

The applicant for service will be given an itemized statement of the costs, options such as rebates to the customer, sharing of construction costs between the utility and the customer, or sharing of costs between the customer and other applicants prior to beginning construction.

### Section 3.02 - Costs Utilities and Service Applicants Shall Bear

Within its certified area, the utility will pay the cost of the first 200 feet of any sewer main or distribution line necessary to extend service to an individual residential customer within a platted subdivision.

However, if the residential customer requesting service purchased the property after the developer was notified in writing of the need to provide facilities to the utility, the utility may charge for the first 200 feet. The utility must also be able to document that the developer of the subdivision refused to provide facilities compatible with the utility's facilities in accordance with the utility's approved extension policy after receiving a written request from the utility.

Residential customers will be charged the equivalent of the costs of extending service to their property from the nearest transmission or distribution line even if that line does not have adequate capacity to serve the customer. However, if the customer places unique, non-standard service demands upon the system, the customer may be charged the additional cost of extending service to and throughout their property, including the cost of all necessary transmission and storage facilities necessary to meet the service demands anticipated to be created by that property.

Unless an exception is granted by the PUC, the residential service applicant shall not be required to pay for costs of main extensions greater than 2" in diameter for water distribution and pressure wastewater collection lines and 6" in diameter for gravity wastewater lines.

Exceptions may be granted by the PUC if:

- adequate service cannot be provided to the applicant using the maximum line sizes listed due to distance or elevation, in which case, it shall be the utility's burden to justify that a larger diameter pipe is required for adequate service;
- or larger minimum line sizes are required under subdivision platting requirements or building codes of municipalities within whose corporate limits or extraterritorial jurisdiction the point of use is located; or the residential service applicant is located outside the CCN service area.

### SECTION 3.0 -- EXTENSION POLICY (Continued)

If an exception is granted, by the PUC, the utility shall establish a proportional cost plan for the specific extension or a rebate plan which may be limited to seven years to return the portion of the applicant's costs for oversizing as new customers are added to ensure that future applicants for service on the line pay at least as much as the initial service applicant.

For purposes of determining the costs that service applicants shall pay, commercial customers with service demands greater than residential customer demands in the certified area, industrial, and wholesale customers shall be treated as developers. A service applicant requesting a one inch meter for a lawn sprinkler system to service a residential lot is not considered nonstandard service.

If an applicant requires service other than the standard service provided by the utility, such applicant will be required to pay all expenses incurred by the utility in excess of the expenses that would be incurred in providing the standard service and connection beyond 200 feet and throughout his property including the cost of all necessary transmission facilities.

The utility will bear the full cost of any over-sizing of sewer mains necessary to serve other customers in the immediate area. The individual residential customer shall not be charged for any additional production, storage, or treatment facilities. Contributions in aid of construction may not be required of individual residential customers for production, storage, treatment or transmission facilities unless otherwise approved by the Commission under this specific extension policy.

#### Section 3.03 - Contributions in Aid of Construction

Developers may be required to provide contributions in aid of construction in amounts sufficient to furnish the development with all facilities necessary to provide for reasonable local demand requirements and to comply with TCEQ minimum design criteria for facilities used in the production, collection, transmission, pumping, or treatment of sewage or the TCEQ minimum requirements. For purposes of this subsection, a developer is one who subdivides or requests more than two meters on a piece of property. Commercial, industrial, and wholesale customers will be treated as developers.

Any applicant who places unique or non-standard service demands on the system may be required to provide contributions in aid of construction for the actual costs of any additional facilities required to maintain compliance with the TCEQ minimum design criteria for sewer treatment.

Any service extension to a subdivision (recorded or unrecorded) may be subject to the provisions and restrictions of 16 TAC § 24.163(d). When a developer wishes to extend the system to prepare to service multiple new connections, the charge shall be the cost of such extension, plus a pro-rata charge for facilities which must be committed to such extension compliant with the TCEQ minimum design criteria. As provided by 16 TAC § 24.163(d)(4), for purposes of this section, commercial, industrial, and wholesale customers shall be treated as developers.

### SECTION 3.0 -- EXTENSION POLICY (Continued)

A utility may only charge a developer standby fees for unrecovered costs of facilities committed to a developer's property under the following circumstances:

- Under a contract and only in accordance with the terms of the contract; or
- if service is not being provided to a lot or lots within two years after installation of facilities necessary to provide service to the lots has been completed and if the standby fees are included on the utilities approved tariff after a rate change application has been filed. The fees cannot be billed to the developer or collected until the standby fees have been approved by the commission or executive director.
- for purposes of this section, a manufactured housing rental community can only be charged standby fees under a contract or if the utility installs the facilities necessary to provide individually metered service to each of the rental lots or spaces in the community.

#### Section 3.04 - Appealing Connection Costs

The imposition of additional extension costs or charges as provided by Sections 3.0 - Extension Policy of this tariff shall be subject to appeal as provided in this tariff, PUC rules, or the rules of such other regulatory authority as may have jurisdiction over the utility's rates and services.

Any applicant required to pay for any costs not specifically set forth in the rate schedule pages of this tariff shall be given a written explanation of such costs prior to payment and/or commencement of construction. If the applicant does not believe that these costs are reasonable or necessary, the applicant shall be informed of the right to appeal such costs to the PUC or such other regulatory authority having jurisdiction over the utility's rates in that portion of the utility's service area in which the applicant's property(ies) is located.

#### Section 3.05 - Applying for Service

The Utility will provide a written service application form to the applicant for each request for service received by the Utility's business offices. A separate application shall be required for each potential service location if more than one service connection is desired by any individual applicant. Service application forms will be available at the Utility's business office during normal weekday business hours. Service applications will be sent by prepaid first-class United States mail to the address provided by the applicant upon request. Completed applications should be returned by hand delivery in case there are questions which might delay fulfilling the service request. Completed service applications may be submitted by mail if hand delivery is not possible.

Where a new tap or service connection is required, the service applicant shall be required to submit a written service application and request that a tap be made. A diagram, map, plat, or written metes and bounds description of precisely where the applicant desires each tap or service connection is to be made and, if necessary, where the meter is to be installed, along the applicant's property line may also be required with the tap request.

### SECTION 3.0 -- EXTENSION POLICY (Continued)

The actual point of connection and meter installation must be readily accessible to Utility personnel for inspection, servicing, and meter reading while being reasonably secure from damage by vehicles and mowers. If the Utility has more than one main adjacent to the service applicant's property, the tap or service connection will be made to the Utility's nearest service main with adequate capacity to service the applicant's full potential service demand. Beyond the initial 200 feet, the customer shall bear only the equivalent cost of extending from the nearest main. If the tap or service connection cannot be made at the applicant's desired location, it will be made at another location mutually acceptable to the applicant and the Utility. If no agreement on location can be made, the applicant may refer the matter to the PUC for resolution.

#### Section 3.06 - Qualified Service Applicant

A "qualified service applicant" is an applicant who has: (1) met all of the Utility's requirements for service contained in this tariff, PUC rules and/or PUC order, (2) has made payment or made arrangement for payment of tap fees, (3) has provided all easements and rights-of-way required to provide service to the requested location, (4) delivered an executed customer service inspection certificate to the Utility, if applicable, and (5) has executed a customer service application for each location to which service is being requested.

The utility shall serve each qualified service applicant within its certified service area as soon as practical after receiving a completed service application. All service requests will be fulfilled within the time limits prescribed by PUC rules once the applicant has met all conditions precedent to achieving "qualified service applicant" status. If a service request cannot be fulfilled within the required period, the applicant shall be notified in writing of the delay, its cause and the anticipated date that service will be available. The PUC service dates shall not become applicable until the service applicant has met all conditions precedent to becoming a qualified service applicant as defined by PUC rules.

#### Section 3.07 - Developer Requirements

As a condition of service to a new subdivision, the Utility shall require a developer (as defined by PUC rule) to provide permanent recorded public utility easements as a condition of service to any location within the developer's property.

APPENDIX A -- APPLICATION FOR SERVICE  
(Utility Must Attach Blank Copy)

# **Public Utility Commission of Texas**

**By These Presents Be It Known To All That**

## **CSWR-Texas Utility Operating Company, LLC**

having obtained certification to provide water utility service for the convenience and necessity of the public, and it having been determined by this Commission that the public convenience and necessity would in fact be advanced by the provision of such service, CSWR-Texas Utility Operating Company, LLC is entitled to this

### **Certificate of Convenience and Necessity No. 13290**

to provide continuous and adequate water utility service to that service area or those service areas in Angelina, Aransas, Austin, Burleson, Burnet, Calhoun, Camp, Denton, Ellis, Erath, Guadalupe, Harris, Hays, Hidalgo, Hood, Jackson, Kerr, Llano, Lubbock, McCulloch, Montague, Montgomery, Navarro, Orange, Parker, Polk, Victoria, Wilson, and Wood counties as by final Order or Orders duly entered by this Commission, which Order or Orders resulting from Docket No. 53483 are on file at the Commission offices in Austin, Texas; and are matters of official record available for public inspection; and be it known further that these presents do evidence the authority and the duty of the CSWR-Texas Utility Operating Company, LLC to provide such utility service in accordance with the laws of this State and Rules of this Commission, subject only to any power and responsibility of this Commission to revoke or amend this Certificate in whole or in part upon a subsequent showing that the public convenience and necessity would be better served thereby.

<b>APPLICATION OF CSWR-TEXAS</b>	<b>§</b>	
<b>UTILITY OPERATING COMPANY, LLC</b>	<b>§</b>	<b>PUBLIC UTILITY COMMISSION</b>
<b>AND NORTH ORANGE WATER &amp;</b>	<b>§</b>	
<b>SEWER, LLC FOR SALE, TRANSFER,</b>	<b>§</b>	<b>OF TEXAS</b>
<b>OR MERGER OF FACILITIES AND</b>	<b>§</b>	
<b>CERTIFICATE RIGHTS IN ORANGE</b>	<b>§</b>	
<b>COUNTY</b>	<b>§</b>	

**JOINT PROPOSED NOTICE OF APPROVAL**

This Notice of Approval addresses the application of North Orange Water & Sewer, LLC dba Longford Place Water and Sewer dba Country Squire Water and Sewer (North Orange) and CSWR-Texas Utility Operating Company, LLC (CSWR-Texas) (collectively, Applicants) for the sale, transfer, or merger of facilities and certificate rights in Orange County. The Commission approves the sale and transfer of all water facilities held under North Orange’s water Certificate of Convenience and Necessity (CCN) Nos. 11511 and water CCN No. 11642 and sewer CCN Nos. 20564 and 20548 to CSWR-Texas, the cancellation of North Orange’s water CCN No. 11511 and 11642 and sewer CCN Nos. 20564 and 20548, and the amendment of CSWR-Texas’s water CCN No. 13290 and sewer CCN No. 21120 to include the area previously included in North Orange’s water CCN Nos. 11511 and 11642 and sewer CCN Nos. 20564 and 20548.

**I. Findings of Fact**

The Commission makes the following findings of fact.

**Applicants**

1. North Orange is a Texas limited liability company registered with the Texas secretary of state under file number 704601622.
2. North Orange operates, maintains, and controls facilities for providing water and sewer service to customers in Orange County under water CCN Nos. 11511 and 11642 and sewer CCN Nos. 20564 and 20548.
3. North Orange owns and operates two public water systems registered with the Texas Commission on Environmental Quality (TCEQ) as Longford Place Water System, public water system (PWS) number 1810015, and Country Squire Water & Sewer, PWS number 1810060.

4. North Orange owns and operates two wastewater treatment plants registered with the TCEQ as Longford Place Wastewater Treatment Plant, under Texas Pollutant Discharge Elimination System (TPDES) permit number WQ0011155001, and Country Squire Wastewater Treatment Plant, under TPDES permit number WQ0011589001.
5. CSWR-Texas is a Texas limited liability company registered with the Texas secretary of state under file number 0803367893.
6. CSWR-Texas is an investor-owned utility that operates, maintains, and controls facilities for providing water service in Angelina, Aransas, Austin, Burleson, Burnet, Calhoun, Camp, Denton, Ellis, Erath, Guadalupe, Harris, Hays, Hidalgo, Hood, Kerr, Llano, Lubbock, McCulloch, Montague, Montgomery, Navarro, Parker, Polk, Victoria, Wilson, and Wood counties under CCN No. 13290.
7. CSWR-Texas operates, maintains, and controls facilities for providing sewer service in Aransas, Bexar, Calhoun, Hidalgo, Hood, Jackson, Navarro, Orange, Parker, and Polk counties under CCN No. 21120.

#### **Application**

8. On April 12, 2022, the Applicants filed the application at issue in this proceeding.
9. CSWR-Texas supplemented the application on April 27, May 9, June 14 and June 20, 2022.
10. In the application, the applicants seek approval of the following transaction: (a) CSWR-Texas will acquire all of North Orange's water and sewer facilities and service areas under CCN Nos. 11511, 11642, 20564, and 20548; (b) North Orange's CCN Nos. 11511, 11642, 20564, and 20548 will be cancelled; and (c) CSWR-Texas's water CCN No. 13290 and sewer CCN No. 21120 will be amended to include the areas previously included in North Orange's CCN Nos. 11511, 11642, 20564, and 20548.
11. The requested areas are comprised of 299 acres and 346 customer connections.
12. The Country Squire Subdivision requested area is located approximately six miles north of downtown Orange and is generally bounded on the north by a line approximately 167 feet north of and parallel to Buckingham Drive; on the east by Sabine River & Northern Railroad; on the south by the intersection of State Highway 87 and Little Cypress Road; and on the west by Little Cypress Bayou.
13. The Longford Place Subdivision requested area is located approximately 4.8 miles north of downtown Orange and is generally bounded on the north by approximately 167 feet

north of Finwick Road; on the east by Sweetgum Road; on the south by Dawnwood Drive; and on the west by State Highway 87.

14. In Order No. 2 filed on May 19, 2022, the ALJ found the application, as supplemented, administratively complete.

### Notice

15. On June 13, 2022, CSWR-Texas filed the affidavit of Russell Mitten, general counsel for CSWR-Texas, attesting that notice was provided to all current customers of North Orange, neighboring utilities, and affected parties on May 31, 2022.
16. In Order No. 3 filed on June 24, 2022, the ALJ deemed the notice sufficient.
17. On July 19, 2022, CSWR-Texas filed the supplemental affidavit of Aaron Silas, Regulatory Case Manager of CSWR-Texas, attesting that additional notice was provided to all current customers of North Orange, neighboring utilities, and affected parties on July 7, 2022.
18. On July 19, 2022, CSWR-Texas filed the publisher's affidavit attesting to the publication of notice in the *Orange Leader*, a newspaper of general circulation in Orange County, on July 9 and 16, 2022.

### Evidentiary Record

19. On September 16, 2022, the parties filed a joint motion to admit evidence.
20. In Order No. 4 filed on September 23, 2022, the ALJ admitted the following evidence into the record: (a) the application and all attachments filed on April 12, 2022; (b) CSWR-Texas' supplements to the application, including all attachments, filed on April 27, May 9, and June 14 and 20, 2022; (c) Commission Staff's recommendation on administrative completeness, notice, and proposed procedural schedule filed on May 12, 2022; (d) CSWR-Texas' proof of notice and affidavit of notice to current customers, neighboring utilities, and affected parties, including attachment, filed on June 13, 2022; (e) Commission Staff's recommendation on sufficiency of notice filed on June 22, 2022; (f) CSWR-Texas' supplemental proof of notice and attachment filed on July 19, 2022; and (g) Commission Staff's recommendation on the transaction and confidential attachment filed on August 30, 2022.
21. On \_\_\_\_\_, the parties filed a joint supplemental motion to admit evidence.
22. In Order No. \_\_\_ filed on \_\_\_\_\_, 2023, the ALJ admitted the following additional evidence into the record: (a) the applicants' bill of sale and assignment filed on November

17, 2022; (b) Commission Staff's recommendation on sufficiency of closing documents filed on December 2, 2022; (c) the applicants' consent forms filed on December 28, 2022; and (d) the maps, certificates, and tariffs attached to the joint supplemental motion to admit evidence and joint proposed notice of approval filed on January \_\_, 2023.

### Sale

23. In Order No. 5 filed on October 4, 2022, the ALJ approved the sale and transaction to proceed and required the applicants to file proof that the transaction had closed, and the customer deposits had been addressed.
24. On November 17, 2022, the applicants filed notice that the sale had closed on October 31, 2022, and confirmed that there were no outstanding customer deposits that needed to be addressed.
25. In Order No. 6 filed on December 6, 2022, the ALJ found the closing documents sufficient.

### Cumulative Recommendation

26. In Order No. 1 filed on April, 14, 2022, the ALJ directed Commission Staff to cumulatively consider all CSWR-Texas related dockets involving the sale, transfer, or merger of public water systems. When formulating its recommendation, the ALJ specifically required Commission Staff to consider whether CSWR-Texas had adequate, financial, managerial, and technical capability for providing continuous and adequate service to the systems being transferred as a whole rather than on an individual basis.
27. On August 30, 2022, Commission Staff filed its recommendation on the transaction in this docket recommending that CSWR-Texas has the financial, managerial, and technical capability to provide continuous and adequate service to all areas included in this docket

and in Docket Nos. 50251,<sup>1</sup> 50276,<sup>2</sup> 50311,<sup>3</sup> 50989,<sup>4</sup> 51003, <sup>5</sup>51026,<sup>6</sup> 51031,<sup>7</sup> 51036,<sup>8</sup>

**Adequacy of Existing Service**

31. There are currently 346 customer connections in the 299-acre requested areas that are being served by North Orange through PWS numbers 1810015 and 1810060 and TPDES permit numbers WQ0011155001 and WQ0011589001 and such service has been adequate.
32. North Orange's PWS numbers 1810015 and 1810060 and TPDES permit numbers WQ0011155001 and WQ0011589001 all have violations in the TCEQ database.
33. CSWR-Texas intends to invest the capital required to make the upgrades, renovations, and repairs necessary to bring the water system into compliance with TCEQ regulations and to ensure customers receive safe and reliable service within a reasonable time upon consummation of the transaction.
34. CSWR-Texas has agreed to work with the TCEQ to address any outstanding compliance issues upon consummation of the transaction. Upon resolution of these issues, all existing waste and wastewater service will be considered adequate.
35. The Commission's complaint records, which date back to 2017, show six complaints against North Orange. All the complaints have been closed by the Commission's Customer Protection Division.
36. There is no evidence in the record that North Orange has failed to comply with any Commission or TCEQ order.

**Need for Additional Service**

37. There is a continuing need for service because North Orange currently serves 346 connections in the requested area.
38. This is an application to transfer only existing facilities, customers, and service area. There have been no specific requests for additional service within the requested areas.

**Effect of Approving the Transaction and Granting the Amendment**

39. Approving the sale and transfer to proceed and granting the CCN amendment will obligate CSWR-Texas to provide continuous and adequate water service to current and future customers in the requested areas.
40. Because this application is to transfer only existing facilities, customers, and service areas, there will be no effect on any other retail public utility servicing the proximate area.
41. There will be no effect on landowners because the requested areas are currently certificated.

**Ability to Serve: Managerial and Technical**

42. CSWR-Texas owns and operates several public water systems and wastewater systems registered with the TCEQ.
43. The Commission's complaint records, which date back to 2017, show 12 complaints against CSWR-Texas.
44. CSWR-Texas employs or contracts with TCEQ-licensed operators who will operate the public water system.
45. No additional construction is necessary for CSWR-Texas to provide service to the requested areas.
46. CSWR-Texas has access to an adequate supply of water and is capable of providing drinking water that meets the requirements of chapter 341 of the Texas Health and Safety Code, chapter 13 of the Texas Water Code (TWC), and the TCEQ's rules.
47. CSWR-Texas has the technical and managerial capability to provide adequate and continuous service to the requested areas.

**Ability to Serve: Financial Ability and Stability**

48. CSWR, LLC, the immediate parent company of CSWR-Texas, is capable, available, and willing to cover temporary cash shortages, and has a debt-to-equity ratio of less than one, satisfying the leverage test.
49. CSWR, LLC provided a written guarantee of coverage of temporary cash shortages and demonstrated that it has sufficient cash available to cover any projected operations and maintenance shortages in the first five years of operations after completion of the transaction and possesses the cash and leverage ability to pay for capital improvements and necessary equity investments—satisfying the operations test.
50. CSWR-Texas demonstrated the financial capability and stability to provide continuous and adequate service to the requested areas.

**Financial Assurance**

51. There is no need to require CSWR-Texas to provide a bond or other financial assurance to ensure continuous and adequate service.

**Voluntary Valuation of Acquired Utility or Facilities**

52. Prior to filing the application, CSWR-Texas and North Orange filed a notice to the Commission in Project No. 49859 of their intent to use the Commission's fair market value (FMV) process to determine the ratemaking rate base of North Orange's water and sewer system assets to be acquired by CSWR-Texas.
53. CSWR-Texas included copies of the three appraisal reports required by the FMV process with the application and evidence of the purchase price agreed upon between CSWR-Texas and North Orange.
54. The agreed upon purchase price for the transaction is identified in confidential attachment JO-1 to Commission Staff's Recommendation on the Transaction.
55. The average of the three appraisals yield a purchase price of less than the FMV of North Orange's water and sewer systems; therefore, the ratemaking rate base for North Orange's water and sewer systems is the agreed upon purchase price for the transaction identified in the confidential attachment JO-1 to Commission Staff's Recommendation on the Transaction.
56. The application included CSWR-Texas's known and estimated transaction and closing costs.
57. No additional conditions for the acquisition based on the FMV process are needed.

**Feasibility of Obtaining Service from Adjacent Retail Public Utility**

58. North Orange is currently serving customers and has sufficient capacity.
59. Obtaining service from an adjacent retail public utility would likely increase costs to customers because new facilities would need to be constructed. At a minimum, an interconnect would need to be installed in order to connect to a neighboring retail public utility.
60. It is not feasible to obtain service from an adjacent retail public utility.

**Environmental Integrity and Effect on the Land**

61. The requested areas will continue to be served with existing infrastructure.
62. There will be minimal effects on environmental integrity and on the land as a result of CSWR-Texas's planned upgrades, renovations, and repairs to the public water system.

**Improvement in Service or Lowering Cost to Consumer**

63. Water and wastewater service to the requested areas is expected to improve because CSWR-Texas intends to address and resolve regulatory compliance issues and improve the safety and reliability of service.
64. The rates charged to customers in the requested areas will not change as a result of the proposed transaction because CSWR-Texas will adopt the currently in effect tariff for the North Orange's water system upon consummation of the transaction.

**Regionalization or Consolidation**

65. The construction of a physically separate system is not necessary for CSWR-Texas to service the requested area. Therefore, concerns of regionalization or consolidation do not apply.

**Tariffs, Maps, and Certificates**

66. On December 19, 2022, Commission Staff emailed to the applicants the final proposed maps, certificates, and tariffs related to this docket.
67. On December 28, 2022, the applicants filed their consent forms concurring with the proposed final maps, certificates, and tariffs.
68. The final maps, certificates, and tariffs, were included as attachments to the joint supplemental motion to admit evidence, filed on January \_\_, 2023.

**Informal Disposition**

69. More than 15 days have passed since the completion of notice provided in this docket.
70. No person filed a protest or motion to intervene.
71. North Orange, CSWR-Texas, and Staff are the only parties to this proceeding.
72. No party requested a hearing, and no hearing is needed.
73. Staff recommended approval of the application.
74. The decision is not adverse to any party.

**II. Conclusions of Law**

The Commission makes the following conclusions of law:

1. The Commission has authority over this proceeding under TWC §§ 13.041, 13.241, 13.244, 13.246, 13.251, and 13.301.

2. North Orange and CSWR-Texas are retail public utilities as defined by TWC § 13.002(19) and 16 TAC § 24.3(31).
3. The Commission processed the application as required by the TWC, the Administrative Procedure Act,<sup>40</sup> and Commission Rules.
4. The application meets the requirements of TWC § 13.244 and 16 TAC § 24.233.
5. CSWR-Texas and North Orange, the applicants, provided notice of the application that complies with TWC §§ 13.246 and 13.301(a)(2) and 16 TAC § 24.235 and 24.239.
6. North Orange and CSWR-Texas have complied with the requirements of 16 TAC § 24.239(k) and (l) with respect to customer deposits.
7. North Orange and CSWR-Texas completed the sale within the time frame required by 16 TAC § 24.239(m).
8. After consideration of the factors in TWC § 13.246(c), CSWR-Texas demonstrated that it is capable of rendering continuous service to every customer in the requested area, as required by TWC § 13.251.
9. CSWR-Texas demonstrated adequate financial, managerial, and technical capability for providing adequate and continuous service to the requested area as required by TWC §§ 13.241(a) and 13.301(b).
10. It is not necessary for CSWR-Texas to provide bond or other financial assurance under TWC §§ 13.246(d) and 13.301(c).
11. CSWR-Texas and North Orange demonstrated that the sale of North Orange's water and sewer facilities and the transfer of the water and sewer service areas held under water CCN Nos. 11511 and 11642 and sewer CCN Nos. 30564 and 20548 from North Orange to CSWR-Texas under water and sewer CCN Nos. 13290 and 21120 will serve the public interest and is necessary for the service, accommodation, convenience, and safety of the public under TWC § 13.301(d),(e). The Commission's executive director selected three utility valuation experts to perform appraisal of North Orange in compliance with TWC § 13.305(c)(2) and 16 TAC § 24.238(e).
12. The application included copies of the three appraisal reports completed by the utility valuation experts as required by TWC § 13.305(h) and 16 TAC § 24.239(d)(1)(A).

---

<sup>40</sup> Tex. Gov't Code §§ 2001.001-.903.

13. The application included the purchase price agreed to by CSWR-Texas and North Orange as required by TWC § 13.305(h)(2) and 16 TAC § 24.239(d)(1)(B).
14. The calculation of the fair market valuation for North Orange complies with TWC § 13.305(f) and 16 TAC § 24.238(f)-(j).
15. The calculation of the ratemaking rate base for North Orange complies with TWC § 13.305(g) and 16 TAC § 24.238(b)(3) and (4).
16. The requirements for informal disposition under 16 TAC § 22.35 have been met in this proceeding.

### **III. Ordering Paragraphs**

In accordance with the preceding findings of fact and conclusions of law, the Commission enters the following orders.

1. The Commission approves the sale and transfer of all facilities held under North Orange's water CCN Nos. 11511 and 11642 and sewer CCN Nos. 20564 and 20548 to CSWR-Texas, as shown on the attached maps.
2. The Commission cancels North Orange's water CCN Nos. 11511 and 11642 and sewer CCN Nos. 20564 and 20548.
3. The Commission amends CSWR-Texas's water CCN No. 13290 and sewer CCN No. 21120 to include the area previously included in North Orange's water CCN Nos. 11511 and 11642 and sewer CCN Nos. 20564 and 20548, as shown on the attached maps.
4. The Commission approves the maps and tariffs attached to the Notice of Approval.
5. The Commission issues the certificate attached to this Notice of Approval.
6. The ratemaking rate base for what were North Orange's water and sewer systems is determined to be the agreed upon purchase price for the transaction as identified in highly sensitive attachment JO-1 to Commission Staff's recommendation.
7. CSWR-Texas must provide service to every customer or applicant for service within the approved area under water CCN Nos. 11511 and 11642 and sewer CCN Nos. 20564 and 20548 that requests service and meets the terms of CSWR-Texas's water service, and such service must be continuous and adequate.
8. CSWR-Texas meets the requirements of TWC § 13.241(b) to provide water and sewer utility service.

9. CSWR-Texas must comply with the recording requirements in TWC § 13.257(r) and (s) for the area in Orange County affected by the application and must submit to the Commission evidence of the recording no later than 45 days after receipt of the Notice of Approval.
10. Within ten days of the date of the Notice of Approval, Commission Staff must provide a clean copy of the tariffs approved by this Notice of Approval to central records to be marked Approved and filed in the Commission's tariff books.
11. The Commission denies all other motions and any other requests for general or specific relief, if not expressly granted.

**Signed at Austin, Texas the \_\_ day of January 2023.**

**PUBLIC UTILITY COMMISSION OF TEXAS**
