RE: Cause exception for early filing of Class D Rate Adjustment.

Ms. Eiland,

The reasons for requesting a rate adjustment early, is do the major increases on costs associated with the water system. The following expenses that have occurred as of January 1, 2022:

1. A new well motor had to be installed, costing over 18K
2. Chlorine prices have increased 14%
3. Contract labor costs have gone up over 15%
4. Cost of supplies related to repairs have gone up drastically as well

Thank you for your assistance and consideration.

Sincerely,

Suprina Espallargas
