DOCKET NO. 53569

PETITION OF BARKLEY MEADOWS,	§	PUBLIC UTILITY COMMISSION
LLC TO AMEND GARFIELD WATER	§	
SUPPLY CORPORATION’S WATER	§	OF TEXAS
CERTIFICATE OF CONVENIENCE	§	
AND NECESSITY IN TRAVIS	§	
COUNTY BY STREAMLINED	§	
EXPEDITED RELEASE	§	

**COMMISSION STAFF’S RECOMMENDATION ON ADMINISTRATIVE
COMPLETENESS AND NOTICE**

On May 6, 2022, Barkley Meadows LLC (Barkley Meadows) filed a petition for streamlined expedited release from Garfield Water Supply Company’s water Certificate of Convenience and Necessity (CCN) No. 11244 under Texas Water Code (TWC) § 13.2541 and 16 Texas Administrative Code (TAC) § 24.245(h). Barkley Meadows asserts that the land to be released is at least 25 contiguous acres, is not receiving water service, and is located in Travis County, which is a qualifying county.

On May 9, 2022, the administrative law judge (ALJ) filed Order No. 1, establishing a deadline of June 6, 2022 for the Staff (Staff) of the Public Utility Commission of Texas (Commission) to file comments regarding the administrative completeness of the petition and notice. Therefore, this pleading is timely filed.

I. ADMINISTRATIVE COMPLETENESS

Staff has reviewed the petition and, as detailed in the attached memorandum from Jolie Mathis, Infrastructure Division, recommends that the petition is administratively incomplete. Staff further recommends that Barkley Meadows be ordered to cure the deficiencies identified in Ms. Mathis’ memorandum by July 6, 2022 and that Staff be given a deadline of August 6, 2022 to file a supplemental recommendation on the administrative completeness of the petition. Staff respectfully requests adoption of these proposed deadlines as the noted deficiencies are related to mapping information and Staff’s mapping experts may be required to assist Barkley Meadows regarding the supplemental mapping information needed to cure the mapping deficiencies and will require at least thirty days to review same.

II. PROCEDURAL SCHEDULE

In accordance with Staff's deficiency recommendation, Staff does not propose a procedural schedule for further processing of the docket at this time. Staff intends to propose a procedural schedule alongside a subsequent recommendation that the petition be found administratively complete.

III. CONCLUSION

For the reasons detailed above, Staff recommends that the petition be found administratively incomplete and that Barkley Meadows be ordered to file supplemental information to cure the deficiencies in the petition by July 6, 2022. Staff respectfully requests the entry of an order consistent with these recommendations.

Dated: June 6, 2022

Respectfully submitted,

PUBLIC UTILITY COMMISSION OF TEXAS LEGAL DIVISION

Infrastructure Division

DATE: June 6, 2022

RE: Docket No. 53569 – *Petition of Barkley Meadows, LLC to Amend Garfield Water Supply Corporation's Certificate of Convenience and Necessity in Travis County by Streamlined Expedited Release*

On May 6, 2022, Barkley Meadows, LLC (Barkley Meadows) filed a petition for streamlined expedited release from Garfield Water Supply Corporation's (Garfield WSC) water Certificate of Convenience and Necessity (CCN) No. 11244 in Travis County, under Texas Water Code (TWC) § 13.2541(b) and 16 Texas Administrative Code (TAC) § 24.245(h). Barkley Meadows asserts that the land is at least 25 contiguous acres, is not receiving water service, and is located in Travis County, which is a qualifying county.

Based on the mapping review by Tracy Montes, Infrastructure Division, and my technical and managerial review of the information provided by Barkley Meadows, I recommend the petition be deemed insufficient for filing and found administratively incomplete.

Mapping Content:

Based on the mapping review by Tracy Montes, Infrastructure Division, the maps and digital mapping data submitted with Item 1 on May 6, 2022 are deficient.

Petitioner must submit the following items to resolve the mapping deficiencies:

- A general location map identifying only the tract of land, in reference to the nearest county boundary, city, or town.
- A detailed map identifying only the tract of land, in reference to verifiable man-made and natural landmarks, such as roads, rivers, and railroads.
- Digital mapping data for the tract of land, as a single polygon record, in shapefile (SHP) format, georeferenced in either NAD83 Texas Statewide Mapping System (Meters) or NAD83 Texas State Plane Coordinate System (US Feet).

Staff recommends the Petitioner obtain additional mapping guidance from the PUC's

mapping staff, Tracy Montes by email at tracy.montes@puc.texas.gov to resolve the mapping deficiencies.

Staff will need at least 30 days to review the documentation, maps, and digital data provided by Barkley Meadows and draft a recommendation.
